

PE-RU-NA

Made Me a Well Man

Mr. Louis Young, 1652 Clifford St., Rochester, N. Y., writes:

"I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully, and I began to feel better. My wife persuaded me to continue, and I took it for some time as directed. Now I am a well man."

Suffered thirty years with

stomach trouble and hemorrhages of the bowels.

Liquid or Tablet Form

The Spell of Melody. "Give me the man who sings at his work!" said the idealist. "Yes," replied Farmer Cornstossel. "It's all right for a man to sing at his work, unless he insists on singing himself to sleep."

Exceptionally Qualified. Mrs. Gazippe—I'm rather hard to please. Have you had much experience as a maid?

The Applicant—I worked for the Scrapeigh Stiles for six months before they separated.

Mrs. Gazippe—I'll engage you. Now tell me all about it.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—the name California on the package when you are sure your child is having the best and most harmless physic for a little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."—Adv.

SIMPLY COULDN'T LOCATE IT

At That, Marine Showed Praiseworthy Willingness to Obey Orders Captain Had Given Him.

Army water carts differ from one another about the same as, say, one egg differs from another egg—namely, in size. The number of gallons which each can contain, is therefore, stretched on the top of it.

The captain of a marine supply company in France was inventorying his carts and totaling the figures.

"Wilkins," he called to an idle private who hadn't had the sense to get out of the way, "get me the capacity of this cart."

The captain ran his pencil down the column of figures for several seconds, keeping one ear open for the result of Wilkins' research.

But no reply came from Wilkins. The captain glanced up to find all of Wilkins except the head protruding from the hole in top of the water cart. A desperate struggle with some unseen monster seemed to be going on inside the cart. Finally Wilkins' baffled head emerged.

"I felt all around the blamed thing, captain," he explained, "and I'll be hanged if I can locate that capacity anywhere."—Home Sector.

Many Advantages.

"What about this bathing suit?" "It is well made, pretty and stylish." "Anything else?" "You can also bathe in it if you wish to."

Boil It Thoroughly

—fifteen minutes or more after boiling begins— Long boiling brings out the full, rich flavor of

Postum Cereal

And while you enjoy your cup of this attractive table drink, remember that it contains no caffeine or other harmful substance.

"There's a Reason"

NEW 45 PER CENT BANKED MOTOR TRACK

An auto racetrack just recently completed at Brooklands, is banked at some of the turns as much as 45 degrees. It is re-enforced with strips of concrete and inlaid wood, which helps considerably to make the track fast.

AIR CELLS MAKE TIRE RESILIENT

Its Outward Appearance Is Exactly Like That of Regular Pneumatic Product.

INSIDE TOTALLY DIFFERENT

Made Up of Oblong Cells With Rounded Corners and in Each Cell is Cone of Rounded Rubber—Proof Against Punctures.

A rubber tire for automobiles that is tubeless and punctureless, yet resilient, has been patented by Thomas C. Watkins of Ingram, Pa.

The outward appearance of the tire is identical with that of the regular pneumatic product. For a given car it has the same diameter and may be molded with any tread. The inside is, however, totally different. It is made up of oblong cells with rounded corners. In each of these cells is a cone of solid live rubber, with its base

Tire, its right half opened, showing the system of air cells and cones that make it puncture-proof, yet resilient.

toward the center of the wheel and its rounded point toward the outer circumference. When the weight at a given point exceeds that which the thick walls will carry the point of the cone comes into play. As the pressure increases a greater area of the cone comes into play.

Rigidity Sustained. Each of the cells—the number of which depends upon the circumference—is vented by two small holes. If the blow on the tire is sudden, as would be the case if it ran into a road rut or hit a stone, the air comes into play also. The holes are of a size to permit the air to escape slowly, thus sustaining rigidity at the time when it is needed. As the compressed section regains its normal shape fresh air is drawn in, and thus the tire is ventilated and cooled in warmest weather.

Of Great Advantage. One section of the tire might be damaged without throwing the remainder out of commission. This would be a great advantage in military vehicles, fire apparatus, funeral cars. Mr. Watkins evolved his idea more than two years ago. Since that time he has been at work with mechanical engineers familiar with rubber manufacture perfecting the design of the cells that the proper strength and thickness of the wall might be accurately figured out. He has now completed the molds that are necessary for making the tire.

PRESERVING FINISH OF HOOD

Particularly Important That Bonnet Be Wiped Dry After Being Out in Storm.

It is a well recognized fact that the finish on the hood dulls before that of the rest of the car, due mainly to the extremes of temperature which the hood has to undergo. It is a very good plan to wipe off the hood when you get back into the garage after a run in the rain, because the water dries on the hood metal very rapidly, due to the warmth, and the drops are almost sure to spot, in time gradually dulling the finish.

STORAGE BATTERIES

Don't overcharge battery or discharge it at too high a rate. Don't let battery stand discharged.

Don't let acid fall below top of plates.

Don't short circuit battery.

Don't use anything but distilled water for refilling.

Don't use commercial acid—buy storage battery electrolyte.

Don't allow metal tools to come in contact with battery.

Don't allow acid to spill over the top of battery.

Don't keep battery in cold, damp room.

Don't allow battery jars to come in contact with each other.

Don't let the e. m. f. of some cells fall below that of others.

Don't let connections get loose.

CANADA IS IN SECOND PLACE

Ranks Next to United States in Number of Cars Built and Owned—Employs 15,000 Workers.

Canada now ranks second among the countries of the world in the number of automobiles manufactured and owned and the number per capita, according to statistics furnished by the Firestone Tire & Rubber Co., Akron.

Canada's automotive industry employs 15,000 workers, represents an investment of \$50,000,000 and turns out \$100,000,000 worth of cars a year. A total of 94,000 cars were built last year.

Latest registration records show 350,000 motor vehicles in operation in the dominion, an increase of 13 per cent over 1918. One person in every twenty-three owns a car in Canada. In this country the proportion is one motor vehicle owned for every sixteen persons.

PLAN TO SAVE TIRE CHAINS

Good Idea to Shift Cross Links Occasionally to Properly Distribute Wear and Tear.

It is a good idea to shift the cross links of the tire chains occasionally. Move them so that they do not depend on the same link of the main chain all the time. The drag and wear in the chain center at the links to which the cross chains are fastened is considerable, and by moving from time to time the wear is distributed.

AUTOMOBILE HINTS

Don't leave your car standing with the engine running.

Unless you wish to crack the leather, do not use gasoline in cleaning it.

A single stray strand of wire may produce a ground which will stall the engine.

Chains that are adjusted too tight will tear the casing—they should be loose enough to creep.

A dust cover made of unbleached muslin, large enough to cover the car with the top up, is a good investment.

The average car owner hates the job of cleaning the springs and yet this ought to be carried out regularly.

The car owner who does considerable of his own repair work will find a spool of spring wire a great convenience.

The best packing for use in the water pump glands is either wicking, lead and graphite, or waterproof asbestos.

The chains are practically always used in wet weather and care is necessary to keep them from getting rusty. The chains should always be dried off before they are returned to the tool box after use.

DODSON WARNS CALOMEL USERS

You Cannot Gripe, Sicken, or Salivate Yourself if You Take "Dodson's Liver Tone" Instead

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition, and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Adv.

Siberian Exports Ready.

According to a dispatch from Omsk, Siberia, a committee has been formed to prepare energetically for the opening of navigation in the Obi and Yenisei basins. Raw materials valued at \$75,000,000 are being concentrated for export, comprising 2,500,000 squirrel pelts, 500,000 pieces of various furs, 300,000 pounds of various bristles, 2,700 tons of wool, 2,700 tons of flax, besides linseed oil, linseed and other raw materials. The first portion is estimated at 10,000 tons and efforts will be made to increase the second and third.

Constipation generally indicates disordered stomach, liver and bowels. Wright's Indian Vegetable Pills restore regularity without griping.—Adv.

Pretense Called For.

Edward had come to spend the time with Betty while his mother went to the club. She stayed so long they were tired of playthings and of each other. So finally in despair Betty said, "Well, Edward, let's just play we are having a good time."

Much has been achieved by attempting the impossible.

Sure Relief

BELLANS FOR INDIGESTION 25 CENTS

6 BELLANS Hot water Sure Relief BELLANS FOR INDIGESTION

Harmless, purely vegetable, Infants' and Children's Regulator, formula on every label. Guaranteed non-narcotic, non-alcoholic

For highly gratifying and most astonishing results in checking diarrhoea, and relieving wind colic, flatulency, constipation, and other disorders of baby and childhood use

MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator. It is the safest and best combination of purely vegetable ingredients that medical skill has ever devised and endorsed as this complete open published formula shows. Read it. Senna, Saline Citrate, Rhabarb, Sodium Bicarbonate, Oil of Anise, Cayenne, Clove, Coriander, Sugar Syrup. It costs more to make Mrs. Winslow's Syrup than similar preparations. Yet it costs you no more than ordinary baby laxatives. At all Druggists. ANGLO-AMERICAN DRUG CO., 215-217 Fulton St., New York. General Selling Agents: Harold F. Ritchie & Co., Inc., New York, London, Toronto.

ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist. This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be an honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to its curative properties. L. Timmerin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.

A. B. RICHARDS MEDICINE CO., Sherman, Texas

WINTERSMITH'S CHILL TONIC

SOLD FOR 50 YEARS. ALSO A FINE GENERAL STRENGTHENING TONIC. Good for Malaria, Chills and Fever.
