FRIDAY, APRIL 8th, 1921.

**ROAD PROSPECTS:**

Hardly any question is so interesting to the county at large as that bearing on the road situation, and The News regrets that definite information this week on this subject is not sufficient for a clear presentation.

Nevertheless, the prospects look good for the people to get what they want. What they want eventually, of course, is a system of hard surface highways leading in all principal directions. Reliable information is to the effect that we shall get our share of such highways as soon as necessary arrangements can be made with the powers higher up.

We are encouraged by the State Highway Commission to believe that adequate provision will be made, and at an early date, for the road to Hendersonville, the road to Pickens and Greenville, and the road to the Jackson County line. If this is true, Transylvania will be "put" on the map, indeed. It will become the first — and by all tokens, the best — stopping place for the thousands of visitors coming from the South.

**LOSING SIGHT OF POLITICS:**

There is a very positive tendency just now to lose sight of partisan politics in the coming municipal election.

Some have been suggesting that Republicans as well as Democrats be represented on the board of Aldermen, and this suggestion has not been confined to members of the Republican party.

But why make it a matter of representation of any party or any clan? The fundamental idea of any government is representation of the people.

Let us have a ticket, or tickets, which express the voice of the people. Normally the town is Democratic, but town economy, town efficiency, town progress, town enforcement of law are all matters of business and not of party.

Let the people express their will in a mass meeting.

**TIMELY TOPICS:**

The News recommends to its readers for careful perusal the timely articles written on live local topics by various citizens. It is hoped that, coming out in this issue, or on hand for future publication will appear articles such as those recently appearing to come in. This paper is, or ought to be, the people's forum, where all subjects touching on the welfare of the town or county should be discussed.

Unfortunately, The News cannot print every week all the articles it may have on hand. Priority in time often gives precedence in publication. Other causes sometimes bring about delay.

Contributed articles on civic matters not appearing this week may be expected later.

Freshly painted without and grandly remodeled within, the Transylvania Court House has now become an object meriting the pride of the County. And just wait till the lawn is covered with grass and the privet hedge has grown high and thick and the cobblestone wall guards the entrance — upholding its sentinels of the public safety!

Will the sex of the word "alderman" have to be changed? And are we going to have "city mothers"?

Sometimes it is to be feared that woman, in gaining her rights, has abdicated her throne. But if she lost her old traditional one (which Heaven forbid) the indications are that she is about to occupy another here in Brevard.

The question of a moral clean-up, of decent dress and decent dance will evidently be passed on to the next administration. May its shoulders be broad enough for the burden!

The Brevard News will publish all political communications and suggested tickets that have been received in next week's paper.

**DR. ENGLISH WANTS ALDERMAN PAID.**

Suggests paying alderman for Superintendent's Duties — Colls Also For Mixed Ticket.

Editor Brevard News:

I wish to suggest a change which I think would be to the best interest of the town. That is for the Board of Aldermen to elect one of their number as superintendent of the various duties and pay him for his time. I know that one of the present board has given his time and personal attention to the streets and waterworks and everything that is to the best interests of the town without any compensation. He has helped make various improvements on the streets that were very essential and all the streets have been kept up better for the last year or two than ever before and when we have an alderman and an efficient overseer that will take such personal interest, I want to ask the question, why should we change him?

I also want to ask the question, why should a small town like Brevard be a political organization? And be divided against itself as both parties own property and pay taxes and are interested in the town and should be represented. The ladies should also have a representative, one or more on the board of aldermen.

E. S. ENGLISH.

**NEW POLICE UNIFORMS:**

Chief of Police Barnett and night watchman Harold Hardin recently received regular police uniforms, which they are now wearing. The uniforms are of a dark blue and are very becoming to the officers. The chief's insignia of office is distinguished by the gilt epaulettes and by the gilt stripes on the trousers. Mr. Barnett has ingeniously turned one of the small buttons into a necktie pin, which he wears as a further emblem of office.

**IN SHOE SHOP:**

T. W. Foster, a hand sewing shoe repairer, has accepted work in W. P. Henderson's shoe shop.

**DEATH OF MRS. CONLEY:**

Mrs. Lit Conley died on March 31 at the home of her daughter, Mrs. Mark Bagwell, of the Island Ford community. She was 79 years of age. Her death was caused by pneumonia.

Funeral services were held at the Bagwell home, followed by interment of the East Fork Baptist church cemetery. The services were conducted by Rev. R. R. Hay.

Mrs. Bagwell, whose maiden name was Miss Mary Anne Galloway, was born in this county, May, 1842. She became the wife of Lit Conley of S. Carolina, who died three years ago. Their married life was spent here. Of this union there are four surviving children, 15 grandchildren, and 16 great grand children. The children are Mrs. J. L. Graveley, Mrs. Mark Bagwell, Will Conley and Tom Conley.

Mrs. Conley had been a member of the East Fork Baptist Church for many years, having joined the church when quite young. She leaves the record of having been a good Christian, who loved her church and Lord and who labored faithfully in His vineyard.

**SUPERIOR COURT APRIL 18**

Superior Court will convene on Monday, April 18, with Judge W. J. Adams of Carthage presiding. It is expected that the criminal docket will occupy about all of the first week of court.

**CARD OF THANKS**

We wish to thank the people of Brevard for their many kindnesses shown Mr. Starrette during his sickness, as well as those who so generously provided transportation to and from the cemetery. We appreciate the same.  
Mrs. F. S. Starrette and children.

Mary Pickford in THE LOVE LIGHT at the Auditorium, Monday, April 11th.

**FEELS FIT AND FINE AND TIPS THE SCALES AT 180 POUNDS**

Does All Kinds of Heavy Lifting and Has Not Felt Any of the Old Effects for Over a Year. Thanks to Garren's Tonic, "I Am Strong and Healthy."

"I am Strong and Healthy." There are hundreds of thousands of people in the world today who would like to be able to give utterance to this expression. YOU may be numbered among this multitude of sufferers from stomach trouble, indigestion, nervousness, constipation, lack of sufficient blood supply or the numerous illnesses of kindred symptoms arising from poorly digested food. If you are, you have only yourself to blame, for the same aid that was given Mr. J. P. Anders, Hendersonville, N. C., is offered to you and to the world, in a simple Back-to-Nature Remedy made from mountain Herbs, Roots and Barks, known as Garren's Tonic. This tonic is purely a vegetable compound containing just the right proportion of the right kind of Herbs and Roots, scientifically worked out by expert chemists and biologists to produce the desired results.

When food is not properly digested, that which is intended to give strength to the body is failing to perform its mission.

The basic principle of Garren's Tonic is its effect upon the digestive organs of the body, putting them in fit condition to properly digest all foods.

When all foods are properly converted into strength for the physical body the constitution is so re-enforced that nature's own resistance becomes too great to be overcome by the germs effecting many diseases.

Mr. Anders sets forth many of these diseases that arise from being unable to properly digest one's food — read what he says:

"About three years ago I was taken with a severe case of rheumatism which caused me pain and suffering. I tried many of the best treatments for months, without getting relief. After discovering my case had been a complete failure, having been told that the nerves and muscles of my legs were so diseased that I could never be cured, I grew despondent. One of my legs, at this time, had perished away to half its natural size; I then took all the guaranteed remedies that I could hear of, without getting the slightest relief."

"I was finally persuaded by my wife to try a bottle of Garren's Blood purifier and Tonic, and the results were really wonderful. Before I had taken all of my second bottle, my indigestion was gone and I could eat and sleep well. The pains went away and I improved so rapidly that in less than sixty days I had completely recovered. Best of all, it has been twelve months since I have felt any of my old symptoms. Now I can do all kinds of heavy lifting without ever feeling any inconvenience from rheumatism. I am a strong and healthy man and tip the scales at one hundred eighty pounds, and shall always be grateful for Garren's Tonic."

Garren's Tonic is sold in Brevard by Davis-Walker Drug Co., and in Lake Toxaway by J. T. Harrison, Jr.

**New Transfer in Town**

S. H. SINIARD & BROTHER

have opened a new transfer and general hauling business in Brevard and will appreciate your business.
