DESERVED PROMOTION:

.At a recent meeting of the Directors of The Brevard Banking Co., Miss Annie Shipman and H. L. Wilson were elected as Tellers. This is a recognition of their faithful service to the bank, and their hosts of friends will be greatly gratified to learn of this worthy promotion.

BREVARD BUILDING AND LOAN ASSOCIATION:

It is gratifying to know that the Brevard Building and Loan Association gains strength and power as time It is now stronger moves along. It is now stronger than ever before in its history. More shares have been taken recently than since its organization.

It is managed by capable and trustworthy men which largely accounts for its wonderful success in the new series just opened.

BREVARD INSTITUTE NOTES:.

G. K. Moore and family of Cliffside motored across country recently to spend a day with Miss Nelle Moore at the Institute.

Other recent week - end motor visitors were G. B. Goodson and family and S. D. Howard of Lincolnton, visiting Misses Goodson and Davis.

Miss Clandia Hastings of King's Mountain and Miss Osie Moorehead of Greer, S. C., former B. I. girls spent a few days here recently. A "Mum" party was held in the

dining - room at Saturday night dinner, which was somewhat unique. Every one who spoke or laughed paid a fine of five cents. As the members of the faculty were dressed to represent familier humorous characters. and waited on the tables, there was much merriment and many fines were

NAVY RECRUITING STATION:

The Navy recruiting officer at Asheville again calls the attention of ex navy men of this section to the fact that November 17, 1920, is the last day upon which men who have been out of the service more than four months and less than one year, may re-enlist and receive all the benefits of continuous service. These benefits consist of one month's pay as bonus for each year of reenlistment. thirty days leave, retain rating with which discharged, extra pay per menth for reenlistment and citizenship, choice of any receiving ship on east or west coast and be sent there at government expense or be sent back to ship from which discharged if so desired, and for the time being certain ratings may re-enlist for a flotilla of destroyers fitting out for a European cruise. While Nov. 17th, is the last day upon which men may reenlist and receive these benefits men thinking of re-enlisting should remember that they would have to be sworn in not later than that date which would make it necessary that they leave Asheville not later than the afternoon of Nov. 1th.

Victims of Sudden Disasters Helped Last Year by Red Cross

Atlanta, Ga., Nov.-What would your town do tomorrow, were it suddenly stricken by disaster?

The question is not as foolish as t may sound to people who are living today in safety and happiness and who no more anticipate disaster tonorrow than they do the end of the

For no one knows when or where lisaster will strike.

There was no warning of the San Francisco earthquake and fire. One noment the people of that mighty city were bustling about their business. atterly devoid of fear or premonition; he next their entire world was tumling about their ears.

One morning two miles of the city of Atlanta, Ga., were swept by fire in less than four hours.

Wall street never expected a bomb explosion until it came and killed more than thirty people and maimed scores of others in less time than it akes to read this paragraph.

Even gathering storms and rising floods, such as the south has known on its coasts and at river cities like West Point, Ga., give scant warning before homes are in andated and people forced to flee for their lives.

To any one at any time, tornado, fire and storm may bring peril and suffering. So the question ' is asked again:

"What would your town do tomorow if disaster struck?"

It is to provide an answer to that juestion that the American Red Cross has been in existence for years and years. It is the recognized official agency for disaster relief, and it has lived up to its responsibilities in a wonderful way.

That is one reason why the Red Cross deserves the sapport of everyone on its Fourth Roll Call-to maintain it so that, when disaster strikes, the stricken will always have a helping hand to turn to, the American Red

The disaster relief part of the Red man, are moving to Toxaway. Cross organization has been so thoroughly perfected that it can answer calls for help in the briefest possible

People of the south well remember how promptly the Red Cross responded to the need during the West Point flood last year, the Corpus Christi storm and several other southern disasters, while fresh in the memory of the entire country is the fact that Red Cross doctors and nurses were "first on the scene" at the Wall street

explosion. In addition to furnishing such prompt relief as this, practically every Red Cross chapter has a permanent disaster relief committee. which has made a survey of resources in their respective communities and is prepared to act promptly with the means at hand when disaster occurs.

Illustrative of the genuine need for just such preparedness as this in the United States is the fact that, last year alone, the Red Cross aided 30,-000 persons in 164 communities, all victims of 73 separate and distinct disasters.

In the accomplishment of this relief work 140 Red Cross chapters were called upon to assist, the sum of \$900,-000 in cash and supplies was expended. Thirty temporary hospitals were istic of any auctioneer, sold the recalled into existence, twenty-odd motor corps were organized, seven special relief trains were sent out and 110 special representatives and nurses were furnished in addition to the aid given by the local Red Cross workers in the community visited by disaster.

In these 73 disasters, including 19 tornadoes and cyclones, 2 hurricanes, 2 cloud bursts, 1 hail storm, 2 earthquakes, 1 landslide, 15 fires, 1 explosion, 9 floods, 10 shipwrecks, 1 train wreck, 4 riots, 1 motor accident and 1,500 woré injured, 13,000 (approxiwhile property valued at \$5,000,000 was

destroyed. The largest and most destructive disaster of the year was at Corpus Christi, Texas, in September, 1919. Approximately 400 were killed and 4,-000 made homeless. The Red Cross livision director with a staff of 35 assistants administered a fund of \$400, 000, giving aid to 3,600 families and four towns and rural districts and sufficient supplies to each family to en-

able it to stand on its feet. Because of tornadoes, the Gulf and Lake Divisions were called upon to send emergency relief with trained workers to nearly 80 communities. The two droughts in Montana and North Dakota gave abundant opportunity for trained workers from the Northern Division to help the Red Cross chapters demonstrate their usefulness, while a umber of shipwrecks proved the read-

Mr. and Mrs. Charles Owen's small child has been seriously ill, but is improving.

The recent entertainment given by Toxaway school was a success in every particular. The house was filled to its fullest capacity with eager patrons. Eeach participant of the program did credit to himself as well as to the school. Each No. was heartily enjoyed by the audience, as was evidenced by the unceasing encoring. Let it not be forgotten that one of the best numbers was the clear, concise and appropriate educational address delivered by Hon. Chas. B. Deaver. His subject was "the making of a man". For almost an hour he held the attention of his eager listeners as he sent home with magic force the great principles that first must be practiced in the home, school, community and nations before the

The record of last year emphasizes the need of abundant preparedness along the line of disaster relief, and has resulted in the organization of Disaster Preparedness Committees by about 400 chapters and the setting aside of a special emergency fund by the National organization of \$5,000, 000 in addition to the regular annual appropriation for this purpose made its budget.

MY STOCK JUDGING EXPER-IENCE:

The boys stock judging contest to select a team of four boys to represent the State at the National stock judging contest at Atlanta, Ga., was held in Hickory, N. C., Oct. 5th. The contest at Hickory began

early in the morning and lasted all day with classes of sheep cattle, and hogs and four animals in each class. The contest lasted all day and after the judging the judges began to

grade our papers. After two hours of strenuous waiting they announced the four boys selected to make the trip to Atlanta. I was one of the fortunate boys selected on the team and made the highest score on the The team was composed of team. deemed it wise to remove from our Glenn Barkley and A. V. Lowery, midst, Mary, the little daughter of Statesville: Louis Osborne of Brevard and myself.

The next day we spent in Hickory watching the judges place the ribbons on the livestock.

Leaving in the evening for Salisoury where we visited the show herds of Millers Hereford cattle, Harrison's Angus cattle and Stablers Guerseys, and given classes of each to judge. Our next stop was the Oakland farms of Angus cattle and Berkshire hogs at Asheboro. From Asheville we went to Raleigh by way of Randolph county fair where we saw some good livestock.

Arriving in Raleigh the capital of North Carolina Saturday night we rested over Sunday and Monday, visited the State College and experiment station where we were given some good classes of sheep hogs and cattle by the specialists and instructions on how to judge and the points to look

for. Monday night we left for Richmond, the capital of Va. and the Va. State Fair. Mr. Mask. state club agent and Mr. George Evans, sheep specialist came with us to Va. and gave us lessons in judging livestock for two days at the fair. The Richmond fair is one of the largest in the South and the livestock exhibits were fine.

Leaving Richmond Friday for Athens, Ga., where we visited the State College of Ga. before going to Atlanta. Here we were given some good classes on livestock.

When we arrived in Atlanta Sunday morning we were given a tent in the fair ground with a North Carolina banner flying from the top. tent was pitched with fourteen others representing as many other states by the side of a beautiful lake.

All boys in the stock judging contest were given privilege to go bathing and boating on the ets to the circus and shows in the

fair ground. The national club boys contest began Tuesday morning and lasted till We judged one Friday evening. class each of the following animals and had eighteen minutes to place seys, Holsteins, Angus Hereford and Shorthorn cattle, Hampshire, Berk-shire, Duroc, Jersey, and Poland China Hogs, and one class each of South down and Shropshire Sheep.

Texas won first place and the free trip to London, England, to represent the United States at the Royal Stock Show. The North Carolina team won

tenth place and \$25.00 in cash. Friday evening we spent looking over the Museum in Atlanta and other interesting points.

One of the most interesting things we visited was an Ostrich farm in Atlanta. They have over one hundred fine birds and had the privilege of riding one of the largest birds in the world.

Friday evening we left for home after seeing a lot of the country and learning a lot about livestock.

Former employes in the shops of the Seaboard railway here who have been discharged are preparing to go to other cities to find employment. More than 100 are affected by the order which reached the main offices of the Seaboard.

It does not appear why the railroaders were laid off but it is presumed that the reduction at the Raleigh shops is in line with similar action taken at Portsmouth several days ago, The supposition is that less repair facilities are to be maintained in the southern states.
