Are Automobile Dealers

HERE'S ONE DEALER'S ANSWER:

We're Going to

How?

By doing the very best job we possibly can to keep the cars in this community running like they should run.

Certainly, we have new cars and trucks tied up by the 'freeze' order, but these units may help us to win the war, and we are glad to cooperate with the Government by keeping them until the war program calls for them.

We Want to Win the War

We have five mechanics and two other specialists who have made up their minds to do such good work on our customer's cars that you will want to throw us all the work your car needs. We will be here each day, and we will appreciate your business, no matter what make of car you drive.

FARMERS . . . KEEP 'EM GOING! Your car must help win the war. Bring in your tractors, and we will put them in A-1 working order.

NO; WE'RE NOT GOING TO QUIT! We need you, and we believe you motorists need our institution and the men it employs, and whose earnings help make Plymouth the best place on earth to call "Home."
