## Neckpiece

ONCE more the dress is coming in fashion and we appear to be ward frilly and fringed guaranteed to be becoming or old—and especially latter. It has taken us to wear the round or adorned sometimes, even as a band of lace, for sagging of the muscles passing of youth appear and throat. But now again the high collar lace or net, high-necked frilled vestees, chokers least we have the permanent names in the world of far as we like in the high. Cloth frocks with cho the material, however, are open at the front, revealing a finish of white throat of the throat exposed. can wear them there wide frills of platted with a band of ribbon bow at the front. Frills, ish long sleeves and this for silk afternoon frocks.

For outside wear fur capes lend elegance to frocks and are equally ad
