

22 YEARS YOUNG!

FOUNDED FEB. 28, 1899

“We Never Grow Old, Because A Friendly Welcome Never Gets Stale”

The years we are thankful for, at our 22nd milestone, have brought strength, courage, and resources. We have learned the lessons that age and experience alone can impress upon people, but the greatest aim of all has been sustained; that we will renew perpetually our faith in Transylvania County and her people and that we are more than ever bent on making our institution reflect its pleasure with a friendly welcome at each opportunity to serve you.

Bills Payable	123,049.78
Rediscounts	none
Deposits	521,934.64
Total	\$775,070.62

The Power Behind The Bank

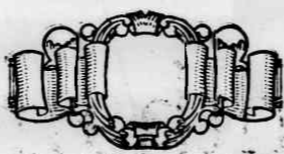

A bank is as strong as the men who guide its life. The Brevard Banking Company of Brevard, North Carolina, has since its organization on February 28th, 1899, been conducted by a Board of Directors and Officers who were strong, conservative yet progressive. The bank has always sought for directors to safeguard its depositors men who might or might not be wealthy but who must be men of prudence, probity and high personal character. This is one reason why the Brevard Banking Company stands out as one of the preeminent banks of the State.

THE BANK SLOGAN

Busy as they have been in the financial and social development, their officers found time to know and serve their depositors in a friendly as well as a business way. They were proud to receive from their friends the title of

“THE WELCOME BANK”

and they have adopted this name as indication of both their desire and their ability to serve.

Whether your account has been large or small, we appreciate it, and to those who wish to open up a new business the officers “welcome you” to call and let us talk the matter over with you.
