

GIVE GRENADE BANKS TO SCHOOL CHILDREN

Millions to be Distributed by Treasury Department to Encourage Happy Habit of Thrift.

Hand grenades made by the United States government to bomb the Huns to destruction are now to be used to boom thrift. Millions of the little machines of destruction, with the explosives carefully removed, are to be given to the school children of the United States to encourage the saving habit. The grenades are being converted into miniature savings banks. They will hold pennies and nickels and dimes which can be converted into Thrift Stamps. The Thrift Stamps in turn can be converted into War Savings Stamps.

Distribution of the grenades in the several Federal Reserve Districts will be left in the hands of the district Savings Directors. In this district the War Loan Organization, with headquarters in Richmond, Va., has so arranged that a grenade bank will be awarded to each child, who, during the vacation period, earns enough money to buy a War Savings Stamp.

HAND GRENADE SAVINGS BANK ranged that a grenade bank will be awarded to each child, who, during the vacation period, earns enough money to buy a War Savings Stamp.

Some bank in every community will lend each child a grenade and at the close of the vacation period the child will return it, with the money it contains, to the bank. There the money will be counted. If the child has saved enough to buy a War Savings Stamp the grenade-bank will be his. In all events the cash must be invested in Thrift Stamps if not enough has been saved to pay for a War Savings Stamp. The grenade-banks are of considerable value and will be splendid souvenirs of the great war, and the War Loan Organization of the Fifth Federal Reserve District is anxious to place them in the hands of as many children as possible.

Thrift is not miserliness. It is getting a hundred cents worth out of every dollar.

BRITISH THRIFT.

The British War Savings Committee has become a permanent institution in England and the following declaration has been issued explaining the English attitude toward thrift:

"Quite as important, both as a source of revenue and as a social movement, is the restraint of luxury, and growth of economy and simplicity of life among the well-to-do. Otherwise goods and services will be wasted. War savings applies to all classes and appeals to all incomes."

NICHOLS BOYS WRITE OF EXPERIENCES

Mr. and Mrs. Z. W. Nichols have just received letters from their sons, Z. W., Jr. and Charles, which give vivid accounts of the experiences of these young men who have been in the service of their country for some time. Z. W. is now managing the Leon Hotel in Washington City which was used during the war as a home for soldiers and sailors. Charles sailed June the 7th from New York on the U. S. S. El Sol for France where he has been detailed for special work in the demobilization unit. He will probably be overseas until July the first.

HOW SAVINGS HABIT HELPS EVERYBODY

Money Invested This Year in Thrift Stamps Returns in Five Years Vastly Increased.

On New Year's day 1923, there will begin a remarkable series of dividend payments to American people. Hundreds of millions of dollars of War Savings Stamps sold during 1918 will then be redeemable. On each New Year's day thereafter for a number of years there will undoubtedly be huge returns to the American people of the money borrowed with interest.

These great dividend days bring American bankers new opportunities and also responsibilities. How can new thrift habits be linked to thrift institutions? How can this money, the product of thrift, be mobilized for further work?

Already the bankers are working with the Treasury Department to continue thrift habits. For people who save money there is a wide range of thrift institutions that will take charge of funds, put them to work safely, and return good earnings. As the government plans to borrow by general education of thrift in every kind, so the banks and thrift institutions can aid the government by encouraging general thrift and building bigger business themselves.

One of the first steps to be taken by bankers is that of spreading information about banks, life insurance, building and loan associations, federal farm loans, and all other thrift institutions. The best way to meet Uncle Sam's borrowing needs is to promote thrift on the broadest possible lines.

Every dollar deposited in a savings bank becomes available for national finance. Every life insurance policy sold is equivalent to an indirect loan to the government. Every obligation assumed by thrifty people such as a building mortgage is a stimulus to production and saving, and therefore, as much a national service as the direct purchase of government securities. In placing these matters clearly before everybody in his community the banker will live up to his opportunities and his responsibilities in the new thrift movement. When the billion dollar New Year Days arrive he will be ready.

TELLS HOW SHE BUYS WAR SAVINGS STAMPS

Woman Tells How by Intelligent Savings Plan She is Able to Accumulate Money Which Was Formerly Wasted.

"Save while the money is warm" is the motto of a woman who has established a reputation both for herself and her family by the number of War-Savings Stamps she bought without apparently stinting in the least. Here is her system.

"The only way to save is to save. When I have actually saved a quarter I put it into a Thrift Stamp without delay. If I save that quarter on one thing and then spend it carelessly for something else, I have not saved any real money.

"For example the other day I went down town expecting to pay \$10 for a pair of special shoes. To my surprise, I found there was a sale that day, and got the very pair of shoes I wanted for \$7.75. I had saved \$2.25. But how to keep it saved. I knew that if I simply regarded it mentally as saving, before the end of the month it would be spent miscellaneously. I went right down stairs in the store and bought nine Thrift Stamps and stuck those quarters in the Thrift card where they could not get away before the end of the month.

"I do the same thing when I have saved a single quarter or half dollar, and I am seriously thinking of getting a little penny bank to hold saved pennies or dimes until they grow to Thrift Stamp size. What is more, I am getting a whole lot of fun out of this most fascinating game, the game of 'Getting Ahead.'

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels. Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Advertisement.
