SAVED BY A FAITHFUL WIFE

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.

The Story of a Wonderful Recovery

There is hardly any one who does not experience some trouble with the stomach. It is so common that we frequently pay little or no attention to it. Yet, the stomach is very easily upset, and catarrhal inflammation of the mucous lining develops, grows worse—the pain and distress is incessant and the truth dawns that we have chronic stomach trouble.

The case of Mr. Louis Young, 205 Merrimac St., Rochester, N. Y., is typical. He writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully. I began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man." Mr. Young's experience is not unusual.

If you suffer from catarrh in any form, whether of the head, stomach, bowels or any other part of the body, try Peruna. It may be just what you need. Peruna comes in either liquid or tablet form and is sold everywhere. Your dealer has it or will get it for you. Ask for Dr. Hartman's World-Famous Peruna Tonic and insist upon having it. If you want your health accept nothing else.

All the sick and suffering are invited to write The Peruna Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

WOMEN PRAISE STELLA-VITAE

We want every afflicted woman to try at least one bottle of Stella-Vitae on our plain, open guarantee to return the money paid for it if it does not benefit.

If you doubt our word that it will relieve the distressing aches, pains and misery peculiar to the diseases of women, read the testimony of these women who have tried it and are glad to tell others what it has done for them. The only interest they have in the matter is that which any true woman feels in helping to relieve the sufferings of other women. You can believe them.

Mrs. J. F. Lee, Milledale, Ga., had female complaint for years. Three bottles of STELLA-VITAE cured her, she said, and added, "I am certainly thankful for this great female tonic." Mrs. Paralee Frazier, Longview, Tex., expressed appreciation of STELLA-VITAE in these words: "I cannot say too much for this wonderful medicine. I had taken other female medicines for two years with no good results. I am truly grateful for the good STELLA-VITAE has done me." Mrs. Sandy Withers, of Greensboro, Ala., was a terrible sufferer from female trouble—and only a woman knows what that means! Her condition got so bad her pains threw her into spells like fits. Her husband feared she would lose her mind. The Greensboro doctors pronounced her incurable. Then somebody suggested that she take STELLA-VITAE. She did so. The first dose lightened her spells. STELLA-VITAE is a perfectly harmless compound and it not only alleviates a woman's pain, but builds up her health; it stimulates her appetite, aids digestion, quiets her nerves and clears her complexion. It improves her personal appearance.

All dealers sell Stella-Vitae, and are authorized to return the money paid for the first bottle if it does not benefit.

CLEANNESS SAVES FROM FIRE DANGER

Clean Up and Paint Up Campaigns Reduce Risks and Insurance Rates.

SHOULD MOVE ALL RUBBISH

Greatest Conflagrations, Which Start From the Smallest Blazes Can be Avoided by Precaution—Denver's Don'ts.

The Clean Up and Paint Up campaign reduces fire insurance rates and fire losses. In one year the campaign reduced Cincinnati's annual fire insurance premiums over \$160,000. In his proclamation of last year, John T. Winship, Michigan State Fire Marshal, said: "The average annual American fire loss for the last ten years period was \$230,000,000. This is \$630,000 each day, \$20,000 each hour, or \$400 each minute."

The annual loss through lack of painting is greater than the annual loss by fire. Cleaning up and painting is a long step toward fire prevention. This rids homes and business houses of accumulations of rubbish that are liable to start fires and are menaces to a community. Remember that all fires are the same size at the start. At the same time, the alleys should be cleaned; fences and sheds should be repaired; vacant lots should be cleaned and tin cans, paper and dead weeds removed.

Denver's List of Don'ts.

Hartford, Conn., instituted a clean up and paint up campaign and then it stayed clean. The following year the fire loss was reduced \$50,000 and the death rate was reduced 5 per cent. The result in Boston was that the following year there were 1,003 fewer fire alarms and, from a health standpoint, it was declared to be the best year in the history of the city.

The Denver Clean Up and Paint Up campaign committee distributed an effective fire prevention circular; the "don'ts" can well be followed by every citizen in every community:—

"Do not permit rubbish, greasy rags, paper and useless waste to accumulate in or around buildings.

"Do not allow matches kept in your homes, offices and stores in other than metal boxes. Use safety matches.

"Do not allow children under ten years of age to use matches.

"Do not use lamps and lamp burners that are not clean.

"Do not forget to clean your chimney and stove pipes occasionally.

"Do not tamper with or extend electric wires; employ an electrician.

"Do not keep gasoline in other than air-tight cans painted red.

"Do not fill tank of gasoline stove when lighted and by daylight only.

Rubber Gas Tube Dangerous.

"Do not permit a rubber tube connection to a gas stove.

"Do not empty ashes in other than metal cans.

"Do not carelessly throw cigar and cigarette stubs where they could cause a fire.

"Do not permit the use of wood cupboards.

"Do not fail to warn your children of the dangerous bonfires."

Most preventable fires originate in neglected rubbish, in back yards, attics, cellars, etc. Clean Up and Paint Up—make your home and community sanitary, beautiful and safe.

MAKE CLEAN UP CONTINUOUS

Campaign Should Last as Long as There is Rubbish to Be Removed or Painting to Be Done.

Don't call it a Clean Up and Paint Up "week" or, worse yet "day," so redolent of the annual bath. It is what its name implies—a campaign for cleaning and painting; and campaigns be it noted, are continuous things; they continue just as long as there is anything worth campaigning for; and in the Clean Up and Paint Up line eternal vigilance and industry are the price of liberty from dirt and disorder.

A real Clean Up and Paint Up campaign does not stop in a week, a month, or a season unless the town or community has reached the point where it can clean up and keep clean.

Hardly any phase of the Clean Up and Paint Up work except street and alley cleaning, can be more than fairly started in six days. Local campaign leaders in many cities have the right idea as shown in the name adopted in St. Louis in which "something is doing" every month in the year under the auspices of the St. Louis "Continuous Clean Up and Paint Up Campaign association."

MINISTER URGES CLEAN UP

"Cleanliness is Next to Godliness," Rev. H. B. Rhodes of St. Louis Tells His Congregation.

Many a life needs cleaning up and painting up. A life may get very dirty and shabby, just as a house or city will, and herein is the spiritual value, says Doctor Rhodes, of the Clean Up and Paint Up movement. From the outward adornment of the countryside and the city we may be led to consider the inward betterment of the soul.

STOP THAT COUGH

By having your system in good condition. Take Kerr's Flax-Seed Emulsion, Linoxine, as a preventative. This well-known remedy restores vitality and builds up the system to a full health standard.

Linoxine should always be taken at the first sign of a cough or cold, as it overcomes the cause and removes the danger. Best remedy known for bronchitis.

I recommend Linoxine to all who are in need of a strength builder, or who suffer from bronchial or lung trouble.—Rev. H. J. Lynch, Pastor St. Peter's Church, Danbury, Conn., 1896—1905. Linoxine has my hearty endorsement, both as a builder for run down people and as a cure for coughs, colds and bronchitis.—John R. Perkins, Principal of Conn. State Normal School.
