

# Don't be a Pessimist

If you are doubtful of future business prospects, we would suggest that you probably do not fully realize that although we possess only 7 per cent of the world's land in the United States, we can produce in this wonderful country.

20 per cent of the world's Gold	60 per cent of the world's Aluminum
40 per cent of the world's Silver	60 per cent of the world's Copper
40 per cent of world's Iron and Steel	66 per cent of the world's Oil
25 per cent of the world's Wheat	75 per cent of the world's Corn
40 per cent of the world's Lead	66 per cent of the world's Cotton
52 per cent of the world's Coal	85 per cent of world's Automobiles

Our total exports have increased five billion dollars in four years, while our shipping has gained some four million tons, a 50 per cent increase. Our country is still young; what will our productive capacity be when we are of age?

Foreign countries now owe us billions of dollars and must continue to take our products. We have over one-fourth of the world's gold and our money circulation per capita is about three times greater than in 1914. How can you be other than optimistic?

## WE ARE OPTIMISTIC

### "BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safe "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

### SAPPHIRE NEWS

Dear Mr. Editor:

After so long a time the valley of dry bones has begun to come together.

The Y. M. C. School is at Sapphire for a vacation.

A crowd of school boys have flocked to Sapphire like so many little snowbirds. Mr. Patton Crisp has given them a spot on which to build a ball diamond west of the Crisp Inn. They have built one house and many tents can be seen over the valley from the top of Mt. Toxaway.

Mr. Alfred Miller and Mr. Patton Crisp own a little lake in front of the Post Office on which the boys play like so many ducks.

Mr. and Mrs. James T. Harrison are very busy pouring sweet milk and handing them cake which is furnished by the ladies of Sapphire.

It is amusing to see them receiving their mail, boxes from home and letters from friends with eager hands to see whose the prize is.

I long for our school district no. five at Sapphire where we can get the benefit of our money and can hear the happy voices of our own dear children who are having no chance with the school world.
