Announcement is made this week that the American Legion Auxiliary will hold its monthly meeting next Monday night, April 17, in the Legion Hall here at 8 p.m. Mrs. J. B. Wil-loughby, Mrs. P. W. Brown and Mrs. Corbett Swain will be co-hostesses to the meeting.

The Easter holidays passed very quietly in this section. Attendance at the special Easter services was said to be unusually good. Many clerks and storekeepers were sporting blisters on their hands Tuesday after putting in a strenuous day Monday in their Victory Gardens and cleaning up around their homes.

Second Lieutenant Margaret Pegram, of Durham, was in Plymouth yesterday in the interest of the WAC recruiting program. She conferred with Mrs. Eliza Daniels, who has been in charge of recruiting here, and made plans to return to Plymouth at regular intervals in the fu-

Up to yesterday, 161 dogs had been vaccinated against rabies at the podepartment here. Policeman Paul Basnight is in charge of the work, and dogs are being vaccinated at the police station each afternoon. The law requires that every dog over six months old be vaccinated annually. Last year approximately 300 dogs were treated here.

Washington County's War Bond quota for the month of April is exactly the same as it was last month, \$22,305. Sales so far have been at a very slow rate at the bank here, H. E. Beam, cashier and chairman of the County War Finance Committee, said this morning. Last month the county fell about \$5,000 short of its quota.

Mrs. Leroy Bateman left Monday to visit her husband, Corporal Leroy Bateman, of the United States Army, in New York City this week. He was recently transferred from Fort Jackson, S. C. Mrs. Bateman is expected to return the latter part of this week.

An uncle of Miss Annabell Dawson, new home economics teacher in the local school, died at his home in Dunn Monday. Miss Dawson was visiting relatives in Dunn at the time and remained over for the funeral Monday.

Saturday, April 15, is the final day for filing income-tax estimates for the calendar year of 1944 and making the first quarterly payment of

It was nearned this week that James W. Norman will be recommended for appointment to the Washington County Board of Education to serve out the unexpired term of P. M. Arps, who resigned February 1 to become chairman of the county ABC Board. The term has about one more year to run, expiring in the spring of 1945.

Three Announce for County Commissioners; Two for Board of Education

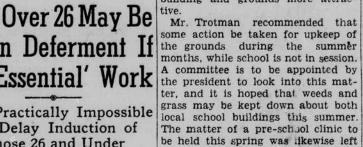

The rush of candidates to file for county offices is beginning to develop, it was learned yesterday from Walter W. White, chairman of the county board of elections. At that time there were 12 candidacies officially filed with him, although only one contest had developed, that for representative. However, there are candidates for all county offices to be filled in the primaries and elections this year except for one member of the board of education from the Lees Mill district.

Judge W. Ronald Gaylord started the ball rolling last Saturday, when he filed for renomination as judge of the recorder's court. The same day friends filed the name of W. Blount Rodman, now a first lieutenant in the Army somewhere in England, for nomination as solicitor of the county court.

A lull developed after these two filed which was not broken until Tuesday, when Ben A. Record Catches of Fish Reported in This Section During Easter Week-End

Record catches of fish were reported last week-end by sportsmen in this section. M marked the last day of the open season on inland waters until May 20: but, judging from reports and some strings of fish seen, those who went fishing Sunday and Monday caught about enough to last them

through the closed season. A party of four local men-C. W. Burnham, Seawell Bowen and Carlyle Doughtie-fished at Lake Phelps Sunday and on their return displayed what was declared by many to be the largest and prettiest string of fish ever seen here. They had about 80 'speckled perch." or crappie, and possibly 20 or more bass, the total catch weighing approximately no pounds. Many of the perch

Those who fished on County Warren Neck and other nearly creeks likewise reported large catches, principally of perch; but those who went to Lake Phelps over the Easter week-end really broke records. A couple of Martin County men at Lake Phelps Monday were said to have had more than the law allows, and practically everyone who fished in the lake during the two days caught all they wanted.

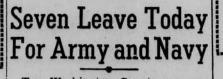

Begin Mosquito-Control Work Today; **Cleaning Out Ditches Around Town**

The mosquito control program for Plymouth will get underway today, it was learned yesterday from Chief of Police P. W. Brown, who is in direct charge of the work. Oiling water in the low places about the town will not begin until the weather is more favorable, but Mr. Brown said a crew of men was starting out today to clean out ditches and cut weeds along ditch banks.

The clean-up program has not been as successful as it should have been, Chief Brown said, but he explained that the weather has not been at all favorable during the past week and that he expected better results later. Many people have cleaned up their back yards and vacant lots, but a lot remains to be done in order to make the control program really effective.

See, STOTESBERRY, Page Six

An allotment of 1,200 gallons of oil has been made by the rationing board for the control program, and the North Carolina Pulp Company donated another 400 gallons. Mr. Brown said he believed this amount would be sufficient to last throughout the season. The town has employed Terry Ford to do the spraying, while cleaning the ditches and ditch banks is being done by the regular town crew of workmen.

Two Washington County men are leaving today to begin active service with the Army and five others are

going to the Navy. The two for the Army, Joseph Gaston Clark and Fletcher Hilton Modlin, are reporting to Fort Bragg; while those for the Navy, Cyril Coronna Ange, Leroy Milton Comstock, William Steele Winesett, Addis Melford Kelly and William Thomas VanHorn, are reporting to the Navy receiving station in Raleigh.

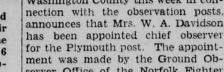

The men listed above received their pre-induction examinations at Fort Bragg about a month ago; and, after being accepted, were placed in the pool of men available for service. Calls were received for them a little over a week ago.

Filing Time Ends Saturday, 6 P.M.

Candidates for all county and township offices must file their pledges and notices with the county board of elections by 6 p.m., Saturday of this week, April 15, in order to be eligible to take part in the primaries and general election this year. Walter W. White, chairman of the board of elections, has the proper forms, which must be filled out correctly and in the hands of the board by the date and hour specified above.

Arrangements will be made within the next week to have the ballots printed, Chairman White indicated yesterday, so that absentee ballots may be sent to service men and women who have applied for them.

Is Being Manned Staff Sergeant Charles Lehner, in Washington County this week in con-

server Office of the Norfolk Fighter Wing. It will be Mrs. Davidson's job to get the cooperation of ladies here
