

REPAIRS HOUSE FOR SUMMER USE — OTHER CEDAR MT. NEWS:

Mrs. Chas. Hill of Aiken, S. C., who has a summer home here, has been up having some repair work done. She expects to come back soon to spend the summer months.

Miss Nellie Lee returned Saturday from Greenville, S. C., where she has been visiting her aunt, Mrs. F. R. Bishop.

Miss Rhoda Heath has been real sick for the past week. We hope she will be out again soon.

Born to Mr. and Mrs. Joseph Jones last week, a son.

Miss Eldine Bishop has just returned home from the Mountain Sanitarium where she underwent an operation for appendicitis.

The farmers of Cedar Mountain are real busy this week planting corn.

Little Jennie Burns has been sick for some time but is recovering.

Harlen Jones and Hamlin Bishop were in Greenville last week.

Mr. and Mrs. V. B. McGaha visited Mr. McGaha's daughter, Mrs. Eliza Raxter, last Sunday.

Hobart and Raymond Bishop spent last week in Brevard.

FROM MISSOURI:

We Missourians are feeling kind of blue. On Easter Sunday we had a freezing rain. Killed all of the tree fruit and hundreds of the trees, especially the budding fruit and the pears. We will not have more than one-third crop strawberries. The peaches were in full bloom, and the apples showing red. The average fruit crop of this country is counted by millions in dollars.

Then here comes the slump in prices of farm products. It seems that the farmer is always the first sufferer. Think of it! Eggs from 60 cts to 15, butter from 70 to 30 cents. Flour from \$7 per hundred to \$4, corn from \$2 per bushel to 75cts. Milch cows that sold during Wilson's administration for \$100, now \$25. General merchandise has fallen some but not in proportion to farm products. And Harding has not yet been President quite three months yet.

And still more trouble. We are in the midst of a flood. Rivers and creeks out over the bottoms, wheat and oats under water.

We had April in February, now we are having February in April.

But we are in fine spirits. See! J. R. HAMLIN.

ROSMAN ITEMS:

The farmers are busy planting their crops.

We are glad to learn that there is still plenty of fruit South of the Blue Ridge in Shoal Creek section.

Cold winter has passed. Spring time is here with all of its beauties. How glad we are to see the earth covered again with its mantle of green.

The "Flu" has again paid a visit to our little town, but almost all the people who have been sick for the past two months are able to be at work once more.

Miss Della Gillespie has returned home from Balfour, where she had been teaching school for eight months.

Henry Wells returned last Tuesday from Arden, where he had spent the day in the Western North Carolina Log Rolling Association Meeting. He reports a fine time.

Savalia Galloway, son of Mr. and Mrs. Otho Galloway, died last Tuesday night at the Mission Hospital, where he had been sent for an operation, but too late. His body was carried back to Gloucester for burial. Nathan Passmore is recovering, fast from the wound he received some few days ago.

We have learned that Miss Martha Brooks is now the Superintendent of the Mission Hospital at Asheville. This fine young lady is a native of Rosman and a daughter of old Dr. Brooks, who is dead. Our best wishes go with her.

LITTLE PEEWEE.

PISGAH FOREST, R. 1.

Mr. and Mrs. Street Burns are visiting their daughter Mrs. V. B. McGaha.

Mrs. Pearce from Greenville is now at her home here for the summer.

Mrs. Charlie Robinson died at her home near High Falls on Thursday of last week. The interment took place at Blue Ridge Cemetery.

Mr. and Mrs. Arthur Smith, Hobart and William Bishop attended the commencement exercises of Brevard graded schools.

Jack Heath and McClellan Shipman of Greenville, S. C., are spending a few days in Cedar Mountain.

Mrs. Hamby of Greenville, S. C., is visiting her parents Mr. and Mrs. E. A. Heath. She expects to return next week.

Mr. and Mrs. Cary Beckworth from Charleston are here at their home for the summer.

A CORRESPONDENT.

WAS LUCKY FOR DENNIS HE SAYS.

Chattanooga Man States Tanlac Overcame His Troubles — Can't Say Too Much For It.

W. F. Dennis, 203 Lyerly St., Chattanooga, Tenn., formerly of Mobile, Ala., makes an interesting statement regarding Tanlac.

"It certainly was lucky for me," said Mr. Dennis, "that I got hold of Tanlac when I did, for I was just about down and out. Off and on for three years I have been down with malaria. For ten months on one occasion I was confined to the house most of the time.

"As I usually spent my winters in Chattanooga, I came back here last September to spend the rest of my life with my daughter. When I arrived here I was in a very weakened condition, for the malaria was fast getting the best of me. I had no appetite, felt weak and tired all the time and had pains in my stomach that were completely upsetting my nerves. I slept very little and got up mornings nearly exhausted. In fact I was just about 'all in' and kept getting worse.

"Five weeks ago I got Tanlac and my appetite picked up with my first half bottle. Soon I was able to sleep all night and felt like a new man. I eat any kind of food set before me and enjoy it. I have gained several pounds in weight and feel better than I have in five or six years. Tanlac has saved me money and given me health, too, and I can't say too much for it."

An advertisement in the News will sell that surplus cow or horse for you.

FORDSON

CAN BE REGULATED TO ANY SPEED — EASY TO START. WILL EQUAL ANY TRACTOR ON THE MARKET IN PULLING POWER AND SELLS FOR ABOUT HALF THE PRICE.

The Ford Motor Company have just issued a book called "The Fordson at Work." This book is given free. Call in and get one. If you cannot call, write and we will mail you one without charge. It is not what the Ford Motor Company says about the Fordson Tractor but what the army of users have to say. This book voices the hardest kind of practical experience. It shows in illustration the Fordson Tractor at actual work along some ninety different lines of activity. It shows in these illustrations the wonderful versatility and utility of the Fordson Tractor. Shows it to be, beyond all question, the one bit of machinery that is a necessity, not only on the farm but along many lines of commercial business; especially does it show up the Fordson as a valuable servant on the farm. With it the farmer is relieved of the hard work; because he can take advantage of the weather in preparing his seed bed; he can do it at the right time; the same is true when it comes to harvesting. It solves, to a great extent, the problem of scarcity of labor.

With its wonderful, reliable power, it brings to the farm home all the conveniences, in the way of running water in th house, electric lights, operation of the washing machine, churning, separating the cream from the milk; it assumes and takes to itself the drudgery of farm life oth in the field and in the house and it is only a matter of a few years until it will be as universal in its service on the farm as is the farmer himself. It will become a part of farm life; a beneficial part; a profitable part. Get order in for there's a rush coming.
