

KNOWS WHERE TO GO NOW FOR HELP

Another Nashville Woman Benefited By Tanlac Three Years Ago.

"Tanlac relieved me of my troubles and put me in splendid condition three years ago and I know just where to go when I need something to build me up," said Mrs. Louis E. Sneed, 1218 Fifth Avenue, North, Nashville, Tenn., while purchasing a bottle of Tanlac the other day.

"I suffered for years from stomach trouble and about three years ago I got into an awful condition. I couldn't eat a thing but what caused me to suffer agonies, my nerves were all upset, I couldn't sleep and I suffered a great deal from rheumatism. I had a dull, heavy, languid feeling all the time, with no strength nor energy, and at times my sufferings were almost unbearable.

"That was my condition when I got Tanlac, and I declare the medicine just made the most wonderful change in me. My stomach stopped bothering me. I began to sleep as sound as a baby, all my aches and pains left me and I was built up in every way until I felt fine all the time and I'm feeling that way yet. My faith has been pinned to Tanlac ever since that time. I am getting this bottle now to tone me up in the change of seasons when spring comes on."

GALLIAS INSINUATES THAT ALL'S NOT WELL IN POLITICS: (All Rights Reserved)

Most glorious and mighty Warren Gamelical, the supreme artificer and mighty builder of the Republican party, who cometh up over night and thy shadows are cast over the host of the Democratic party. Thou who was made famous by the fore-closure sale of a poor sore backed jass ack which was rode to Europe and back, and whose Bray has been heard from Boston to San Francisco and from the great lakes to the Rio Grand. Who will haunt thee in thy day dreams and thy nightly slumbers, as the ghost did Bancho.

Thou of the city of Merrion, in the beautiful State of Ohio, where nature has kissed the earth and thou has come forth to lead the mighty host of republicans. Oh thou mighty one, with thy name wonders can be performed. Thou has said that "where a number of us was joined together asking thee to do wonders, thou wouldn't do it." Now we come to thee begging and beseeching thee in our humblest manner, and pitifullest way we have of doing things. Asking, imploring and begging thee in our most humblest manner, to bring this country to "normalcy." Oh mighty one, we haven't the wisdom and understanding, in our pitiful, neglected and forgotten state, we don't know the meaning of Normalcy.

Thou hast started off in thy stewardship like thy illustrious predecessor by supplying things, creating new words, fitting things in where they belong. In our humble opinion if Cox had been elected we would never have heard of normalcy.

In our sordid and corroded memory we go back to pre election times and imagine how we were working two days in a week and making money enough to live the other five days. Now oh Warren Gamelical, we are working the whole six and going hungry on the seventh.

Mighty one could not thou produce some kind of an elixer for to take that would make a piece of fat back look and taste like a porter house steak? Wouldst that thou could make a buffalo nickel look and function like a twenty dollar gold piece. Then in that event thou would be a wonder, and thy praises would be sung the world over, and thy fame would reach further than King Solomon.

If thou don't do something, the host of democracy will swallow thee and thy host as a week old robin does a grub worm from its mother's bill.

There's a mighty howl goes each day accusing thee and thy party of bringing about this normalcy or something, and putting a depression on the business world. But we know that the big businesses are all right, it's only the little fellows in swaddling clothes who howl as a wolf at the door of thy party. We beg thee to throw some kind of a bone to them to appease their hunger. Lead them up to the pie counter and feed them so they can smooth it over with the rank and file. We beg and implore thee to kick all of the democrats out of office. And kick them so hard that they will be just as hungry for pie in four years from now as thy host of office seekers are today.

Most illustrious and mighty one, and master of thousands, yea millions of followers. What we have failed in asking, fail not in giving us for relief. We ask in the name of thy

coffee colored National Committeeman from Georgia. Henry Lincoln Johnsing, esq., etc. GALLIAS.

Your Farm Is Your Factory

Perhaps you never thought of it in just that way, but farming is a great manufacturing business and your farm is a factory in the true meaning of the word.

The factory manager overhauls his plant every so often and to make sure that it will run properly and produce the most goods at the least cost. In just the same way, the farmer checks up his buildings and equipment, makes those little repairs which save big repairs later on, and builds whatever buildings he needs to help produce more crops with less labor and expense.

Lumber prices are back to normal. No longer need you postpone building on account of high prices of lumber. Now is a good time to build that new barn you have been wanting for several years and to make other improvements. Begin now and get them done before Spring work commences.

Here in our business we are trying to do our part in bringing conditions back where they ought to be. Our years of business experience, our building plans and ideas, and our friendly, sincere counsel and assistance are at your service for the asking, with no obligation, of course.

Let's talk it over the first convenient day.
