

DEMOCRACY!!

—VERSUS—

REPUBLICANISM?

GOOD TIMES versus HARD TIMES

\$11.00 per cord acid wood vs. \$5.00 per cord acid wood.
\$1.85 bu. corn vs. 85c bu. corn.
\$3.50 per day wages vs. \$1.50 per day wages.
Low taxes vs. High taxes.

The Democratic Party doesn't have to advance any other argument, than the above to convince reasonable, sensible, honest and industrious people that Democratic policies are better for the working man than Republican policies.

If you are a manufacturer and make woolen goods, cotton goods, furniture, leather, lumber or other manufactured products, then the Republican principles of government are what you want, but if you are a laborer, farmer, teamster, a cattle raiser, a lawyer or a doctor, then if you will use your good judgment and your good sense, you will see that Democratic principles of government are the ones you want to live under.

Under the Republican rule in this Country, wheat has gone down to 85c and flour has gone up 80c on the barrel, and is still rising, in fact this change has taken place since the passage of the Republican tariff bill, and you are going to find the prices of clothes, shoes, hats, coffee, sugar and all the necessities of life are going to rise, and the increase in price goes to the manufacturer, while the man who raises the cattle and the wheat and the corn will get less and less for his products.

Harding promised that he was going to reduce the expenses of the Government, and still yet, it is costing more to run the United States now in Times of Peace, under Republican rule, than it cost to run the United States in time of the great World War under Democratic Rule, and if Washington is too far away for you to keep up with figures as to what Congress is doing and costing, get skip from Washing to Brevard and see what is happening in Transylvania County.

Two years ago the Republicans claimed that the Democrats were running up the taxes, and that if they got into power that the Republican Commissioners would save the tax payers much money, while as a fact, what has happened, we find that the tax rate has increased in this County over 18c on the 100 dollars of property and the Republicans have nothing to show for it, while the Democrats improved the Court house, built a Jail and did a lot of road building and road improvements.

Don't simply pass this off and think it is Democratic campaign thunder or Democratic Campaign lies, and don't take it from either Democrat or Republican candidates, but go to the records in the Court House in Brevard and see where the Republican Commissioners have increased the debt of the County nearly \$150,000.00 in the two years they have been in, and where they have increased the tax rates 18c on the 100 dollars worth of property.

ZEBULON WEAVER

CANDIDATE FOR
RE-ELECTION

DEMOCRATIC DISTRICT AND COUNTY BALLOT

For Solicitor:
J. M. CARSON

For State Senate:
J. M. ZACHARY

For Representative:
W. H. DUCKWORTH

T. ED PATTON

For Surveyor:
A. L. HARDIN

For Coroner:
A. E. LYDAY

For County Commissioners:
G. T. LYDAY
W. S. ASHWORTH
T. S. GALLOWAY

And the Republicans may try to explain how they had to do all this, but you will remember that they promised you good people, when they asked you to vote for them two years ago, that they would not increase the indebtedness, and that they would cut down all the expenses, and they ought not to have made such a promise, unless they knew they were able to carry out their promise, and if they were mistaken once, they can be mistaken again. We ask you to go back over their record of this County for the past thirty or forty years and you will find every time that the Republicans have been in power, that the tax rate has gone up and when the Democrats come into power the tax rate comes down, and still yet, it has only been under Democratic Rule in Transylvania County, that there have been any public improvements, with one exception, and that was the building of the County Home, which was done by the Republicans.

All that we ask the tax payers of the County to do, is to go to the books and see who has given the County the most economical and best Government. When the good mothers of Transylvania start their children off to school each morning, we ask them to remember that it was under and by Democratic Government foresight and good business, that the schools of Transylvania have been improved, that the terms have been made longer, that good school houses have been built and that the younger boys and girls of this County are receiving an education that will make them the equal of children in other counties and other states, so that they will go out into the world prepared for whatsoever labor may be theirs.

We want you to look at the roads that have been built by the Democrats and see how the good people of Boyd, which has now one good road, are prospering and that road was built under Democratic administration, and we believe that the people of Dunns Rock and Cedar Mountain, and Little River and Eastato and Gloucester and Hogback wish to have the same kind of good roads in their townships and sections and they will have to get it through the Democratic Administration, for as we remember it, the present head of the Republican ticket, (now a candidate for the Legislature) took an active part opposing the building of good roads in Transylvania County a few years ago, and was the chief cause of Transylvania County being unable to keep pace with Henderson, Buncombe, Haywood and other western counties, and the result has been that these other counties have grown and their citizens prospered, while Transylvania has had to struggle along through the mud, and the man with the money, who would have come here and bought our lands, and spent money in improvements, have been kept away because we had bad roads.

We have no unkind word to say of the Republicans, but all we ask is that the people of Transylvania, both men and women, look well in to the record of the Democratic Party and compare it with the record of the Republican Party in this County, and if the voters are left alone we feel sure that the intelligent citizenship of the County will rally to the Democratic Party which stands, and has always stood, for Peace and Plenty, Progress and Prosperity.

Headquarters DEMOCRATIC WOMEN

Transylvania County

Rooms 1 and 2, up stairs, Auditorium Building

Hours: 10 A. M. to 6 P. M.

Make these rooms your meeting place.
