

BREVARD INSTITUTE THE TIME TO TAKE NOTES.

The mid-winter term opened on Jan. 4th., most of the teachers and students coming on Jan. 8. A number of new students have been enrolled and others are expected.

Miss Pike returned on Wednesday, having spent about ten days at her home in Norway, Maine. She enjoyed sleighing, snow-shoeing and other winter sports, in spite of the extreme cold.

Mid-winter examinations are under way this week, the last that will be held with final examinations in May. Tests will be given through the remaining months, at the discretion of the teachers of the various departments.

A social was held on Saturday night at the Administration building under the direction of Miss Reece. Everyone enjoyed the games and music and the affair was voted a complete success.

ROSMAN ITEMS

Rosman city has employed a new policeman, Mr. Reed from Lake Toxaway.

Rev. A. J. Manley returned last week from Tuckessegee, where he had been engaged for some time in a revival meeting.

Mrs. Hubert Eden was carried to the hospital last week for an operation. We hope for her a swift recovery.

We are glad to see the new school building almost completed. The teachers with their pupils will soon take charge.

On Wednesday morning, Jan. 4, 1922, Mrs. O. C. Knipp found when she awakened from sleep, her little five month old baby in a serious condition. The physician was called at once but when he had reached the home he found he was too late; for the child was beyond medical aid. Mrs. Knipp's home is in Spartanburg, S. C., and she was here spending few days visit with her sister, Mrs. B. B. Reece. The father was wired at once and when he came, due preparation was made and the little body of the child was carried to Zion Cemetery, near Hot Springs, N. C., for burial. May God's blessing ever be with the bereaved family.

PEPTO MANGAN

When You Feel a Little "Off" it Will Bring You Back to Health.

Some people never need any medicine at all. They are, as the saying goes, "strong as a bull." They are mighty lucky. Most people need a good tonic once in a while. They take cold, or through overwork or social activity do not get enough sleep; many eat improper food and thus hurt the digestion. It is mighty wise to take Gude's Pepto-Mangan with the meals for a few weeks and build up. One cannot have too much good health. Pepto-Mangan gives you plenty of red blood, and everybody knows that red blood means feeling good and looking good all the time. Sold by druggists in liquid and tablet form. Advt.

If They'd Only Read the Paper

Another thing that depresses a conscientious editor somewhat, as manfully he sares the country day by day is to have a committee of prominent uplifters drop in at his elegantly-appointed office and excitedly request him to have an editorial on a given subject immediately, betraying in the course of the conversation their complete ignorance of the fact that he's had two or three on it already.
