OUR WEEKLY SERMON

(Continued from First Page)
When I met the Master face to face. "I had built my castles and reared them high,

With their towers piercing the blue of the sky; I had sworn to rule with an iron mace,

When I met the Master face to face. "I met Him and knew Him, and blushed to see

That His eyes, full of sorrow, were fixed on me; I faltered and fell at His feet that day,

While my castles melted and vanished away. "Melted and vanished, and in their place,

Nought else could I see but the Master's face; I cried aloud, 'O make me meet

To follow the steps of Thy wounded feet.' "Now my thought is for the souls of men.

I have lost my life to find it again; 'E'er since one day in a quiet place I met the Master face to face."

Second mile religion delights the heart of God. With the extras beyond what He requires the heavenly Father is well pleased. It is this kind of religion that impresses the world. A native Chinese walked sixty miles to present himself to the nearest mission station to confess his faith in Jesus. Upon being asked under whose preaching he was led to Christ, he replied that no one's preaching so led him, "but," he said, "my home is next door to a man who lives the gospel." Even untutored

minds recognize second mile religion when it is lived before them; they know when they have come in contact with a love that is divine in its character.

Have you the spirit of that second mile? Are you willing to serve your brothers more than is asked of you? Are you twice as willing? If you are then you will know what Jesus means by the religion of the second mile. Second mile religion is the only religion that either God or man believes in. It is the extra that delights the heart of God; it is the extra that convinces the world.
