## UNITED WAR WORK CAMPAIGN TO RAISE \$170,500,000 FOR BOYS OVER THERE

AND IN FIGHTING AREAS WILL STIR THE SOUTHEAST WEEK OF NOVEMBER 11.

According to the statement issued by Dr. John R. Mott, Director General of the United War Work Campaign, the total amount to be raised during the week of November 11th is \$170,500,000, fixed by the War Department, approved by the President.

The fund will be administered by the Government Director for the seven recognized War Work Agencies, the Y. M. C. A., Y. W. C. A., National Catholic War Work Council (Knights of Columbus), Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army.

"The amount is the largest ever asked as a gift from any people in the history of the world," said Dr. Mott. "Viewed as a total sum, it seems gigantic, but divided by the four million men who will be under arms in our army and navy during the period it is expected to cover, you find that it means less than 15 cents a day per man. Surely there is no Father or Mother or friend of a soldier in this country who will say that 15 cents a day is too much to spend on his church, his home over there, his library, his theatre and his club. The President summed up the whole appeal in a recent letter in which he spoke of the work of these seven great agencies as 'of vital military importance.' He had in mind the fact that their activities are largely responsible for the maintenance of the splendid morale of our forces. There has never been in history so spectacular an example of the extreme importance of morale as is now being presented on the Western front. The forces that confront each other there are not widely dissimilar in numbers or equipment, yet one army is constantly withdrawing and the other irresistibly moving forward—the difference is spelled in the single word, MORALE.

"Napoleon said that 'morale' is as other factors in war as three to one! General Pershing, in a recent letter, commenting on the work of the agencies, quoted with approval the statement of one of his colonels, who said: 'Give me nine men who have a hut to spend their evenings in and I will have a better fighting force than ten men would be without it.'

If it is worth \$24,000,000,000 to keep our boys under arms next year, surely it is worth \$170,000,000, and more, to add 10% to their fighting if it brings victory 10% nearer. This is the appeal of the seven United War Work agencies to America, and particularly to those four million homes where service flags fly, and we know what America's answer will be."

## Welfare Workers Serve Soldiers During Epidemic

Men in Quarantine During "Flu" Scare Succored By Y. M. C. A., Knights of Columbus, War Camp Community Service, American Library Association and Other Organizations

When the Spanish "flu" hit Camp Gordon the Y. M. C. A. women workers found themselves pressed into service as seamstresses turning out "flu" masks of gauze for the soldiers. Orders were issued by General Sage, commanding officer at the cantonment, that every trooper should wear a "flu" mask whether at drill, or enjoying a much needed rest. The result was that thousands of masks were in demand and every woman who could ply a needle was pressed into service.

The "Y" women, recent arrivals at camp to act as secretaries in the huts, did yeoman service, and hundreds of

the masks were turned out as the result of their efforts.

The "flu" epidemic forced the closing of all Y. M. C. A. huts, Knights of Columbus recreation halls, camp theatres and Jewish Welfare establishments closed, but out-door entertainments were staged to serve the men quarantined in camp. Those convalescent in the barracks were also given the benefit of this service.

The advent of women secretaries at the Red Triangle huts has proved a decided sensation among the troops, and they are quick to express their satisfaction at the innovation. The women workers release men for service in the barracks and assume the duties of the men secretaries at the huts.

## LIEUT. J. A. HINE SCATTERS HUNS

The following piece of news taken from the Los Angeles Examiner will be of interest to many Brevard people:

Lieut. John A. Hine of Los Angeles of a machine gun company cleaned out a ten machine gun nests at Exmorieux farm in as pretty a piece of work as the offensive produced. He did it with two machine guns, and forced the Germans to abandon their emplacements one after another, by the simple process of first locating a nest and then selecting vantage points from which his guns enfiladed that nest.

## GREETINGS FOR OUR SOLDIER BOYS

The time for mailing the gift packages for our boys overseas in the cartons provided by the Red Cross and with the labels provided by Uncle Sam and sent by each by, which has been explained, has been extended to the last day of this month.

Now the number who can thus send gifts is very limited, but there must be many—in fact, all of us—who want these boys to know how much we appreciate the sacrifice they are making for us, our safety and liberty. They are allowed to

## CLUB MEMBERS URGED TO SEND IN REPORT

All boys and girls in the county that are members of the corn, pig, potato and poultry clubs are urged to send in their reports to me by December 1st so that I can pay premiums offered to the various winners and send reports to Mr. T. E. Browne at Raleigh.

I am very anxious to get a full report of every member that entered the contest last spring. It must be sent in by December 1st, so that the county can get full credit at Raleigh and Washington for all the club work done in the county.

County Agent.

receive any number of cards. Why not every one send a card of greeting and appreciation to as many of our Transylvania boys as possible. It will be a small return for what they have done for us, but will brighten their Christmas day with the knowledge that "the folks back home" are thinking of them.

## TRANS. BOYS WIN HONORS AT CLYDE

One hundred and thirty head of registered cattle and a large number of hogs were exhibited at the District Livestock Show in Clyde last week. The cattle exhibit was large and all were good individuals, but Transylvania can beat Haywood in registered hogs.

In the beef cattle judging contest Miss Duchers McCracken, a farmerette won first prize. Only four Transylvania boys entered the contest and all won prizes. This speaks well for our boys as this contest was open to Western North Carolina.

The following prizes were won:

- Charles Allison, Pisgah Forest, 2nd prize, \$10.00.
- Claude Neal, Lake Toxaway, 3rd prize, \$8.00.
- Dewey McCall, 4th prize, \$6.00.
- Walter Orr, 6th prize, \$3.00.

All the boys expect to enter the judging contest at Charlotte on the 11th of December. At this contest the boys will judge horses, cattle, sheep, hogs and chickens.

## DOGS VS. SHEEP

Brevard, N. C., Nov. 18 1918  
Col. C. C. Hodges,  
Brevard, N. C.  
My Dear Colonel:

I beg to acknowledge receipt of yours of the 9th, and agree thoroughly with you on the cur dogs in Transylvania county that are taking perfectly good food that would help our country at this time.

For your information, I have been informed that every board of trade in North Carolina is now organizing and expect to fight in the next Legislature with the view of getting rid of the dogs in the state, and acting upon your suggestion, I am going to take the matter up with the State Food Administrator and see if it would be possible to work up a sentiment against dogs through the 100 Food Administrators which cover every county in the state of North Carolina.

I hope that we will be successful in the matter.

Thanking you for your letter, I am,

Yours very truly,  
THOS. H. SHIFMAN,  
Chm. Food Adm. Trans Co.

There will be a Thanksgiving service at the Brevard Baptist Church at eleven o'clock Thursday, November 28th. It is earnestly requested that all the Baptist churches in the Transylvania Association do likewise.

## NOTICE TO TRAN- SYLVANIA CITIZENS

My Fellow Countrymen:

I point to your vote for longer schools on Nov. 5 last past with pride. For every vote against the constitutional amendment there were cast practically sixty-seven for the amendment. Now, therefore, we present a united front for better educational facilities in the "Great State of Transylvania." It is my most keen desire that equal educational opportunities be given throughout the county, and I might say here that the plans are already in process of making. Our children henceforth are to have every possible educational advantage. The public school has a vital organic relation to the state and we cannot afford to lose sight of this relationship. As there is more hope in a cultivated field, so, there is more hope for success of the trained mind. Again the welfare of the State depends upon the minds of its citizens.

The old idea that "clasics is all" is fast giving away to the adequate needs of the State. We can and must turn our boys and girls out of the high school prepared to do something, and with the grand way opened up by the good people of the whole state we are beginning the forward march. Everybody join in the march and keep in line.

Yours for success,  
A. F. MITCHELL,  
County Supt.

## THE PRAYER CORNER

"For our Allies"

Let us pray.

"For France"

That she may have her reward of devotion in the deepening of true religion, in the consecration of science and art to the service of God, in a new vision of the beauty of holiness and the joy and freedom of purity.

One of her old chrouclers called his book "Gesta Dei per Francos" "The Works of God wrought by the hands of the French." Surely we see this true of her latest works, and may pray with all our hearts that it may be true of her lie after the war.

"For England"

That as a nation she may realize that all her highest hopes as a mother of free peoples, and the guide of feeble and dependent races into paths of fuller life, may only be attained by a fresh consecration of herself to the service of God. That the long path of her own progress towards freedom and higher ideals of national life may be crowned by perseverance in the new spirit of brotherhood that has grown out of the war.

"For Belgium"

That God will recompense her long agony and sacrifice as He knows best. It is beyond our power to imagine, but not beyond His power to do.

"O Lord Jesus Christ, King of kings, draw, we beseech Thee, all kings and rulers of the earth to come and worship before Thee. May the kingdoms of this world, the kingdoms of all human authority, ambition, enterprise and genius become the kingdoms of our God, Amen."
