THE FLOYDS

These artists have been in the front rank of Lyceum Entertainers for nearly twenty years, and are now well-known and popular throughout the United States, Canada and Mexico. They are always up-to-date, constantly inventing and presenting the most startling novelties. An evening with this company combines every possible point of excellence. Elaborate stage setting, beautiful costumes, expensive paraphernalia and a real gift for entertaining. We take great pleasure in endorsing their program as strictly first class in every way. The Floyds will be here Wednesday evening, March the 29th.

THE BREVARD NEWS SOLICITS YOUR BUSINESS

We have decided, in view of the general downward revision of prices, to make another substantial reduction on all our job printing.

If those who are in the market will send us an experimental order we believe we can prove that our work is of the highest quality, clear and well printed in every detail; and quick delivery, too.

We believe that if the large amount of printing that is sent out of our community, to help build up other towns, etc., is given to us, that the increased volume of business will enable us to cut our profits in half.

Do not overlook the fact that we operate one of the most complete printing offices in all this section and, without exaggerating, believe we are far ahead of most others. It is our intention to increase the capital of your county printing office and to have a county weekly that will be known from one end of the State to the other, as the greatest family county weekly in North Carolina. May we solicit your patronage, not for your small orders, although they are appreciated, but for all your printing, large and small.

You can have us handle all of it and at reasonable prices. We now have a large force of practical printers and pressmen.

AGED PRINTER WALKING FROM FRISCO TO NEW YORK VISITS BREVARD

T. E. Rogers, walking from Frisco to New York by the Southern Route, visited Brevard last week.

Mr. Rogers is an old time printer and is over eighty years old. He must complete his trip in one hundred and fifty days. The Hearst Syndicate will then give him a prize of three thousand dollars and a ticket back home. Some of the rules are that he must not beg, borrow or lift any meals, money, etc., and as he left without a penny, must work his way through. Up to the time here Mr. Rogers says he has had a splendid trip with lots of rain and is a little ahead of schedule, mapped out before starting.

PENN'S SPELLS

CHEWING TOBACCO

Penn's spells quality.

Why?

Because—

Penn's is packed airtight in the patented new container — the quality is sealed in.

So Penn's is always fresh — an entirely new idea for chewing tobacco.

Have you ever really chewed fresh tobacco?

Buy Penn's the next time. Try it. Notice the fine condition.

And after that, use fresh chewing tobacco — Penn's.

CASH FOR POLITICAL ADS.

The News has stressed time after time, the importance of collecting in advance on all political advertisements. On the editorial page we have our rates published. Ten cents per line for readers and thirty cents for display ads. There are still a few who feel that the News will charge some and donate to others. Members of both parties, and the chairmen of both parties, the executive committee of both parties are hereby notified that the publisher will not put in a blankety-blank word without cash in advance, and if either party doesn't like this plain, sensible business method, then get your printing, etc., done from the other fellow, if your credit is good. We will not let any friend stand good for any account either.

The Company You Keep

Just as a man is judged in a personal way by the company he keeps, so is he judged in a business way by the banking connection he makes.

A checking or savings account with a good reliable institution like this one reflects good business judgment. It builds prestige.

So choose wisely and soon.

-:- The Stock Market -:-

A friend of the curb district favors us with the following resume of stock market conditions: Tires are flat. Cement is hardening. Telescopes are looking up. Air-planes coming down. Jellies are stiffening. Balloons indicate inflation, but nothing stirring in cereals. Coffee is strong. Hats are off. Rising tendency in yeast- Eggs broke badly. Tinware looks brighter. Shipping is buoyant. Coal presents a black aspect. Soft spots in fruit. Whiskey is still. Pocket-books show no change. The only thing that is moving fast is Seal Brand Tea and Coffee, and this is one stock which the public is becoming more and more interested in all the time.
