### UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels. Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Advertisement.

## THE PRAYER CORNER

A Human Peace

The true idea of peace is positive, constructive, forwardlooking. It is not content with a mere cessation of hostilities at any particular period of the world's history. It aims at the establishment of reason and justice as the rule of the world's life. It proposes to find the basis of the establishment in the freely expressed will of the peoples of the world.

The men and women who do the world's work are the sovereigns who must guarantee this real peace of the world.

That is what we fought for. Not a Roman peace, nor a German peace, nor a British peace, but a human peace—a peace which will bring a positive benefit to all the tribes of humanity.—Dr. Van Dyke.

Pray for a human peace—a peace which will bring a positive benefit to all the peoples of the earth.

Almighty God, Ruler of the Nations, in Thee is our only hope. Move Thou upon the wills of men, and constrain the peoples in the paths of unity and peace. Hast Thou not called us to share with Thee in the order and government of the world? Grant us wisdom, O Lord, that we may discern the causes of conflict, the things that make for international hate and jealousy.

We know, that only as we yield ourselves as instruments of peace, can peace come to our stricken earth. Quicken our consciences that we may feel the sin and shame of war. Inspire us with courage and faith, that we may lift up our voices against private greed, social injustice, the aggression of the strong on the weak, and whatsoever else works enmity between man and man, class and class, nation and nation. Create within us a passion for the reign of righteousness, the spread of brotherhood and good will among the nations, so that we may hasten the fulfillment of Thine ancient word, "Nations shall not lift up sword against nation, neither shall they learn war any more." Amen. C. D. C.

## SUPPORTING LOCAL INDUSTRIES

If we would continue growing it is a well known fact that there must be co-operation. The clothing merchant should buy his groceries, etc., at home when possible and vice-versa.

When local concerns invest thousands of dollars in equipment suitable for a city four times as large as Brevard, and especially when the good people of our beautiful little city donate their hard earned kale in order to help build up a greater Brevard, it certainly looks like the local organization and some of the supposed leading business men would practice their own teachings and at LEAST give local industries a chance to bid. It is always best to keep the money at home and all that, especially when money can be saved by so doing. The writer does not believe in knocking unless absolutely necessary, but when the said leading men absolutely ignore a local industry that does turn out splendid work and has the best of modern and up-to-date equipment, it is only fair play to "give em a bid".

It may be "sour grapes", but we must remember that should the folks here start buying out of town if they were convinced they could get better goods for less money, then wouldn't the shoe be on the other foot?

## Knocked Rot Sky-High

"We used Pyrox on tomatoes and apples and it has proven entirely satisfactory. It certainly does knock the rot sky-high when used on tomatoes, and our apples this year are the best we have ever had."—CRUMPLER MERCHANDISE CO., Crumpler, W. Va. You can prevent tomato rot and at the same time protect the crop against bugs, worms and disease if you spray with

Pyrox

Pyrox is a smooth, creamy paste which only needs to be mixed with water. It sticks like paint and protects the crop during all the growing season. It is just as good for potatoes, apples, cucumbers, etc., as it is for tomatoes.

Get this Pyrox Crop Book. It tells how to protect your crops against bugs, worms and diseases. Send for a copy today. A postal card will bring it.
