Why Worry Over the Increasing Cost of Living?

When the best is said and done, and all the ills to which we are heir are contended with, there is still plenty of worries in this old world. Then why run a charge account and spend the last half of each month in torture, lest you be not able to meet your bills? Take the easy, sensible way: do your shopping at a cash store, then when the first of the month comes you can "LOOK THE WHOLE WORLD IN THE FACE AND OWE NOT ANY MAN." Then, too, it's the easiest method of keeping your expenses down. You not only save money on each purchase, but by paying cash you are keeping an accurate account of what you can afford to spend.
