NOTICE TO THE PUBLIC:

This is to notify all persons that I will not be responsible for any debt or obligation made by my wife, Alice Galloway, who, for cause, unknown to me, and without any excuse whatsoever, has voluntarily left my home.
The public generally and all individuals personally, will deal with her, if at all, on her own responsibility, as I will not pay any debt or obligation made by her.
This Oct. 5th, 1921.
W. M. GALLOWAY.

SELF RELIANCE GOES BANKRUPT

Thin Blood Saps Energy. Pepto-Mangan Rebuilds The Blood.
Wrestling with a weakened condition of the blood is a desperate struggle. Thin, watery blood drains the body of energy and causes a playedout feeling not unlike utter exhaustion. A man with weak blood has not the full use of his powers. He lacks decision, and vacillates until he loses self-confidence.
Some men, and women too, go faltering along for months scarcely realizing that they need Gude's Pepto-Mangan, the blood builder. But when they have taken it for a while, what a difference there is in the feelings! The old-time vigor and the red-blooded hue of good health return. The new rich blood gets to work, building, fortifying, lifting the spirit up to its normal standard. Physicians have prescribed Gude's Pepto-Mangan for years as a blood-builder. Druggists sell it in liquid and tablet form. Look for the name "Gude's Pepto-Mangan" on the package. Advt.

DYPHTHERIA TOXIN ANTI-TOXIN.

Having had a communication from the State Board of Health expounding the virtues of prophylactic treatment and prevention of diphtheria and being interested in this subject we have consulted our local physicians and find that we have a few people who have been progressive enough to have had their children already vaccinated.
Toxin anti-toxin, when properly given, is a preventive for diphtheria for life. The New York State Board of Health, which is the finest in the United States, used toxin anti-toxin first seven years ago and those children who were given toxin anti-toxin have been tested every year since, the test being negative, in other words these children are not susceptible. Practically all children between the ages of six months and eight years are susceptible to diphtheria if exposed.
Anyone desiring to know whether or not they are susceptible to diphtheria should consult a physician and be schick tested.
Attention has been called to this subject by Dr. Wallis in these columns. Additional literature has been published by the State Board of Health and too much emphasis cannot be given to the fact that diphtheria is preventable.
Dr. Wallis, Health Physician

LAND SALE BY TRUSTEE.

By virtue of the power of sale given in a certain deed in trust executed by J. M. McCall and wife, Lillie May McCall to the undersigned trustee to secure note therein mentioned, which deed in trust is dated Nov. 4th, 1919, registered in Book 13 at page 64 of the Trust Deed records of Transylvania County;
And the note secured by said instrument having matured and has not been paid, and notice to the makers having been given as required by said deed in trust to make good the default, and the default not having been made good, and the holder of said note, Brevard Banking Company, having demanded that said power of sale be executed:
Therefore, the undersigned trustee will sell to the highest bidder for cash at the Court House Door in the town of Brevard, N. C., on Saturday, Nov. 19, 1921, at 12 o'clock M., all the following described parcels of land, situate in Brevard township, Transylvania County, N. C., on the east side of Island Ford road adjoining lands of M. P. Hawkins and others, and bounded as follows:
FIRST LOT: Beginning on a Post Oak, and runs east 24 poles to a stake then North 14 poles to a stake; then North 26 degrees West 4 poles to a stake; then West 22 poles to a stake in the Old line; then South to the beginning, containing 2 7-8 acres, more or less, and includes the dwelling house formerly occupied by Jule M. McCall.
SECOND LOT: Being a part of the Richard Ponder land: Beginning on the corner of Lot No. 30 (sub division of the Ponder tract) and runs North 5 degrees West 90 feet to McCall Alley; then with McCall alley, North 69 1-2 degrees East 330 feet to Jumping Branch; in the Hawkins line; then with the Hawkins line, South 25 degrees East to the McCall and Hawkins corner; then with said McCall line to the corner of Lot No. 30; then with the line of Lot No. 30 to the beginning.
Sale made to satisfy the note, principal, interest and cost and expenses of sale secured by said Deed in Trust.
This October 19th, 1921.
Welch Galloway, Trustee.
Nov. 11th, 1921.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

BIRD'S ROOFS

Want a Low-priced Rugged Roof?

COME in and stand on an unrolled stretch of Bird's Granitized Roll Roofing. You'll say this heavily mineral-surfaced roofing is just the toughest and sturdiest roofing you ever saw at anywhere near the price.
It is the *lowest-priced* roofing we recommend. Just the thing for roof or siding that barn, garage, shed or storehouse of yours.
Drop in and let's get down to figures on roofing or any kind of building supplies.

Fordson

Put it to any Power Task

While the Fordson tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.
In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.
We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.
