

GENERAL CHAIRMAN OF THE CENTENNIAL MOVEMENT

(North Carolina Odd Fellows)
The Grand Master announces the appointment of Brother M. L. Shipman, Past Grand Master, as General Chairman of the Centennial Movement. Brother Shipman is peculiarly fitted for this work, having served as Grand Master for one year, and being thoroughly familiar with conditions over the State. He is a good publicity man, having demonstrated his ability along this line as publicity director of "The North Carolina Orphan Association" for the past several years, in their drive for "One Day for the Orphanage."
Brother Shipman is within easy reach of the Grand Secretary's office, and frequently visits the office. The work of his committee will be directed thru the Grand Secretary's office, and he will keep daily in touch with the work. Under his capable direction assisted by the corps of workers that he will call to co-operate with him, we confidently expect gratifying results of this Centennial Movement, and we covet the support of every member of the Order in our effort to make a 50 percent increase in our membership in North Carolina during this Centennial Year.

"I had to kill my dog this morning."
"Was he mad?"
"Well, he didn't seem any too well pleased."

"Yes" said the specialist as he stood at the bedside of the sick purchasing agent, "I can cure you."
"What will it cost?" asked the sick man faintly.
"Ninety-five dollars."
"You'll have to shade your price a little," replied the purchasing agent, "I have a better bid from the undertaker."

PERUNA A WONDERFUL MEDICINE

Rundown and Unable to Work
"I am pleased to recommend Peruna as it was beneficial in restoring my health when I was all run down from overwork and nervous worry and was unable to take up my regular work. A friend recommended Peruna and said he was sure that it would restore my strength. I soon found that I was getting better and in a little over two months I was able to resume my duties with renewed vigor and strength. It certainly is a wonderful medicine to vitalize the system."
