SUGGESTED SQUIBS FOR THE MICROBE OF LOVE

See the bug bite in the "MICROBE OF LOVE."

The "MICROBE OF LOVE" is an epidemic of laughter.

Each character in the "MICROBE OF LOVE" makes a hit.

Why are so many towns repeating the "MICROBE OF LOVE?"

A rare program of rare fun rarely well done is the "MICROBE OF LOVE."

Sophie Sweetgum declares that love is not really blind—it is only near-sighted.

In the "MICROBE OF LOVE" the other plot is deft; its lines and lyrics are as bright as spangles.

Watch the hapless, hopeless, helpless bachelor become inoculated in the "MICROBE OF LOVE."

Don't miss IT. Miss WHAT? Don't you know everybody is talking about the "MICROBE OF LOVE?"

NEWSY LETTER FROM QUEBEC

Mrs. Nancy Breedlove of South Carolina has been visiting relatives and friends in this community recently.

T. M. Whitaker of Fruitland, medicine agent of Watkins Medicine Co., spent a few days last week at the

Miss Maxine Reece left Quebec on Thursday of last week for her school near Sattestville, where she begins teaching this week.

Noah Miller of Sapphire, who is teaching school at "Round Top" near Brevard, recently purchased from Mrs. L. S. Reece the old homestead of L. E. Reece near Quebec. He expects to have a house built on this place some time in the near future and move here as soon as his school closes. We are pleased to have men of the excellent qualities of Mr. Miller become permanent citizens of our community.

Last Sunday was a day of events at Oak Grove Baptist church. At 10:30 o'clock the regular Sunday school services were held, at which time we had a most interesting review of the lives of some of the leading members of the Jewish people during the time of captivity and the period of restoration, concluded by a brief study of State Missions among our own people in our state. At 3 P. M. Rev. Mr. Garner preached an excellent sermon on subject "Heaven," taking as his text Revelation 21:21, "And the twelve gates were twelve pearls; every several gate was of one pearl; and the street of the city was pure gold, as it were transparent glass." The emphasis of the sermon was on the fact that Heaven is a place—a place of brightness, a place of recognition, a place that must be entered through the gates and the material of which will last as long as eternity lasts. At 4 P. M. a number of young people from Brevard Baptist church, led by Miss Pearl Bracken, president of the Transylvania Association of the B. Y. P. U., assembled with the young people of this community and organized a Baptist Young People's Union of the Oak Grove Baptist church. Miss Louise Townsend explained the purpose and plan of the B. Y. P. U., after which the organization was perfected by the election of the following officers:

President, Miss Dora Reece; vice-president, Miss Beulah Reid; Secretary and treasurer, Miss Ruth McCall; corresponding secretary, Broadus Henderson; chorister, Marvin McCall; organist, Oscar Whitmire; quizz leader and supervisor, T. H. Henderson.

The community fair for this section of the county will be held at Quebec school house on Tuesday of next week. All who bring exhibits are urged to have them at the school building by or before 10 o'clock Tuesday morning. The following are the fair officers and committees:

President, T. C. Henderson; vice-president, Marvin McCall; secretary, Miss Dora Reece; committee on farm and field crops: T. C. McCall, Lee R. Fisher, W. J. Raines, Johny Whitmire; committee on horticulture and truck crops: W. G. McCall, C. W. Henderson, Lee F. Norton, Gideon Miller; committee on live stock: J. B. Neal, Avery Reid, Albert Price, Mark Whitmire; committee on poultry: Vince Smith, Neal Prince, R. O. Thomas, Broadus Henderson; committee on canned goods, Mrs. W. G. McCall; committee on basketry, Miss Pauline Reece; committee on pantry supplies, Miss Ruby Duckworth; committee on school exhibit and fancy work, Miss Dora Reece; committee on Heirlooms, curios and relics, Miss Bess Robinson; committee on flowers, roots and herbs, Miss Norma Chapman; committee on doll dresses and furnishing, Miss Helen Henderson; committee on best baby, Miss Ruth McCall.

The officers and committees of the fair extend a cordial invitation to the citizens of Brevard and other sections of the county to be present at the community fair at Quebec school house on Tuesday of next week. We hope that all may fare well who come to the fair, and that we shall have a fair day for the occasion.

So far this year Studebaker has built and sold more cars than during the entire year of 1921. And 1921, in spite of a general business depression, was the biggest year in Studebaker's 70 years' history. This steady volume of business, plus the savings resulting from Studebaker's methods of complete manufacture, reduces manufacturing and selling costs. And it is a Studebaker policy of long standing to share these savings with the customer. Hence, the new low prices.
