

# Camp Lejeune, Midway Park News Traffic Accidents Rise At Lejeune

BY DUANE A. RUSSELL  
NEWS FROM CAPT. CHRISMAN IS WELCOME TO EVERYONE HERE

At Newport, Rhode Island, the housing situation is just about as difficult as it is in Onslow County or anywhere else, for that matter, according to a letter your correspondent received this week from Capt. A. S. Chrisman, formerly Executive Officer at the U. S. Naval Hospital, who is now taking a special course of instruction at the Naval War College at Newport.

Captain Chrisman had served at the Naval Hospital at Camp Lejeune for almost three years, and his departure was regretted not only by the hospital staff but by the large number of civilians, who

gave him a "farewell" party. Captain Chrisman's letter, in part, follows: "The housing situation here is as difficult as in Jacksonville. There are no quarters at the War College and we haven't been able to find a house in Newport as yet. Consequently, I have been living in B. O. Q. at the Training Station and my family is in Connecticut at my wife's sister. Our two daughters have been away in Camp on Cape Cod. They will all come to Newport next week when a house that I have leased will be available. We shall be very happy to get settled again."

The course at the War College is certainly quite interesting. We have British Naval officers, State Department representatives, Air Force, Army, Navy, and Marine Corps officers and civilian scientists in the class. I am the only medical officer in my class and find that strategy and tactics require me to burn the midnight oil. I also find that twenty years makes a lot of difference in didactic work. Nevertheless, I am enjoying the course and am sure that I shall profit a great deal as far as any future staff work is concerned.

We miss Camp Lejeune a great deal and have hopes of being stationed there again before my naval career is completed. Everyone at the Naval Hospital hopes that what Captain Chrisman says is true—that he will come aboard here at least once more before he concludes his career in the United States Navy. And everyone who knew him and served with him here at the Naval Hospital—Navy or Marine personnel and civilian alike—wish him and his family the best of everything in his tour of duty at Newport.

**TRAFFIC ACCIDENTS RISE ON MILITARY BASE HERE**  
It's not funny at all. It is really serious when you and I consider that up to Wednesday, 6 Sept., a total of 322 accidents by motor vehicles occurred on the Military base during the year 1950 thus far, which includes Midway Park as well.

North Carolina really did itself up proud by producing perfect weather for the long Labor Day weekend. The beach claimed just about everyone who stayed at the base—a wonderful surf and lots of sun. On Saturday night couples relaxed at a Labor Day costume party and on Sunday at a tea dance and buffet dinner.

General and Mrs. Clifton B. Cates arrived from Washington to enjoy a quiet weekend at the beach. General Cates returned to Washington after the holiday and Mrs. Cates is vacationing here for a week. On Labor Day Maj. Gen. and Mrs. Ray A. Robinson and Mrs. Robinson motored to Raleigh to be the guests of the Governor of the state. Mr. and Mrs. W. K. Scott at dinner and to attend a performance of the Iocapacans.

Mr. and Mrs. Lawrence Cramer and their son Lawrence, Jr. were the weekend guests of Col. and Mrs. H. D. Hansen. Mr. Cramer was the governor of the Virgin Islands at the time Col. and Mrs. Hansen were stationed at the Marine Corps Air Station there. He is now the Secretary General of the Caribbean Commission with headquarters at Port au Spain, Trinidad. They are returning shortly to their home there after a leave of two months in the states. Also visiting Col. and Mrs. Hansen is Miss Lea Cowles, who is the head of the Child Development Department at the University of Alabama at Tuscaloosa.

Informal dinner parties and cocktail parties seemed to be the order of the week. On Wednesday the 30th of August, Col. and Mrs. R. L. Deniz, Jr. entertained friends at a dinner party. Also on Wednesday was a dinner given by aviation personnel attached to this base in honor of Lt. Col. and Mrs. R. G. Owens, Jr. and Lt. and Mrs. C. C. Ward who are leaving for duty at MCAS, Cherry Point.

Lt. Col. and Mrs. F. X. Beamer had a cocktail party on Tuesday evening in the Rec Room of the Officers Club in honor of Mrs. C. C. Pulliam who is returning to Washington after being a house guest of the Beamer's for the summer.

On Wednesday evening Capt. and Mrs. R. T. Dwyer, Jr. had friends in for a farewell cocktail party for Mr. and Mrs. R. T. Dwyer who are leaving after a visit here with son and his family.

The year the figure 322 means that each month 38 accidents occurred. In other words, throughout the month of August—the eighth month of the year, a breakdown shows that there were 38 automobile accidents for each of the 30 days. This is on the basis of 38 each for the eight months, although there could have been 29 one month and 48 the next.

Anyway, it figures through eight months at 38 each month. That gives a total of 304 accidents. Leaving the month of September alone, there are still 11 accidents as of this month. At any rate, any way you look at it, there have been 322 accidents through Sept. 6, 1950, and if you want to figure it better, or in any other way, go ahead. We still say that it's a very sorry record for Marines and civilians alike on the Military reservation which includes the residents of Midway Park who own automobiles. Life and injury must be very cheap to some civilians as well as military—but all drivers should take care and heed these words that were read over a national radio network last week: "Here lies the body of Johnny Gaye—Who certainly had the Right of Way; But Johnny Gaye is dead today; Even though he had the Right of Way!"

Dunnigan has returned to her home here with her son-in-law and daughter, Tech. Sgt. and Mrs. P. A. Miller, after a trip to Erie, Pa.

**PROFESSIONS STILL POPULAR**  
PRAGUE—(AP)—Though miners and factory workers enjoy a relatively high social and economic status in Czechoslovakia, young people are still eager to enter the professions. The Prague newspaper "Lidova Demokracie" has reported that so many tried to enroll for medicine and pharmacy in the fall semester that the universities cannot take all of them. On the other hand, it said, classes in mining, iron engineering and electrotechnical studies still are not full.

## W. Peete and Mrs. W. J. Heavey she spent several days. Buddy McLean has left for Greenville to enter East Carolina College.

Mrs. Rhodney Hamby, president of the club, also attended the meeting. Members of the Wednesday Night Bridge Club and their husbands motored to Morehead City Wednesday evening for a delightful seafood dinner, after which they attended the dog races.

Enjoying the outing were Mr. and Mrs. Rhodney Hamby, Mr. and Mrs. Tom Cassell, Mr. and Mrs. Harold Koonce, of Jacksonville, Mr. and Mrs. Bob Passingham and Dr. and Mrs. Sam Cox. Mr. and Mrs. A. F. ever noticed who the people are who eat with us regularly? They are local folks who work down town and have not the time to prepare their meals—especially noon meals—at home. We like to think they eat with us because they have found we serve meals that taste good every day. They are particular people, and we like to think they come back every day because they are pleased every day. We invite you to come in and try the same menus and determine for yourself just why people who eat at the Crystal once always eat there more and more.

**THE NEW PARKING SPACE IS A BIG HELP TO ALL**  
The new parking space that has been provided in the Butler Circle area will be of much advantage to car owners in this section. It adjoins the location of the proposed playground for children yet to be improved, and will accommodate approximately thirty or more automobiles. Owners of motor vehicles in Midway Park should be reminded that Camp Regulations specifically state that no motor vehicles shall "at any time" be parked on the lawns or to the rear of any apartment or quarters. This regulation has been violated by residents of the park frequently, and why the Military Police have not taken action we do not know. Any Camp Regulation is supposed to be carried out to the letter. Certainly, with the additional parking space that has been provided now, the owners of automobiles will not have to roll their cars up to the quarters for any purpose. There is available space for all cars in the Butler Circle area. The Midway Park officials and Camp Maintenance officers and workmen, and the Butler Circle Wives Club which inaugurated this movement for more parking space, are to be congratulated for the additional space, and all car owners in this section should appreciate this needed addition.
