

Have You a Home?

If you do not have a Home, come and let us sell you one.

If you do own a Home, come and have us INSURE it.

Two of the most sensible things that you can do: secure a home and protect it.

SELICA SLICES

Here we are with the News again Everything progressing nicely. Sunday school in the morning, singing in the afternoon and preaching twice a month.

Mrs. M. E. Wilson went to Brevard one day last week.

Miss Laurene Whitmire, who is attending school at Brevard, visited her home Saturday and Sunday and returned Sunday afternoon to school.

Mrs. Hattie Searcy spent the past two week with her sister, Mrs. W. L. Pearson.

Miss Tinnie Southern of Cherryfield visited her niece, Miss Irene Whitmire, Saturday and visited Miss Emma Osteen on Sunday.

Miss C. Wister Whitmire visited Miss Alice Galloway last Sunday.

Mr. and Mrs. Del Crane were the happy parents of a fine boy March 15. *CRAB APPLE.

FOREST FIRES

Reports from the Toxaway section bring the information that forest fires are raging over a large territory in the Hogback mountains. Much damage is being done to timber it is stated and thousands of feet of valuable hardwood are being destroyed. It is thought that the fire was started from small fires set for the purpose of "burning off" a mountain pasture. This is a practice that originated many years ago when this region was very thickly timbered and is still persisted in by those who will not recognize the danger of using this method of clearing off the mountain ranges since they are no longer thickly wooded and much more thickly populated than was the case some time ago.

Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup will do all that calomel will do and without the "after effects."

Years ago, when people were bilious, when the liver got lazy and failed to do its work or the stomach was out of condition, calomel was the standby.

By and by the users of calomel found that the "after effects" of taking the drug were as bad and more often worse than the ailment for which it was taken.

Dr. Thacher, in seeking a medicine to take the place of calomel—one that would do all the good that calomel would do, and yet leave none of its evil effects perfected Dr. Thacher's Liver & Blood Syrup. This was in 1852, and each year since has added to the confidence of those who have used it.

Miss Susie Brewer, of Chattanooga, Tenn., tried calomel. She was suffering with a very serious cold and grippe and had no appetite whatever. After the calomel failed she tried Dr. Thacher's Liver & Blood Syrup. She felt better after taking three doses and six soon got entirely well. "I think Dr. Thacher's Liver and Blood Syrup is a wonderful medicine," she said, "and I am very thankful I tried it."

For nearly three-quarters of a century this sterling preparation has been an "old stand-by" in thousands of homes in treating rheumatism, dyspepsia, indigestion and other stomach and liver complaints. It is a powerful tonic and blood purifier and can be used with the utmost confidence.

Write Thacher Medicine Co., Chattanooga, Tenn. for a copy of "Thacher's Family Doctor," a book giving cause, symptoms and treatment of 47 common diseases.

Dr. Thacher's Liver and Blood Syrup for sale by dealers in medicines everywhere.

Meets every Monday 8:00 P. M.

Visitors welcome.

A Warning

FOR PROMPT RELIEF FROM Grip, Sore Throat, Cold in Chest and all inflammation and Congestion. Cream of Mustard gives instant relief and comfort to the sufferer.

It is far superior to mustard plasters or any liniment on the market. It relieves congestion, inflammation and pain almost instantly. It takes the place of plasters or liniments for colds, pains and aches.

It has produced wonderful results with thousands afflicted with sore throat, tonsillitis, stiff neck, neuralgia, congestion, rheumatism, sprains, sore muscles, bruises, colds in the chest, bronchitis, croup, headache, lumbago, pains and aches of the back or joints and chilblains.

Every household should have a jar of Cream of Mustard in the medicine chest for emergency. Ask your druggist: 25c and 50c jars, hospital size, \$2.50.

The Cream of Mustard Co., South Norwalk, Conn.

COTTON CONVENTION HELD AT RALEIGH

Resolutions Adopted At This Convention Means Much For Cotton Farmers.

The South is confronted with a disaster unless the crop of 1919 be reduced and the balance of the crop of 1918 be protected and held until market conditions justify its sale. To enable all people in the South interested in cotton, and nearly all are, to adopt a direct and intelligent method of meeting the situation, this Convention earnestly recommends that the following plan be adopted:

(1) That the crop of 1919 be reduced at least 33 1/3 per cent in acreage, and that the fertilizer on the two-third area be not increased; but this does not apply to any farm of less than five acres to the horse: Provided, that in carrying out this recommendation the following schedule of reduction shall be observed:

Any man planting five acres or less to the horse to make no reduction; 6-7 acres, reduce one acre to the horse; 8-9 acres, reduce two acres to the horse; 10-11-12-13 acres, reduce three acres; 14, reduce four acres; 15-16, reduce five acres; 17-18, reduce six acres. Under no circumstances will any farmer plant more than 12 acres to the horse.

(2) That on all the cotton land left out and on the balance of the farm, ample supplies of food, feed and other crops be planted.

(3) We believe that the existing situation justifies the holding of every bale of cotton now in the hands of our Southern people, and we urge our farmers not to sell the balance of the present crop for less than thirty cents per pound, basis middling.

(4) That to carry out this purpose we call upon the bankers and business men of the State for their hearty co-operation.

(5) We recommend that every owner of cotton immediately put his cotton under shelter, or in a warehouse, and will not permit it to leave the warehouse until the owner shall so specify.

(6) We earnestly warn the farmer that if he buys high-priced fertilizer, and a large acreage of cotton is made, he must pay next fall with cheap cotton for the high-priced fertilizer and other supplies.

(7) We recommend to the farmer that he leave uncultivated in cotton every acre that he cannot reasonably expect to make enough cotton to yield a profit at reasonable prices. We do not believe that an acre that produces less than two-thirds of a bale will yield a profit to the grower, and every such acre should not be planted in cotton.

(8) For the purpose of securing the united co-operation of all financial interests, and to put this plan into effect, the merchants, bankers, landlords, fertilizer dealers and other business men are asked to extend credit and to finance farming on the basis of a safe program, including full production of food and feed, rather than the production of cotton alone.

(9) It is recognized that the world need for cotton when conditions become anything approaching normal will, without doubt, be exceedingly great, and it is therefore important that those who can hold their cotton against that time, and that in the meantime the situation be held in hand by control of future production.

(10) We recommend that the present Congress of the United States enact the Smith bill covering the character of cotton deliverable upon cotton exchanges.

(11) We recommend that the legislature pass an adequate warehouse bill for the State of North Carolina.

(12) We recommend that the tax-basing day for individual taxpayers be made June 1st.

(13) We recommend that a committee of seven persons representing the farming and business interests of the State be named by the governor to inaugurate a State-wide campaign to effect the purposes set forth, such committee to meet immediately, and to have full authority to devise ways and means to carry out the provisions of these recommendations.

This committee is authorized to raise money, employ clerical assistance, and to put on an intensive campaign and to do any and all things necessary to effect the purposes of this meeting.

(14) This organization shall be known as The North Carolina Cotton Association, and every person present is asked to enroll as a member before leaving.

The following committee was appointed by the governor: C. D. Orrell, Moncure, chairman; W. G. Clark, Tarboro; S. H. Hobbs, Clinton; E. B. Crow, Raleigh; J. Z. Green, Marshville; G. N. Newsome, Goldsboro; O. L. Clark, Clarkton.

The committee decided that the assessment on farmers should be twenty cents per bale for all cotton on hand and ten cents per acre for cotton planted in 1919, which would entitle him to membership in the North Carolina Cotton Association. Fifty per cent of the funds raised are to be forwarded by the local treasurer to the central organization: Dr. B. W. Kilgore, treasurer, Raleigh, N. C. These funds are being used for printing and advertising in this State.
