Rev. W. E. Poovey and daughter have returned from Hickory where they were the guests of relatives.

NO PRIMARY DEPARTMENT AT BREVARD INSTITUTE

The management of the Brevard Institute has endeavored since early in the summer to learn the wishes and needs of the patrons of its Primary Department and finds that every indication shows that it will not be necessary to re-open its primary rooms this fall. It seems evident that the Brevard Graded and High Schools will open on time or very soon thereafter, with a most excellent corps of teachers, providing

every means of doing a high grade of work for the pupils of our district. There is some call for the duplication of the work by the Institute, but it appears that the majority of the patrons prefer to use the advantages of the State School. It has therefore been decided that the Institute will not operate classes below the fifth grade this year. This is doubtless best, for it will make us take a more personal interest in our local school, which must, under any circumstances, train practically all of our children.

C. H. TROWBRIDGE.

Catarh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarh Medicine is what produces such wonderful results in catarh conditions. Send for testimonials free.
