The Bible School is a nice place to meet your friends! All agree—there is none better.

But the Bible School is more than something nice. It is the teaching agency for the church and becomes a strong evangelistic influence in the life of each one who attends regularly. Don't send your children to Bible School but bring them.

Our Bible School meets at 9:45. There is a class for every age and a special welcome awaits you. The sermon at 11 o'clock will be "What The Bible Says About The Deacons."

The Washington County Youth for Christ will meet at 3 o'clock. The service at 7:00 is under the direction of the Young People. It

Now In Training At Florida Base

MacDill Air Force Base, Florida—Cadet Carroll T. West, son of Mr. and Mrs. Tom West, Plymouth, N. C., is presently taking part in the four-week summer training program in conjunction with the Air Force Reserve Training Corps (AFROTC). He is one of 255 cadets at this base representing twenty four colleges and universities.

Cadet West's training program, which began at this Strategic Air Command base on July 22, is a tringent one. He starts each day at 5:00 a. m. with calisthenics and ends with retreat at 5:00 p. m. The cadets are required to be in bed every night at 9:00 p. m. except Saturday.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

SUNDAY, AUGUST 26

Read Psalm 24 or Matthew 10:27-33. Every beast of the forest is mine, and the cattle upon a thousand hills. (Psalm 50:10.)

In Treasures of the Earth the author tells how a missionary in Burma helped to spread practical Christianity among the people by encouraging the converted farmers to raise betted animals and crops. Non-Christians in the community noticed that the pigs of the Christians produced a better yield.

In such humble and convincing ways it was shown that Christianity is a religion that cares about both body and soul. Christians recognize that the earth is the Lord's and that He aids those who obey His laws.

As Christians, we willingly take upon ourselves the duty to be dependable, honest workers. We have

the responsibility of not wasting natural resources, for we hold them in trust for the Creator. It is for us to respect the labor of men's hands; for every where in the world the loom, the forge, the mart are God's.

PRAYER

O God, Cerator of heaven and earth, help us to remember the words of the Master—to render unto Thee what is Thine, and unto Caesar what is his. By our daily toil may we be witnesses to Thy ownership of all the world, and live as trustworthy stewards. In Jesus' name we pray. Amen.

U. S. Encounters Iceland Defeat

U. S. foreign policy, partly affected by the conduct of U. S. troops abroad, has been dealt a staggering blow in Iceland.

The recent election there constituted the worst defeat in more than 20 years for the Conservative Independence party of Premier Olafur Thors. Thors party campaigned on the theme of loyalty to the North Atlantic Treaty Organization and continued operation of the Keflavik air base.

The opposition in Iceland campaigned on the theme that Iceland must ask the United States to remove its air base and its personnel.

The defeat in Iceland points up the weakness in U. S. foreign policy and the danger in spending hundreds of millions of dollars abroad
