\$75,000,000 TO BE RAISED IN SOUTH

BAPTISTS ANNOUNCE PURPOSES TO WHICH VAST SUM THEY SEEK WILL BE GIVEN.

STRENGTHEN CHURCH WORK

Special Effort of Denomination Along General Lines Will Be Enlarged And Made Stronger As Result Of This Campaign.

Every general interest fostered by Southern Baptists will be strengthened and enlarged through the success of the Baptist 75 Million Campaign which is now well under way, and which will reach its climax in the final drive to secure this sum in cash and subscriptions during the eight days of November 30 to December 7. A period of five years will be provided for the final payment of these subscriptions but for the campaign to succeed, the sum of \$75,000,000 must be subscribed within the eight days. Many have expressed the belief that the subscriptions will run to \$100,000,000.

At a meeting of the Executive Committee of the Southern Baptist Convention the \$75,000,000 to be raised was apportioned among the general inter-

ests fostered by the Convention, as follows: Foreign missions, \$20,000,000; home missions, \$12,000,000; Christian education, \$20,000,000; state missions, \$11,000,000; ministerial relief, \$2,500,000; orphanages, \$4,700,000; and hospitals, \$4,125,000.

The apportionment of this sum among the several states within the territory of the Convention has been announced as follows: Alabama, \$4,000,000; Arkansas, \$3,200,000; District of Columbia, \$200,000; Florida, \$1,000,000; Georgia, \$7,500,000; Southern Illinois, \$1,200,000; Kentucky, \$6,500,000; Louisiana, \$3,325,000; Maryland, \$750,000; Mississippi, \$3,350,000; Missouri, \$2,925,000; New Mexico, \$250,000; North Carolina, \$6,000,000; Oklahoma, \$2,250,000; South Carolina, \$5,500,000; Tennessee, \$4,660,000; Texas, \$16,000,000; and Virginia, \$7,000,000.

Here is what this big sum of money will help Southern Baptists do for the Master, as set forth by the Campaign Commission:

"It will equip more adequately and multiply manifold the 1,099 missionary workers of the Foreign Mission Board, and the more than 2,000 Home and State Board Missionaries.

"It will enlarge and raise to a better efficiency the 132 Baptist schools in the South.

"It will go far towards meeting the expanding needs of the Southern Baptist Theological Seminary and the Women's Missionary Training School in Louisville, Ky., the Southwestern Baptist Theological Seminary and Women's Training School in Fort Worth, the Baptist Bible School in New Orleans, La., a Theological Seminary for the Negroes, and will provide a first-class college for boys and girls of the mountain region.

"It will increase greatly our hospital service to the sick, open wider our arms to the orphans and provide a strong support for our aged ministers of the gospel.

"It will put Southern Baptists in position to assume a considerable share in the reconstruction of war-torn Europe, and embrace many of the marvelous opportunities for service which thrust themselves upon us from all parts of the world, at home and abroad."

While \$20,000,000 of this sum will go to foreign missions and thus be expended in carrying the gospel and its blessings to other lands, the remaining \$55,000,000 will be expended at home in building up home missionary, educational and benevolent institutions and projects, of which there are a number in every state within the boundaries of the convention.

RAILWAY LABOR MOVE ASSAILED

New York World, Strong Wilson Supporter, Denounces "Revolution by Ultimatum."

PARALLEL TO RUSSIAN IDEA.

Calls Railroad Brotherhoods' Plan for Government Ownership "Soviet Economics Venture."

New York.—The New York World, in a leading editorial, characterizes the railroad labor plan for Government ownership of railroads as "a straight-out adventure into Soviet economics."

The editorial page of the World has long had a national reputation for undeviating support of Democratic principles, hostility to Wall street, and the most loyal and vigorous assistance to President Wilson. The World says:

"Revolution by Ultimatum."

The plan of the railroad brotherhoods for taking over the railroad properties of the country is a straight-out adventure into Soviet economics. It contemplates collective ownership, but class operation and control, which is at the foundation of the Soviet system.

The American people, through their Government, are to buy the railroads from the private owners and turn these properties over to the railroad employees to manage and operate. In consideration of an investment of approximately \$20,000,000,000 the Government is to appoint one-third of the directors, and the public is to share in such savings in the cost of operation as may remain after the employees have paid themselves what they think their services ought to be worth.

The spirit in which the program is put forth may be inferred from a statement made by B. M. Jewell, acting president of the railroad employees' department of the American Federation of Labor, in which he said that if President Wilson's suggestion to Congress was carried out "we will tie up the railroads so tight that they will never run again if that legislation is passed." It might have been Trotsky himself speaking to a bourgeoisie that had offered mild and academic objections to being despoiled.

Who is the Government?

Before any railroad plan can be worked out one highly essential fact must be established—namely, whether the sovereign power of the United States is vested in Government and in the American people or whether it is vested in the railroad brotherhoods.

For three years now the brotherhoods have assumed that the sovereign power was vested in them, and Congress has provided them with excellent reasons for that assumption. When the railroad employees in the critical period of the summer of 1916 demanded an eight-hour day and threatened a general strike, President Wilson sent a message to Congress in which he urged that the eight-hour day be made the basis of work and wages, but he made four other proposals, one of which called for—

"An amendment to the existing Federal statute which provides for the mediation, conciliation and arbitration of such controversies as the present by adding to it a provision that in case the methods of accommodation now provided for should fail, a full public investigation of the merits of every such dispute should be instituted and completed before a strike or lockout may be lawfully attempted."

Try to Intimidate Congress.

Congress refused to enact this legislation because the labor leaders objected to it, and now we have a situation in which a labor leader can threaten to "tie up the railroads so tight that they will never run again" if Congress presumes to pass an act to which the brotherhood autocracy objects as unequal to its imperative demands.

The railroad brotherhoods have embarked upon a policy that even the most conservative of them must admit is economically revolutionary. If their scheme of nationalization under class control is to be carried out in respect to railroads, nobody can draw the line where it shall stop until all industry is under Soviet direction. Yet they are not putting their program out as a matter to be discussed and deliberately considered by the American people. They are trying to force the issue and bring about a revolution by ultimatum.

The Public Pays.

In the last three years the railroad employees have received hundreds of millions of dollars in wage increases for which the general public is paying. As a reward for its generosity the country is to be taken by the throat and choked into submission if the most complicated economic issues that have ever confronted it are not settled forthwith. If there is any difference between that kind of arrogance and the arrogance of the German general staff in July, 1914, we should like to know what it is.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—Advertisement.
