EVER SALIVATED BY CALOMEL? HORIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your life like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated, and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Advertisement.

Let Us Print Your Sale Bills

SALE OF LAND FOR TAXES

I will offer for sale as the law directs, at the Court House door in the town of Brevard, N. C., at 12 o'clock noon, on the first Monday in May, being the 5th day of May, 1919, all the following described lands on which taxes are due and unpaid.

Sloan, Earl 100 acres	5.00
Trescott, W. A. 43 acres	2.65
Wymms, J. F., Dr. 10 1/2 acres	14.00
Wilkins, J. E., Dr. 10 acres	3.52

HAPPY WORKMEN MADE BY THRIFT

Group Saving Has Proved Highly Profitable to Thousands of Employees of Specially Managed Concerns.

Every business is either thrifty or unthrifty. If thrift governs, then there will be accurate knowledge of costs, sound finance, far-seeing policy, the best use of labor and materials, with intelligent creation of a money surplus to meet emergencies. If unthrifty, the concern is bound for bankruptcy, which will arrive sooner or later.

Thrift goes far beyond the executive office, and so does lack of it. A thriftily managed business will have steady, skillful employees, working in pleasant surroundings, with every advantage in the way of equipment, and every advantage in earning power. The unthrifty business is too familiar. It attracts chiefly the driftwood among workers. Unpleasant surroundings and poor equipment make work drudgery. Wages are below good standards, and the year is usually marked by periods of idleness, if not labor troubles.

Thrifty managers have learned in recent years that thrift facilities extended to their employees are part of general thrift in management. The employee must set aside his surplus, too. He is more than willing to save if he is the kind of man who values a job with a thrifty concern. But it has not always been easy for him to put his weekly savings in a secure place. Savings institutions may be far from the pay window. Employers have overcome this handicap in many cases by accepting deposits to be transferred to a bank, by selling securities in their own business to employees on the installment plan, and in other ways. They have also taken pains to see that employees are not victimized by loan sharks or blue-sky promoters.

Since the Thrift Stamp and War Savings Stamps came into existence there has been a wide development of this thrift movement for employees, as part of the management of a thrifty business. Employers know that thrift decreases labor turnover and also increases output. The worker who saves is not worried by debts. He thinks well enough of his job to settle in the community, buy a home, raise a family.

War Savings Stamps offer the best medium for group savings in business organizations. Thousands of savings clubs or societies formed during the war to help finance the government have been found so valuable that thousands more will be organized. The best proof of the health, stability and usefulness of any industry is its hearty teamwork with the Treasury Department in organizing savings societies for the regular purchase of Thrift and War Savings Stamps.

PICTURE SHOWS MEN IN ACTION

Desperate Fighting Revealed by Official Film Taken by Signal Corps—To Be Shown All Over America.

Here are some of the thrills and "punches" that the spectator will find in "The Price of Peace," the new film history of the great war just issued by the treasury department in connection with the Victory Loan campaign. The picture is to be shown all over the United States.

Embarkation of thousands upon thousands of the two million soldiers sent to France, including the first pictures ever released showing the great "Leviathan," formerly the "Waterland," sailing from the Port of Hoboken for Brest, in all her war camouflage. Thrilling scenes of how the marines fought at Belleau Wood, with machine guns in action, close up just like a box seat at the war.

The "Lost Battalion" on the scene of the famous stand against the Germans, Major Whittlesey, his men and the graves of their comrades.

A battle in the air and the falling of an enemy plane—an American air squadron in action, photographed from a plane.

Captured German balloons used for front observation in the American sector and a tremendous artillery barrage put up to protect the big gas bags from an attack by enemy planes.

How an American battery went into action on one of the war's very busy mornings—pouring mustard gas shell into the enemy at the rate of eight a minute per gun.

American Army of Occupation marching across the Rhine into Germany—a wonderful parade financed on Liberty bonds.

President Wilson in Paris for the conference, acclaimed by vast throngs of American soldiers keeping watch on the Rhine.
