### AN OLD PROPHECY

M. A. Cooper, of Brevard, brings the following prophecy in for publication:

Mother Shiptons Prophecy Carriages without horses shall go, And accidents fill the world with woe Around the world thoughts shall fly In the twinkling of an eye. Water shall yet more wonders do. Now strange shall yet be true, The world upside down shall be, And gold found at the root of a tree, Through hills man shall ride And no horse or ass be at his side. Under the water men shall walk; Shall ride, shall sleep, shall talk. In the air men shall be seen, In white, in black and green. Iron in the water shall float As easy as a wooden boat. Gold shall be found and shown. Fire and water shall wonders do. England shall at last admit the Jew. The world to an end will come In eighteen hundred and eighty-one

again in 1741. What a wonder! IT PAYS TO ADVERTISE

This was first published in 1445.

As a result of the half page add of the Methodist Sunday school in last week's issue of the "News," there was an increased attendance of 41 last Sunday. This is only another proof and substantionate that IT PAYS TO ADVERTISE" is just as true of the church as of business. Evidently the Methodist of Brevard are at least willing to give it a fair trial as they have repeated this week their half page add of last week. It will prove of value to every subscriber to read the "facts" contained in this week's advertisement. Incidentally they deserve much praise for broadness in reference to "four good Sunday schools." This is a true display of sincerity of their interest in the children. They want the boys and girls in Sunday school regardless of which school it may be. The other churches would do well to follow the stand ta-

# The Sale That Tops 'Em All

Special Notice---Our Advice To Evryone---Buy what you need now and also buy for the future. The market shows a tendency to rise and we can honestly state that we believe prices will be materially higher in the near future. Many articles that we are selling now costs us more to replace. There is a scarcity in many lines and the demand is causing a little rise.

Make your plans to come to this great sale: make a list of what you need now and later. Make up your mind to buy it at this sale. We don't put up a sale every day, but when we do, we sure give you bargains, and this is a sale that you seldom see.

You will not be disappointed
