

10 Days Reduction Sale In Hats, Shoes and Clothing

Beginning Friday, November 13, and continuing through November 24th, we will offer to the people of Transylvania the greatest opportunity they have had to buy real bargains in men's and boys' ready-to-wear lines.

In our Griffon Suits for men, we have reduced our price from three to eight dollars a suit, and on our boys' suits we have reduced prices from \$1.50 to \$4.00 per suit.

In our Shoe Department we can save you from 50c to \$2.00 per pair on shoes, and no better shoes are carried in Western Carolina than the shoes sold by us.

Our reason for putting on this reduced price sale is that the public is crying for lower prices, and we are trying to do all within our power to make your money count 100 cents on the dollar.

We will not buy any cheap, sorry or seconds in anything to sell in our sale, but are offering you standard goods, such as we have always sold. Come to see us during the next ten days and buy your winter needs at a great reduction.

THE PRAYER CORNER

Our Weaving

"In one of the famous lace shops of Brussels, there are certain rooms devoted to the spinning of the finest and most delicate lace patterns. These rooms are altogether dark save for the light from one very small window which falls directly upon the pattern.

There is only one spinner in the room, and he sits where the narrow stream of light falls upon the threads that he is weaving. Thus, we are told by our guide, "do we secure our choicest products. Lace is always more delicately and beautifully woven when the worker himself is in the dark and only his pattern is in the light".

May it not be the same with us in our weaving? Sometimes it is very dark. We cannot understand what we are doing. We are not able to discover any beauty, any possible good in our experience. Yet, if only we are faithful, fail not and faint not, we shall some day know that the most exquisite work of our life was done in those very days.

If you are in darkness because of some strange, mysterious providence let nothing make you afraid. Simply go on in faith and love, never doubting, not even asking why; bearing your pain, and learning to sing while you suffer. God is watching, and He will bring good and beauty out of all your pain and tears.

"A PRAYER"

Our Father help us to look up to Thee in all the changes and chances of this our mortal life; in the darkness, as well as in the light, in our pain, as in our pleasure. When the tears fall, as when the smile and the laugh are our companions — and thus Thee implicitly, nothing doubting. Knowing that "he that doubteth" is like the surge of the sea, driven by the wind and tossed and shall receive nothing from Thee".

Let us never forget that "all things work together for good to them that love Thee", and that if we are only faithful, failing not nor fainting, we shall one day know that the most beautiful work of our life was done in the days of darkness.

Let nothing make us afraid, but help us to go on in faith and love, never doubting, not even asking why? bearing our pain, and learning to sing while we suffer, assured that Thou art watching and wilt bring good and beauty out of all our pain and tears, for Jesus Sake, Amen.

SENATORS CALDER AND EDGE WILL INTRODUCE BILL FOR STRINGENT REGULATION

INDUSTRY IS SELF-CONVICTED

Both Senators Are Conservatives in Matter of Government Ownership But Disgusted With Situation.

New York.—United States Senators William Calder and W. E. Edge, members of the senate committee on reconstruction, in a joint statement announced that "unless the coal industry reforms itself and cuts prices to a reasonable figure by December 6th, they will introduce a bill for the most stringent regulation of every branch of the business."

The senators declare they do not undertake to say "that this individual is a profiteer and that this one is not, but the coal industry as a whole stands self-convicted of practicing gross extortion on the whole public of the United States."

"We are both opposed to government regulation as a policy," the statement said, "but the government must assume responsibility for its people, and we will recommend a bill for entire control of the industry just as far as possible under the constitution unless prices are materially reduced to the public by December 6."

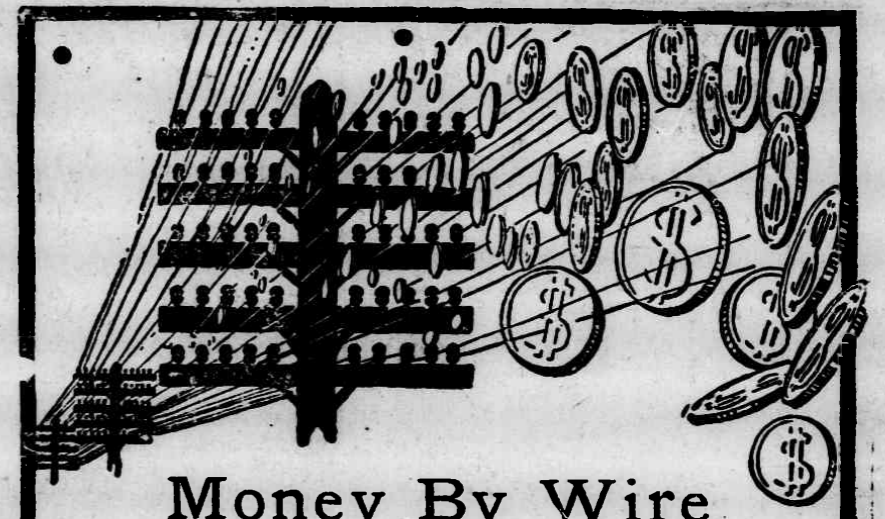

"We are dead in earnest about this. We are both conservatives on the matter of government ownership, but we are absolutely disgusted with this situation."

Cox on Hunting Trip.

Montgomery, Ala.—Gov. James M. Cox, of Ohio, Senator Harrison of Mississippi and former Senator Thomas Taggart of Indiana, will reach Montgomery during the week, en route to Tuskegee, Ala. where they will be the guests of Col. Ed Leslie, prominent planter and sportsman of Macon county, on a hunting trip.

Alaska's Population Decreased.

Seattle, Wash.—Alaska's population is 54,718, a decrease of 14.9 per cent in the last decade, according to an announcement made here by W. T. Lopp, superintendent of the Alaska district of the United States bureau of education who had charge of the census in the northern territory.
