There can be no duplication of Woodrow Wilson by either party in the United States this year, but the democracy may seize the opportunity for service to itself about it? and the country by calling to leadership a man in thorough accord with the principles and policies of that great leader who brough it safely

President Wm. M. Wood, of American Woolen Company, is accredited with the statement that the high cost of clothing is due to the refusal of people to wear coarse cloths, and to hortage of 200,000,000 pounds, in he world's supply of wools. There s reason in the suggestion and an effort ought to be made to induce the fashionably inclined to call a halt to his form of extravagance. Former Secertary McAdoo classes "half-soled breeches" as badges of honor. So President Wilson will not stand for long as the people submit to the demand for high prices of any commodity they need not expect a reduction

Oklahoma Man Suffered Five Years Is Relieved By Taking Tanlac.

"I am certainly glad to recommend Tanlac, after the wonderful way it helped both my wife and myself," said J. N. Fightmaster, of the Fightmaster Baking Co., who lives at 915 North Dewey street, Oklahoma City,

"For five years or more," he continued, "my stomach had been out of order and I couldn't eat anything without suffering from idigestion. I would bloat up with sour gas and would get so nervous and upset that I couldn't attend to my business properly. My sleep was broken and I felt tired and worn out most all the time. I just managed to keep going, but \* felt my condition was getting more serious every day.

"I noticed an improvement soon after I started taking Tanlac, my appetite picked up, gas stopped forming and my food now agrees with me perfectly. My nerves are stronger, I sleep like a log and am able to look \* after my work now without any trouble. My wife had been in a weak and rundown condition for some time but Tanla chas helped her fine and we are both simply delighted with the way Tanlac has benefited us."

Tanlac is sold by leading druggists everywhere.—adv.

H. G. Rogers, brakeman, Railroad Street., Brevard, says: "Some years go I had a bad spell with my kidneys My back ached good deal and it seemed to take the ambition out of me. When I bent over I could hardly straighten. I think being on my feet so much and the jarring of the train is what brough this trouble on. Dizzy spells would come over me and black specks appeared before my eyes. My head ached a good deal, too. I was lame mornings and my kidneys didnot act as they should. Hearing of Doan's Kidney Pills, I got a supply and soon I felt like myself again." 60c at all dealers. Foster-Milburn
