OUR RALEIGH LETTER:

(By M. L. Shipman.)

Raleigh, May 9—The chapter on miscellaneous factories for the biennial report of the Department of Labor and Printing has been completed. Commenting on the information presented the commissioner says:

"This chapter of the Report relates to industrial enterprises other than cotton, woolen, cordage, silk and knitting mills, and furniture factories covered by preceding chapters. The industries are listed by counties and postoffices alphabetically for the convenience of the public, and a classified list appears in the Appendix to this volume.

"The progress North Carolina is making in an industrial way is indeed remarkable, and, while the prime object of this report is to present the conditions of wage-earners, the Department is endeavoring to convey, in addition thereto, such information as will enable the public to obtain a reasonably accurate conception of the number and class of factories now in operation within the State. The list presented is practically correct, and the deductions worked out show that North Carolina has taken high rank as an industrial center. "The total number of miscellaneous concerns reporting this year is 5,582, and returns from these indicate an investment of \$699,802,985. The estimated value of plants reported by 5,536 factories is \$249,390,668; estimated value of yearly output, \$461,247,078. Owners report the operation of many of the smaller plants and include no payroll in their estimates. Establishments to the number of 4,945 report an aggregate yearly pay-roll of \$71,685,972. Number horse-power employed by 5,177 aggregates 261,037.

"The number of persons employed in the operation of these industries at a given time during the last biennial period was 84,086, of which 76,551 were males, 9,324 females, and 208 children. Eighty-five per cent of employees read and write. Highest average daily wage paid adult males, \$4.96; lowest, \$2.70. Highest average daily wage paid females, \$3.08; lowest, \$2.15. Wages are paid weekly, semimonthly, and monthly. Ten hours constitute a day's work; week, sixty hours.

"Three thousand one hundred eighty-two factories use steam for power; 1,623 employ electric current; 398 internal combustion; 101 steam and electric; 364 water; 261 steam and water; 16 steam, electric and water; steam and gasoline, 40; gas and electric, 31. A portion of these plants are of a character not requiring power (such as marble yards, etc.)

RESOLUTIONS IN MEMORY OF F. S. STARRETTE.

Resolutions in memory of F. S. Starrette, a member of the Bible Class of Brevard Methodist Sunday School.

Whereas the members of this class have been called upon to mourn the departure of our worthy and esteemed brother, F. S. Starrette, who for many years was a member of the Bible Class, and gave to us an inspiration for better endeavours to reach that land beyond this world of which it is said "And there shall be no night there."

Therefore be it resolved 1st that in the death of our brother, the class feels that "he walked with God and was not for God took him."

2nd. That we behold in our class room a seat made vacant by one "who has fallen on sleep."

3rd. That we extend to the bereaved family, our sympathies, in this the day of this sorrow and affliction.

4th That a copy of these resolutions be sent to the family of the deceased and to the "Brevard News" for publication.

W. T. BOSSE, Geo. W. WOODWARD, Committee.

BREVARD INSTITUTE NOTES:

A large party, chaperoned by Miss Davis, went to Caesar's Head on Monday and reported a most enjoyable outing.

A party of 16 boys chaperoned by Mr. and Mrs. Crabb, went to Looking glass falls on Monday by the logging-train from Pisgah Forest. They had a wonderful trip.

Mrs. Boylan, Misses Baber, Trowbridge and Atkins spent Monday in Hendersonville, going over by the Red Bus Line and returning by train.

The following parties from Cliffside motored over to the Institute on Sunday: Robert James, Dr. and Mrs. J. S. Rudisill, A. T. Humphries, Mr. and Mrs. G. K. Moore, G. K. Moore, Jr., Virginia Moore, Mr. and Mrs. F. Cooper and party, Florence Ross and Prof. Clyde Erwin, Virginia and G. Prof. Clyde Erwin; K. Moore, Jr., and Florence Ross are old B. I. Students.

Mrs. Julia Trowbridge, who was quite seriously indisposed last week, from the effects of a violent cold, is convalescing rapidly.

Preparations for Commencement week are completed, and cards from the senior class have been sent out. Announcements of the various events will appear later.

Miss Eva Long had as her guests last week, her brother, Lee Long, a former B. I. Student, and Miss Uua Edwards of Cliffside.

THE AMERICAN RED CROSS IN PEACE TIME

Child Welfare

Boys and girls who learn early to take proper care of their teeth, throats, eyes, ears and stomachs, have made a long step toward healthy manhood and womanhood. Through its public health and nursing services, the American Red Cross aims eventually to reach all school children with teachings regarding disease prevention and health promotion. Here's a school nurse treating a little girl for sore mouth, at the same time implanting a valuable lesson in teeth brushing and proper diet.
