NOTICE!

I have bought an extra large fine, Kentucky Jack for the benefit of myself and the other mule raisers of the county. On account of severe sickness and scarcity of help I have been unable to get a man to handle him this season.

If I don't secure a man to handle him in a few days, I will offer him for sale—cash or on time at a very reasonable price. He is very gentle and easy to handle and is all right in every particular.

Come and see him and his record.

I also have two pair of mules for sale, one large pair and one unbroke pair three years old; and several milk cows—also two houses and three lots.

Terms: one-half cash, remainder like paying rent. Get particulars from

SUFFERED BROKEN LEG— POEM BY MRS. MARY MILLS

The following items, which will be of interest to many Brevard friends, were clipped from the People's Advocate and Press, Newbloomfield, Pa. "Charles Mills, who, for some time has been walking on four legs, on account of having broken one, is actually walking on two "as he used to do."

"Mrs. Mary Hampton Mills, our house-mother, honors to-day our column with the following original poem:

SMILE

By M. H. M.

If you want the world to love you,
Just smile the whole day long;
Make folks think you're always happy,

Your life one long sweet song,
Never let them see the sadness,
That steals over now and then,
If tears link behind the laughter,
Choke them back and smile again.

For the world holds too much sadness
Each life knows so much of pain,
But in each must come some gladness,

Else our lives are lived in vain.
So when the clouds obscure our sunshine,

And there comes some days of rain,
Remember, soon we'll see the rainbow,
As the sun shines bright again.

THE BEST BEEF THAT CAN BE HAD IS WHAT SLEDGE HANDLES.

WORE NO SHOES FOR TWO YEARS

Los Angeles Women Lived in Bed and Pillowed Chair Until She Started On Tanlac.

"I had to be cared for like a baby before I began taking Tanlac," said Mrs. Alice Murphy, of 1501 Pennsylvania Ave., Los Angeles, Cal.

"Two years ago I had a very severe attack of muscular rheumatism" she continued, "and no one knows the pain and torture I have suffered since. My hands swelled until I could hardly work my fingers and I haven't been able to put on a pair of shoes because my feet were swollen so. I had sharp pains thru my back so bad that at times I simply could not keep from screaming. Sometimes I got so dizzy everything seemed to spin around and then I would have sharp pains and a chilly feeling afterwards. I was so helpless that I lived propped up with pillows in a chair or in bed all the time and had to be helped from one place to another.

"I tried every medicine or treatment we could hear of but it was money thrown away and I got so blue I did not care to live. Then my husband read in the papers about Tanlac and by the time I had taken it four or five days I saw it was helping me. Now, after taking several bottles, I can't praise Tanlac enough. My nerves are so much better I sleep like a child all night long. I am already doing my housework again and it is the first time in two years I have been able to get around at all and wear my shoes."

Tanlac is sold by leading druggists everywhere.—adv.
