GENUINE "BULL" DURHAM TOBACCO

H. W. BORING, a well-to-do Kansas farmer, says he has gained twenty pounds and is in better general health than he has been in years, since taking Tanlac.

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straight-forward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

"During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing seemed to agree with me; in fact, I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the small of my back so bad at times I could hardly move around.

"My nerves were all unstrung and I would become upset at the least little thing. I seldom slept well at night and finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend a half hour or more clearing up my head.

"This is just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the first. My digestion now is perfect and regardless of what I eat I never suffer any bad after-effects.

"The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous and rest well at night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my home so it will be handy at all times."

Tanlac is sold in Brevard by the Davis-Walker Drug Co., and in Davidson River by J. J. Patton & Son and C. R. McNeely, Lake Taxaway, N. C.

ONE NEGRO SHOT BY ANOTHER AT A CONSTRUCTION CAMP

A negro shot by another negro, named Will Howard, at Wells' construction camp on Avery's creek, is being cared for at the Mountain Sanitarium, while Howard is lodged in jail awaiting trial. The injured man is said to be improving, although suffering from two bullet wounds, one in the breast and the other in the shoulder. The shooting is said to have occurred as the result of an altercation over whiskey.

The shooting at the camp took place Saturday, and Howard tried to get away, but was caught by Sheriff Shipman at Blantyre.

Facts From Jerusalem

Easter, the Great Festival of the Orient, is Interestingly Celebrated

The name of Jerusalem is repeated on Easter day by millions and millions of followers of the Christian religion as well as the Jewish. If one stops to think how many times the word Jerusalem has been repeated during the 2,000 years that have passed since the appearance of the Nazarene on the platform of the world history we must admit that there is no city in the world that can rival with Jerusalem in fame. The name of Jerusalem has become a familiar and sweet name to many a nation and many an individual.

RECENT reports it was mentioned that Jerusalem has been covered by a white carpet of snow 20 inches deep, and that due to the excessive snow load one of the old olive trees in Gethsemane gave way and fell. The fall of this tree has again fulfilled another prophecy stating that Jerusalem will be delivered from the hands of the Turk when one of these trees should fall.

The Easter season is by far the busiest and most interesting one of Jerusalem. The setting in of spring makes it possible as well as pleasant for tourists and visitors from all parts of the globe to gather in the Holy city and see with their eyes the place whose name is world-famous and on which scenes occurred that tend to bring about decisive turning points in the history of the human race.

ONE of these places is the Garden of Gethsemane. As the Hebrew name indicates, Gethsemane was an olive garden, with an "oil press" on its grounds. The present garden is situated on the western slopes of the Mount of Olives, a little distance up from the Kidron valley. Although very much reduced in size, it still contains some of the old olive trees that stood there when the Gafflenn spent the night with his eleven followers before he was betrayed. The place has been turned into a beautiful flower garden, and from here cards are sent to all parts of the world with flowers from Gethsemane glued on them.

On Green Thursday before Easter the vast number of visitors walk down the slopes of Mt. Mira, on which the temple stands, cross the Kidron valley near Sitti Miram, the tomb of St. Mary, and enter the garden after ascending a distance up the Mount of Olives. For lack of space to accommodate the visitors, they are allowed to remain a short time on the place, during which they can sing a hymn or read a passage from the New Testament and then make room for newcomers. Hymns characteristic of all Christian nations are sung in almost every civilized tongue in the quietude of the garden.

BUT the most attended festival is the celebration of the Holy Light. The celebration is world famous and yearly attracts visitors from all parts of the world. At one o'clock in the afternoon of the Saturday before Easter, the light is given out from the front chamber of the tomb by the Greek Orthodox Patriarch and is passed on by the anxiously waiting youth of Jerusalem. Every individual who carries a candle lights it from the light next to him and in a marvelously short time the light is passed on through the different parts of the interior of the church, out into the yard, up to the visitors on the flat roofs of the church, through the city and out into the churches of the whole country.

BEFORE the war the Turkish military force used to police the occasion to prevent any disorder, but mostly to show that Islam is dominating even on the very sacred grounds of Christianity. But since the entrance of the victorious General Allenby, the policing was done by Tomnies or Australians, who were participants in the celebration and whose presence was deemed essential only for preventing molestation by pickpockets.

Gordon, an English archeologist, discovered a hill outside the Damascus gate which has the shape of a skull with holes arranged so as to form two eyes, a nose and a mouth. At the foot of the hill is a garden, and on one side of the garden is a tomb hewn into the rock. The tomb corresponds to the description of the tomb mentioned in the New Testament.

THE Easter Sunday is celebrated at daybreak in the Holy Sepulcher with a very impressive service. Yet the main celebration is in the streets

of the city and the homes of the people. The children enjoy the game of trying to see how many eggs they can break by the ones they have, holding them in a vertical position. The broken egg becomes the property of the winner. Easter is the great festival of the Orient. On this occasion people have parties to which they invite their friends. Greetings and good wishes are exchanged both orally and in writing. The best Syrian candy and sweets, as well as the best dishes, are found on the Easter meal table in Syrian homes.

The Jaffa gate, which was made famous by the entry of General Allenby to Jerusalem, is the most important gate of the city. Alongside of the gate is the entrance, which was made by tearing down a piece of the ancient wall to form a suitable entrance for Wilhelm Hohenzollern in 1898. In front of the Jaffa gate, also called Bal el Kallil, by the Gate of the Friend, three principal streets meet, namely, the Jaffa street, David street and the road to Bethlehem.

THE place in front of Bal el Kallil is the busiest section of the whole city. An observer of the life during Easter time sees a mixed human stream passing in and out through the "Gate of the Friend." This continuous stream is made up of representatives of all nationalities, tongues and creeds.

Bal el Kallil is the center of traffic of the city. Here the vehicles stand in line ready to convey the natives, as well as the tourists, through the city and through the country. Camel caravans in their characteristic slow pace share the pavement with the modern motor-driven cars. A scene at the Jaffa gate during the Easter season has no equal in any cosmopolitan city in any part of the world, and impresses upon the observer the importance of the city and the fame which it owes to the occurrences of the Easter season 2,000 years ago.

CALVARY was a hill on which criminals were crucified. The crucifixion was an old Eastern habit.

The historical hill of Calvary, on which the three crosses of that Good Friday stood, has disappeared. On its site the Church of the Holy Sepulchre has been built by Helena, the wife of Emperor Constantine of the Byzantine empire, in the fourth century after the Christian era. On this place the celebration of the foot washing and the Holy Light takes place.

The foot washing is celebrated on Greek Thursday in the court of the church by the followers of the Greek Orthodox faith, reproducing the foot washing that took place in the room of Zion 2,000 years ago.

Build Now--Build With Wood

Spring and the home building idea have ever been "Tied Up in One!"

The desire to build is the most natural and worthy of all human impulses, for shelter for yourself and loved ones is second only in importance to food, and without shelter American climatic conditions make living uncomfortable, if not impossible.

Lumber is NOW the Lowest Priced Construction Material in the World Today

so lumber prices can now no longer be said to be a bar to building. Lumber has taken the price decline side by side with farm products, and thinking in terms of what the farmer produces it is as easy to buy as it ever was.

Many of you need that new home, and need it badly—then there's the matter of possibly a larger barn and many other farm building needs, which doing without cripples your farm activities and makes life full of discomforts and inconveniences.

What's the use of doing without what you need—why put off such things as the building of that new sleeping porch that will do so much to give you the invigorating sleep which produces a fresher mind and a more vigorous body and keeps you "fit" during the hot weather that will soon be coming? Stop taking things for granted, come and talk over building with us and let us tell you what actual conditions in regard to building costs really are.

Now, there isn't a single good reason for the man who plans to do the work himself putting off any kind of building or building improvement; for in our opinion, *lumber prices have struck bottom!* Let us have an opportunity to show you our collection of pictures and plans, and suggest ways and means by which you can *Build NOW with the Greatest Economy.*

Come and talk it over—we'll make you glad you did.
