The Great Physician

By PRESTON E. CAYTON Pastor, Saints Delight Christian Church

When Jesus and his disciples landed at Capernaum, they found a crowd of people waiting for them. A man came forward from the throng and fell at his feet. He was a chief in the synagogue; his name was Jairus. He said, "Master, come to my house my child is dying." He had faith in Jesus, that He could raise her to life. On his way to Jairus house a great throng of people followed Him. In the throng was a poor woman who for years had been very sick. The doctors had tried to help her but failed. She had spent all her money, and she was very poor. It seems that the doctors of her day turned her down when she had spent all her money. Some years ago, a man was at death's door, knowing that his time on earth was short. He sent for his doctor and his banker, when they came in, he told one to sit on one side of the bed, the other on the other side of the bed, for he wished to die like his Lord. This woman came behind Jesus and touched His garment. At that instant she was well again. Jesus feeling the touch, turning and said, "Who touched me?" Peter said, "Master, the crowd throngs Thee. How can you ask, 'who touched me?'" Jesus said, "some one has touched Me; for I feel virtue gone out of my body." The woman came to Jesus fearing and trembling, but Jesus sent her away filled with joy. The doctors of this world had failed her, but the great physician had made her well again. Poor, with nothing of this world's goods, but a man called Jesus set her free again. Soon Jesus came to Jairus house. He raised the child to life. Jesus is the great Physician. No matter how poor, or how rich, Jesus is ready in the time of need. Just when we need Him most, Jesus is near. He's a friend in need. Most people are our friends when the sailing is smooth. But Jesus is a friend to man always. Greater love hath no man, than this, that a man lay down his life for his friend. Jesus did just that. Don't forget to go some where to church Sunday. The church needs you, and you need the church. God has given you six days, why not give Him one? It belong to Him.

THE OLD JUDGE SAYS...

"Your tires are in good shape, Judge... ought to last you at least another 5,000 miles." "I've been very careful of them, Jim, since I learned how much the government needs rubber. Only drive when I have to... keep her under 35 an hour and have the tires switched around every 1,000 miles." "Me, too, Judge. Pretty tough spot we were put in gettin' our supply of rubber cut off just when we needed it most. But, we'll be gettin' plenty of synthetic rubber real

soon. Say, is it true, Judge, that the beverage distilling industry has a part in producing it?" "Yes, a very important part, Jim. That industry's facilities for producing grain alcohol make it possible to include 200,000 tons of rubber from grain in the government's 870,000-ton synthetic rubber program. Pretty important contribution to our war effort, isn't it Jim?" "It certainly is, Judge. Wonder how many people really realize it?"
