**Get On With the War**

At least one thing has been learned from the five Senators who went flying all over the world on a junket that was allegedly for the purpose of investigating military affairs. That one thing is that there should be no more such trips for the duration of the war.

About all they brought back was a maze of conflicting opinions, none of which is designed to further prosecution of the war. Their opinionated "reports" have done nothing save arouse suspicion between various components of the United Nations that will certainly do nothing to shorten the war, and that, after all,

should be the one aim of all Axis enemies at this time.

After complete defeat of the German and Japanese armies, we can go into the details of who owes who what, in connection with lend-lease and all the rest. Until then, the one object is to win the war as quickly as possible, and the flying Senators (it doesn't make much difference if the "f" is left off, proofreader) have done not one thing to that end.

**Get Ready for the National Sales Tax**

"Sales tax endorsed by United States Chamber of Commerce."—in yesterday's daily papers. About as much news there as in a statement that water runs down hill.

We may as well get set for a general sales tax levy of some 10 per cent, however. It has been coming ever since the war started; and, just as in the case of the State sales tax, when it is once levied, it will be here to stay. The most powerful lobbies in the United States have been lined up behind this tax for several years. Congressmen have been browbeaten into line to support it; and the only reason it hasn't already been enacted is because our present breed of "statesmen" lack the moral courage to take a definite stand on anything.

A sales tax is indefensible for anyone of a half dozen reasons. And plenty of alternative methods of securing the money have been proposed. However, a single glance at the men comprising our present Congress, and at the forces backing a general sales levy, should be sufficient for anyone of average intelligence to reconcile himself to the inevitable.

We will soon have a national sales tax, and we will never get rid of it.

**The American Way of Life**

By RUTH TAYLOR

What is the American way of life?

We have used the phrase so frequently that sometimes it seems a trifle threadbare at the corners, its

**AMERICAN HEROES**  
BY LEFF

Because he scaled the walls of the fortification at Kasba-Meldia, French Morocco, and from that hazardous position diverted the attention of the enemy with his rifle fire, enabling our troops to enter through the main gates of the fort, Pfc. C. L. Muller was awarded the Distinguished Service Cross. He risked his life for you. How many more Bonds and Stamps can you afford, to help him? Figure it out yourself.

have the same way of work, the same way of life. We know the same sorrows, joys and hopes. The American way of life is the way by which we may achieve the desire of all for a world untroubled by war, untroubled by want or fear.

The American way of life is our way. Let us walk in it for centuries to come, its road made steadily smoother by the patient feet of each generation.

**From where I sit**

by Joe Marsh

Charlie Jenkins writes me from down at camp:

"Dear Joe: Somethin' mighty swell happened to me on my last day's leave. I'm standin' on the corner, not knowin' anybody in town, when a stranger says 'hello, soldier—how'd you like a chicken dinner at home with me and the wife?'"

"Well, it turns out they were the kind of folks who couldn't do enough to help out soldiers. They'd invited two other fellows and just as soon as we're

Hrs. Betty Davenport.  
Friday—Alba Club with Mrs. Sam Garrett.  
Saturday—Curb market at 8:15.

**Use of Honey**

To use honey successfully in place of sugar or molasses in cooking you must know how to adjust recipes and why.

In cakes and cookies honey may replace molasses cup for cup. Omit molasses, use honey instead, and omit soda, use a teaspoon more of baking powder for each quarter teaspoon of soda omitted.

Honey can replace sugar entirely or in part in baked foods. Remember honey contains water, so less liquid is needed in a recipe. Replace sugar with honey, cup for cup, and reduce liquid in half, or replace one half the sugar with honey and reduce the liquid one quarter. In baking bake at low temperature because honey burns easily, second, don't boil honey mixtures longer than necessary. When it is heated too much the aromatic oils evaporate and the delicate flavor is lost. And, remember honey not only contains water, but takes moisture from the air. That is why cakes baked with honey stay moist a long time.

Recipe for honey nut bread: 1/2 cup coarsely chopped nuts, 2 cups flour, 3 teaspoons baking powder, 1/2 teaspoon salt, 1 egg beaten, 1/2 cup honey, 1/2 cup milk, 2 teaspoons melted fat. Add nuts to sifted dry ingredients. Combine the beaten egg, honey, milk and melted fat and add to the first mixture. Stir until ingredients are just moistened. Bake in greased bread pan in moderate oven over 350 degrees fahrenheit for 45 to 50 minutes.

**Gardens**

The club women are doing their best to have a fall garden. Numerous seeds have been planted.

No garden should be idle during the fall and early winter. Vacant garden space is slacker space. Keep trying... it will rain sometime.

**Poultry Report**

Chapel Hill: eggs \$59, chickens \$5. Roper Club: eggs \$102.20, chickens \$50, and 200 chicks.

Scuppernon Club: eggs \$673, chickens \$324.45 and 550 chicks.

**Canning**

Roper Club members brought their report up by adding 475 quarts; making a total of 1276 quarts canned during the year. Chapel Hill added 814 quarts making a total of 1115. Scuppernon added 805 quarts making 2063 quarts.

**OUTER BANKS**

No other state has the same kind of coastal formation as North Carolina's outer banks that encircle deep and magnificent bodies of water where the whole nation could go surf bathing at once.

**THANKS!**

To my former customers in Plymouth and Washington County I wish to express my appreciation for the business given me while I was operating the laundry in Williamston.

I gave you the best service I possibly could under the existing conditions.

I have sold out the laundry to the Manning boys. I trust they will serve you much better.

**Special Notice**

I will not be responsible for any transactions made from now on.
