Barbecue Supper and Motion Picture at School Friday Night

Creswell—Adults and high school students of the lower part of Washington County, especially those of the Creswell community are invited to attend a free barbecue supper and motion picture, the latter dealing with the aircraft warning service, at the Creswell school building Friday night, January 22, at 7 o'clock. The supper is being given by Earl Davenport, chief observer at the local aircraft warning post, while the picture and a brief talk will be made by Lieut. R. E. Manchey, of the Norfolk Interceptor Command. It is stated that it will not be a violation of OPA regulations to use cars to attend this meeting.

The Creswell observation post is creating much interest in the community. Mr. Davenport is due much credit for building the post and taking the lead in securing a list of volunteers to keep it manned on a 24-hour basis. The post itself is made comfortable with heat, light, table, chairs and telephone, and additional volunteers are needed to keep the work from becoming a burden on a few people.
