PROGRAM

FRIDAY, MARCH 25
"Son of Tarzan" — Also Good Comedies

MONDAY, MARCH 28

Franklin Farnum, in "The Galloping Devil". The mysterious romance of the far Western prairies, of man's lion-like courage in the face of evil—a story of thrills and gasps, of rapid-fire gun play and reckless horsemanship, with love and laughter — this is the kind of a tale told in THE GALLOPING DEVIL.

TUESDAY, MARCH 29

Antonio Moreno and Short: Hamilton in Serial and Good comedies.

WEDNESDAY, MARCH 30

TEX in "The Trial of The Cigarette". You are missing the best of pictures when you fail to see these Tex pictures — Ask those who have been there.

THURSDAY, MARCH 31

Miss Ethel Clayton in "CROOKED STREETS."

TAKES CHARGE OF CHURCHES

Rev. J. E. DuPree, who was recently called as pastor of Mount Moriah and Catheys Creek Baptist Churches, has taken charge of this work and is preaching regularly at these places. His appointments are at Catheys Creek on the first and third Sundays and at Mount Moriah on the second and fourth. At both churches there are morning and evening services.

Mr. DuPree came from the Hominy field in Suncombe County. His family will join him about the first of May, and they will occupy Miss Mary Galloway's house at Calvert.

Organized Evil Forces at Work; Seek the Disintegration of Society.

By CALVIN COOLIDGE, Vice President-Elect.

I speak in behalf of higher education. There is need not only of patriotic ideals and a trained intelligence in our economic life, but also of a deep understanding of man and his relationship to the physical universe and to his fellow man. There has always been evil in the world. There are evil forces at work now. They are apparently organized and seek disintegration of society. They can almost be recognized by a direct appeal to selfishness. They deny that the present relationship of men has any sound basis for its existence. They point out to men with untrained minds that it takes effort to maintain themselves and support government and claim that they ought to exist without effort on the accumulation of others and the denial that men have any obligations toward one another. The answer to this lies in a knowledge of past human experience and a realization of what man is.

The sources of the state of mind which supports civilization are education and religion. We hold by the modern standards of society. We believe in maintaining modern civilization for the protection and support of free government and the development of the economic welfare.

The great test of an institution is the ability to perpetuate itself. It seems fairly plain that these institutions can survive with the aid of higher education. Without it they have not the slightest chance.

We justify the greater and greater accumulation of capital because we believe that thereupon flows the support of all science, art, learning and the charities which minister to the humanities of life, all carrying their beneficent effects to the people as a whole.

Unless this is measurably true, our system of civilization ought to stand condemned.

WEIGHED NINETY POUNDS BEFORE WEIGHT INCREASED TO ONE HUNDRED AND THIRTY

Gained Forty Pounds—Restored To Health After Many Years of Suffering From Scrofula and Nervousness By Taking Garren's Tonic.

Much has been said and done in an effort to establish the exact extent of the medicinal values found in Mountain Herbs, Roots, and Barks but nothing so far attempted, so clearly demonstrates to the people their blood purifying qualities as does the statement of Mrs. Susan Thompson of Hendersonville, North Carolina. Does not the following statement coming from her own lips, tell in unspeakable truths the most wonderful report so far recorded of the medicinal values found in Nature's own gift to mankind — the Herbs, Roots and Barks that grow wild in the wilderness of the mountains, fulfilling a mission according to God's own plan.

"Two years ago as a great sufferer from scrofula of an interior and exterior nature, I suffered intensely. Everything I ate disagreed with me and I was overcome at times from nervousness. I gradually lost in weight until I weighed only ninety (90) pounds, and was so weak and run down that I could not walk any distance without becoming completely exhausted. I tried a good many different remedies but nothing seemed to do me any good. "I had heard a great deal about

Garren's Tonic and the good it was doing so many people, so decided to give it a trial myself. By the time I had finished my first bottle I could see that I was improving and felt better in every way. My strength began to come back to me, and I could see that I was gaining weight right along. I continued taking Garren's Tonic until I had gained in weight from ninety (90) to one hundred thirty (130) pounds, making an actual gain of forty (40) pounds. "I am happy to say that my scrofula is gone and my whole system is so wonderfully built up that I feel as well in every way as I ever did in my life. Garren's Tonic has been worth thousands of dollars to me, and I cheerfully recommend this wonderful remedy to others who suffer as I did."

Garren's Tonic is a purely vegetable compound, made exclusively from Herbs, Roots and Barks and can successfully be called The-Back-to-Nature Remedy. Garren's Tonic is sold in Brevard by Davis - Walker Drug Co., and in Lake Toxaway by J. T. Harrison, Jr. Single bottle, \$1.25. Buy 5 bottles for \$5.00.
