Resume of Pictures Booked for Theatre Here in Next Week

Lana Turner and Robert Young Starred in Film Now Showing

Following are brief reviews of outstanding pictures which have been booked to show at the Plymouth Theatre here during the coming week:

Thursday-Friday, June 17-18
"Slightly Dangerous," with Lana Turner, Robert Young, Walter Brennan, Dame May Whitty, Eugene Paulette, Alan Mowbray.

Lana Turner's a madcap small town girl who is fed up with her humdrum life. She's fired for creating a scene in the department store where she works, by Robert Young, general manager. Lana leaves a suicide note, but instead goes to the big city, where she spends her last \$150 transforming herself into a butterfly. Young thinks he's the cause of the purported suicide, goes in search of, and finally locates her. Complications set in when Lana gets herself adopted as the long lost daughter of a wealthy and cantankerous Walter Brennan. She dis-

covers later that she's in love with Young and leaves her adopted parents.

Owl Show Saturday Night, June 19
"Lady Bodyguard," with Eddie Albert, Anne Shirley, Roger Rryor. Comedy and action are blended in a story woven around the efforts of an insurance publicity woman who gives a free \$1,000 policy to a test pilot and her struggle to get it back when she discovers an irate secretary had raised the ante to \$1,000,000 trying to put something over on her boss whom she doesn't like. The pilot gets kidnapped, makes his cronies his beneficiaries and stirs up a series of exciting events when the cronies give him sleeping powder, hoping he will crash on his honeymoon. They nearly crash with him and the Los Angeles anti-aircraft guns open up.

Sunday, June 20
"Get Hep to Love," with Gloria Jean, Donald O'Connor, Jane Frazee, Robert Paige.

On one but a confirmed surruss could fall to respond to wholesome, sympathetic Gloria Jean, who, handed a first rate screenplay, makes the most of her talents—vocal and histrionic. Gloria moves winningly through the story which concerns a young singer, who, driven on from concert hall to concert hall by an aunt who has her heart in an icebox and her eyes on the boxoffice receipts, seeks refuge in the home of an unsuspecting, unhappy young

couple who believes she was sent by an orphanage. Gloria salvages their happiness and wins her own.

Monday-Tuesday, June 21-22
"The Amazing Mrs. Holliday," with Deanna Durbin, Edmond O'Brien, Barry Fitzgerald, Grant Mitchell, Firda Inescort.

A delightful, human, modern-cinderella story about a beautiful girl with a heart as big as her voice is golden. It is hard to conceive of a more nearly perfect vehicle for Deanna Durbin's return to the screen after an absence of more than a year. Tailored for all ages and classes, the screenplay is an expert blending of clean comedy, heart-tugging pathos, and romance. A naive American girl, raised in a Chinese mission-school, she and nine refugee war orphans are sole survivors of a torpedoed freighter. In order to get the children into the U. S., she poses as the

Ceiling Prices on Used Bedspings

Atlanta, Ga. — Dollars-and-cents ceiling prices on used metal coil and flat bedspings, which in some crowded war centers have been selling higher than original cost, are now in effect, the regional Office of Price Administration announced today.

Limited production of new bedspings and an unusually large demand for used springs, OPA said, brought about the necessity for ceilings, which are established at wholesale and retail. The new regulation applies to five types of springs, and requires retailers to attach a tag to each spring indicating its maximum price. A sale by one person to another comes under the regulation, as do sales at auction.

The five types are listed as link wire fabric, crimp top coil, cable wire and steel band top, single deck coil, and full double deck coil. Wholesale price ceilings on these range from \$1.50 for the first type, to \$3 for the latter, and retail prices are \$3.50 to \$6.50 depending on the type.

"Reconditioned" bedspings are identified as those which meet these requirements: properly aligned frame, replacement or repair of missing or damaged parts, secure fastening of all parts, proper alignment of top surface, and complete repainting of bedspring.

Such "reconditioned" spring cannot sell for more than \$3.50-\$6 at wholesale, or \$7-\$10 at retail, the highest price in each case being for the double deck coil type only.

Use of devices for effecting higher prices of the ship's multi-millionaire commander presumably drowned. Complications arise when he turns up.

Wednesday, June 23
"Mrs. Wiggs of the Cabbage Patch," with Fay Bainter, Carolyn Lee, Hugh Herbert, Vera Vague, Janet Beecher.

The story of course, deals with Mrs. Wiggs, played by Fay Bainter, and her brood, their misfortunes and their little happinesses until the rainbow suffuses their trail with the return of the wandering Mr. Wiggs.

TOWN and FARM IN WARTIME

Ration Reminder

Blue Stamps—Stamp "K." "L." "M." continue good through July 7. Coffee—Stamp No. 24 (1 lb.) is valid through June 30.

Fuel Oil—Period 5 coupons valid in all zones until September 30. 'A' book coupon No. 5, good for three gallons each, must last through July 21.

Shoes—Stamp No. 18 (1 pair) became valid June 16.

Sugar—Coupon No. 13 good for 5 lbs., through August 15. Coupons No. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes. Housewives may apply to their local ration boards if necessary.

Red Stamps—(for meats, etc.) Red stamps "J." "K." "L." "M." good through June 30. "N" becomes valid June 20.

Coffee By Mail

North Carolina coffee drinkers who order their blends by mail may now "pay" for the purchase by enclosing detached ration stamps with the order rather than the entire ration book, OPA has announced. Formerly, consumers were required to forward their War Ration Book to the retailer or wholesaler for removal of stamps.

Ice Box Prices

Retail price ceilings on new ice boxes have been established by OPA by models for North Carolina. Present prices will be lowered in many cases. Three sets of retail ceilings have been provided: (1) Sales by ice companies and their stores, prices ranging from \$26.75 to \$75 delivered; (2) Mail order sales \$18.95 to \$59.95; (3) All other sales at retail \$31.25 to \$86.50.

More Farm Machinery

A total of 300,000 tons of carbon steel, with other materials in proportion, has been allocated to the farm machinery program for the quarter beginning July 1. An additional 200,000 tons of steel have also been approved for each of the three quarters from October 1, 1943 to July 1, 1944. During the third quarter of this year, special emphasis will be given to the manufacturer of harvesting machinery for this year's crops. The whole farm machinery program has been stepped up.

Inspection Requirements Changed

Tire inspections for North Carolina commercial motor vehicles now may be made every 5,000 miles or every six months, whichever occurs first, ODT says. Previously, commercial vehicles had to have tire inspections every 5,000 miles of every 60 days, whichever occurred first.

Data On Prisoners

American soldiers officially reported as prisoners of war in enemy countries to date total 17,083, the War Department has announced. Of these, 11,307 are held by Japan; 3,312 by Germany and 2,464 by Italy. However, these reports are incomplete. Information in the hands of the War Department indicates that the basic diet of an American soldier in German prison camps is largely potatoes, cabbage, fish, and an indefinite amount of meat.

To Substitute Tires

Farmers in the state needing farm implements or front wheel tractor tires will be permitted to purchase suitable substitutes when they are unable to find a dealer with tires de- prices without actually raising the dollars-and-cents levels, such as bulk and combination sales, commissions and premiums, is prohibited by the regulation.

Continue Purchases Of Excess Peanuts

Franklin, Va.—Warehouses of the Growers Peanut Cooperative, Inc., in Tennessee, Virginia and the Carolinas have been authorized by the Commodity Credit Corporation to continue their purchases of excess peanuts under the present marketing program through June 30.

Deliveries to approximately 60 warehouses and agents in the four states were scheduled to cease on May 31, but, according to E. M.

signed expressly for their purpose, the OPA has announced. Dealers may also sell passenger car owners tires and tubes of a slightly different size than is called for by the rationing certificate.

Leather for Civilians
Manufacture of many civilian leather products, which was prohibited after June 1, can be continued through 1943 out of manufacturers inventories, under a recent WPB amendment. Among products affected are dress gloves and mittens, brief cases, new upholstery, radio cases, pocketbooks, handbags, cigar and cigarette cases, key cases, tobacco pouches, watch straps and dog furnishings.

Gas Coupons Changed

A new "T" gasoline coupon, which replaces the present "T" coupon, will become valid for use on July 1. The old type of "T" coupon will be invalid after July 25. OPA expects the change in design to help take up "slack" mileage and remove potential sources of black market gasoline.

Johnson, acting manager of the GPC, many farmers had held their excess peanuts until after the planting season in order to be certain they would have enough peanuts to take care of their individual seed needs and those of their neighbors cooperating in the effort to plant more than the national goal.

SAIL ON TO VICTORY

Each Monday, the Plymouth Theatre will invest its total receipts of that day in U. S. War Bonds.

Every penny of every dollar you spend here on each Monday will go directly to Uncle Sam's treasury. Every dollar that passes over our box office on these days will help Uncle Sam pass the ammunition to the brave men on the ships of our great navy. You'll have the satisfaction of knowing that your money will be fighting dollars to help our sailors and soldiers crush the enemies of freedom.

Yes, money is needed to win this war . . . and we are proud of this opportunity to do our bit. Our armed forces and our fighting Allies are engaging the enemy on many fronts in a struggle that can mean only victory for us. We on the Home Front have this standard to live up to.

To you, our patrons, comes this unusual opportunity of knowing money you spend at this theatre on each Monday will be a direct aid to the war effort.

THE OLD JUDGE SAYS . . .

"You were absolutely correct in making the statement you did, George. . . not a drop of whiskey has been distilled in this country since last Fall."

"That's what I told the boys down at the lodge, Judge, but they were so surprised I thought maybe I was wrong."

"No you weren't, George. The truth of the matter is that a year before Pearl Harbor, the beverage distilling industry voluntarily offered its facilities to the government. Many companies started to produce alcohol for war purposes almost immediately. And just as soon as the government's requirements increased, the distilling facilities of the entire industry were converted 100% to the production of war-alcohol and nothing else. As a matter of fact, the beverage distilling industry is producing about half of the government's needs for this vital war material. And that's a 24 hour a day, 7 day a week job, George."

"I'm glad I told you about my talk with Sam, Judge. You've given me a lot more facts on that subject."

Conference of Alcoholic Beverage Industries, Inc.
