

High School Seniors Stage Annual Play Twice Last Tuesday

Presented for School Pupils In Morning and Public That Night

The senior class of Plymouth High School gave two very successful performances of a comedy in three acts, "The Sunshine Twins," in the high school auditorium Tuesday. The play was presented to the school students in the morning and to the general public at 8 p.m. The play was coached by Mrs. B. G. Campbell, who is home room teacher for the senior class.

Very good entertainment was provided between acts by the class mascots, Lloyd Horton and Jackie Polk, who sang and recited, and by Bobby Collins and Carolyn Brown, who "jitterbugged."

The play concerned the Robinson family played by Harry McLean and Fanny Lou Winslow, as father and mother; Ada Virginia Hopkins, as the Hollywood-struck daughter, Dick Harrison, as the socialist son; the twins, Tom Hampton, and Eunice Holliday, who had one obsession; spreading happiness and good cheer, and Gerry Jackson, as the unhappy married daughter. The cast also included Charles Brown, as a millionaire, Renn Dupree, a hen-pecked husband; and Frances Gephart, who wanted to sell her plant nursery.

The play was climaxed by the "turning of the worm"; hen-pecked Leo Prather (Dupree) bodily carrying his wife (Gerry Jackson) home. Between the acts Tuesday night, Mrs. Campbell was awarded a \$25 War Bond by the senior class president, Bobby Collins, who informed her that she would also receive an orchid Friday.

CARD OF THANKS

We wish to take this opportunity of extending our heartfelt appreciation and thanks to all the many friends who contributed in any way to lightening our burden during the illness and death of our beloved wife and mother, Mrs. Bill Clifton.—The Family.

Candidates' Cards

FOR REPRESENTATIVE

I wish to announce that I will be a candidate for reelection to the office of Washington County Representative in the next session of the General Assembly, subject to the action of the Democratic primary on May 27. I have no personal axe to grind, represent no special clique or political group, and trust that my record in the last legislature merits a continuation of your support. I am definitely against the sales tax; in favor of better schools, roads and agricultural conditions in this county, and I will sincerely appreciate your vote and support in the coming primary and election.

BEN A. SUMNER.

FOR REPRESENTATIVE

To the People of Washington County: I have, after careful consideration, decided to ask you to send me to the next session of the General Assembly. It has been my desire to be a member of this body for a long time. If I am nominated and elected, I assure you that I shall do all in my power to represent you in that body in a manner that will be satisfactory to you and to the state. Your support of me in this campaign will be very greatly appreciated by me and my friends.

EDWARD L. OWENS.

FOR REPRESENTATIVE

I wish to announce that I am a candidate for the Democratic nomination as Washington County Representative to the General Assembly, subject to the action of the Democratic primary on May 27. It will be my purpose, if nominated and elected, to represent all the people of Washington County, and not any particular group or faction. To that end, I pledge to devote my best efforts, and I will sincerely appreciate your vote and support in the forthcoming primary and election.

W. H. (JACK) PEELE.

LIBRARY HISTORY IS REVIEWED BY MEMBER OF BOARD

(Continued From Page One)

her club meetings. This makes the distribution of books in the county possible until some future date at the end of the war when it is hoped that a bookmobile may be secured for this purpose.

Mrs. Lula Jackson is a very efficient librarian, but since she is not a graduate in library science, the library board members have to select the books to be bought for the library and send the list to the Library Commission in Raleigh for approval before the books can be ordered from the publishers. This requires much time on the part of the board members but it is given freely and willingly.

State-aid funds cannot be used to pay the librarian and to purchase bookshelves, so everything of that nature has to be bought with local money. The state money is used to buy books and to help pay the salary of a trained library worker, which this library does not have at the present time. Every month about \$100 worth of books for adults and children are bought for the library. The circulation in Plymouth alone averages around 1000 books a month in addition to those circulated in the county.

The librarian and county board are asking the people to co-operate in sending back to the library all overdue books. Cards are sent out each week but still there are a number of books that are over-due. The county and the town of Plymouth give donations to the library each month but with the increased cost of supplies, books, and librarian's salary an increase in local donations is urgently needed. Additional bookshelves are very much needed. The Junior Woman's Club recently donated \$5 for this purpose.

Library workers from the Library Commission come here every few weeks to advise the county board and to supervise the work.

It is the wish of the board that more of the county and town people visit the library and then they would realize that the Washington County Public Library is something that the county and town have a right to be proud of.

All newcomers are invited to come to the library which is open every day from 10 to 12 a.m. and 2 to 5 p.m. except Sunday.

Lock Broken on Gas Tank at School Here
