The Compositor Has His Troubles Too

## The Twenty-Fifth Series in the Brevard Building & Loan Association Will Open March 19th, 1921

Thrift, systematic saving, yields not only Capital and Profits but self-respect and ultimate independence. No one thing in its midst has done or can do more for the upbuilding of a Town than a prosperous and active Building and Loan Association, backed by the active co-operation and patronage of its people. It ministers to the community in three distinct ways:

- 1st. To the wage earner who wants to buy or build a home and pay for it in easy installments that are now eaten up by rent.
- 2nd. To the one who can and should be saving against the time of need that some day comes to practically all of us.
- 3rd. To the one who already has a modest nest egg that it is desirable to invest where it will yield a good rate of interest, free from personal care or taxation.

The monthly or weekly installment plan provides for the first two, and paid-up stock meets the needs of the last class.

Remember that the Association is purely mutual and that every dollar of its earnings, over and above its modest expense account, goes back to the members in profits.

Classes 2 and 3 supply the needs of Class 1, with good profit and perfect safety to themselves; and if the people of this community give this Association the patronage and support it deserves, probably twenty new homes can be financed and built this year.

Another information desired can be obtained from the Secretary. Come in and help make Series 25 the biggest and most helpful in the Association's history.

*T. H. SHIPMAN, President*

*G. E. LATHROP, Acting Sec. & Treas.*

### BANKER MAEKS A PERSONAL STATEMENT REGARDING CONDITION OF SON

Prominent Banker and Business Man of Hendersonville, North Carolina, Says After Seven Years of Suffering His Son Found Relief in Garren's Tonic — Now Gladly Recommends This Tonic.

If you are troubled with indigestion, dyspepsia, loss of appetite or stomach trouble of any nature, it will pay you to get on the train, and it doesn't matter how far you have to ride, go to Hendersonville, the home of this prominent banker, in order to let him and hundreds of others in that city and county tell you from actual experience gained during the past fifteen years the true merits of this wonderful medicine, made from native roots and herbs. The good it has accomplished for the people in that vicinity is an acknowledged fact by all, and they are loud in its praise.

When a man who holds the esteem, friendship and confidence of all the people, and has builded his years of activity and success upon the basis of friendship, makes a statement such as the following one, it must be void of doubt and regarded as authentic and valuable information to those who are unfortunate enough to suffer from either or all the above causes. If interested either in yourself

or a friend, who is numbered among this great throng doomed to suffer from such causes, read what this banker says and let it be a source of information sufficient to create action on your part. He says: "I can cheerfully recommend Garren's Tonic, especially for stomach trouble. During the past seven years my little boy suffered very much with his stomach. He tried many remedies, but found only transient relief until we were persuaded by a friend to try Garren's Tonic. After he took two bottles we were more than pleased with the result, and can highly recommend this Tonic to all such sufferers." Respectfully, U. G. Staton, Vice President, Peoples National Bank, Hendersonville, N. C.

Garren's Tonic is a compound, made from nature's own remedies to combat diseased intestinal organs that fail to function according to nature's plan. Garren's Tonic is a family remedy that merits the confidence of all the people, and a Tonic that is winning great momentum in its daily increase of sales. Garren's Tonic is sold in Brevard by Davis - Walker Drug Co., and in Lake Toxaway by J. T. Harrison, Jr.

Make today your day to begin using this wonderful remedy — for your health's sake — say Garren's Tonic to your druggist.

Single bottle, \$1.25; Buy 5 bottles for \$5.00.
