NOW IS THE TIME TO BUY CARS

There is a reason in all things and the reason that Chevrolets are sold more than any other car is that they are absolutely the best car value for your money.

Now is the time to buy your automobile, White & Woodward of Rosman, N. C. are local dealers in Chevrolet passenger cars.

Now is the time to secure the widest selection of models and now is the time to arrange for delivery.

1920 models are established. The public has had an opportunity to judge them in operation. There will be little change, if any, during the current year.

There is no indication that the prices will be lowered. The demand for automobiles is steadily increasing and it becomes especially heavy from spring on.

By placing your order during the winter months the uncertainty of spring and summer demand is avoided. Manufacturers are enabled to calculate the demand more definitely and to produce accordingly. Likewise delivery is made more convenient for the purchaser.

And there is plenty of use to be enjoyed from automobiles during the winter months. The time has past when a car's utility ended with fine weather. Today, with all the conveniences, one uses his car the year around.

In fact it is during severe weather that a car proves to be of the greatest convenience. Especially is this true of the practical closed cars that have become so popular for all season use. That's just what they're made for.

In short the purchaser who orders his car now has nothing to lose. If he does not want his car right away delivery may be regulated accordingly. If he does he can begin to get practical returns from it just so much sooner.

And a good car will be as fit as ever when summer comes, and what's more he'll have it.
