THE OLD JUDGE SAYS...

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places."

"Don't know as you can call it lucky, Harold... we saw it coming with the war and we did something about it before it hit us. We gave our 'teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places they shouldn't only when the proper places are not provided for them. Young people always want to be with others of their own age... want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."

"Guess I didn't really know how farsighted our town really is, Judge. If we hadn't looked ahead we wouldn't have had anybody or anything to blame but ourselves, would we?"
