Phelps' Bill To Credit Vaccination Fee on Dog Tax Passes House; Three Bills By Owens

A bill introduced by County Representative Dr. J. M. Phelps February 16 has passed House and Senate and was ratified Tuesday of last week. Known as House Bill 253 it establishes the price for certain fees of the register of deeds and clerk of court in handling chattel mortgage forms, maps, etc.

House Bill 601, also introduced by Phelps last Wednesday, passed the House Saturday. It would amend General Statute 106-372 so as to credit the vaccination fee on dog tax when paid to the tax collector of Washington County, and upon presentation of certificate of vaccination.

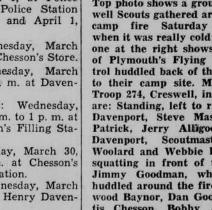

Three bills were introduced by Senator Edward L. Owens last week. Owens introduced Senate Bill 277 Monday of last week "amending G. S. 7-134 and Chapter 1173 of the Session Laws of 1953 relating to fees of justices of the peace in Washington County.' The bill makes JP fees prescribed in the second paragraph of GS 7-134 applicable to Washington County and adds 50 cents JP fee for each defendant for issuance of warrants in criminal cases. This bill was referred to the committee on Salaries and

Two other bills, introduced by Senator Owens Tuesday of last week, have been referred to the Judiciary 1 committee. Senate Bill 287 would provide a method for determining property valuations for town ad valorem tax purposes in Plymouth .It would amend GS 105-53 to authorize the Town Council to adopt uniform percentage of county valuations of town property for town tax purposes, applying to taxes levied in 1955 and thereafter.

Senate Bill 288 would amend GS 20-176 relating to the penalty for violation of motor vehicle laws in Washington County. It would make such violations covered by section punishable by fine up to \$100 and/or imprisonment up to 60 days. The present section provides lesser penalties for some listed offenses.

Several other towns which were expected to send scouts failed to be represented.

Saturday morning the scouts ran the obstacle course and signalling events were run off. However, rain which started falling during the day forced cancellation of events planned for Saturday afternoon.

A short general campfire was held Friday night but the weather caused cancellation of the main campfire Saturday night.

Saturday night some of the boys slept in the Scout Hut while others who were better prepared to face the weather spent the night in their tents. Most of the number who registered Friday afternoon left sometime Saturday and only about 50 scouts stayed through Sunday morning, it was said. These were mostly experienced campers who could take care of themselves.

The Rev. P. B. Nickens, pastor of Ludford Memorial Baptist Church, conducted a brief religjous service for the scouts Sunday morning from 9 to 9:30 o'clock.

Purpose of the camporee was to provide training and experience for the scouts in preparation for the East Carolina Council camporee to be held in Washington in April.
