PEACE PIPE TO FRANCE

Miss Ruth Bates is shown here smoking the pipe of peace sent to Premier Poincare of France by the National Board of Tobacco Salesmen. The pipe was received with much opposition in New York, with the sending of two cables to the President of France, with the assurance of Miss Bates that they would find a welcome in the hearts of the people of America, without the slightest ill feeling.

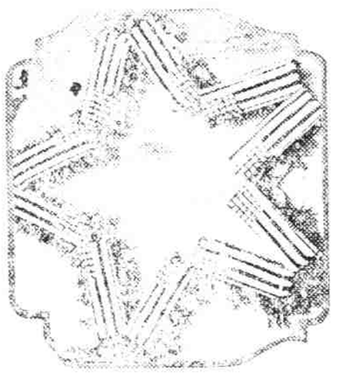
Mushers Get Ready for Big Dog Race

This year's American dog team race will be run at Ashton, Idaho, on February 22 and the drivers of the United States and Canada are busily preparing for the event. The illustration shows Miss "Lyf" Hutchinson, famous girl musher, with some of her dogs, and "Tud" Kent, the present champion who will defend his title.

HEROES HOME AGAIN



Welcome home for Corporal [illegible] a Marine who served in the great world war. He served two hard tours of duty under the [illegible] flag and was honored in his home town.

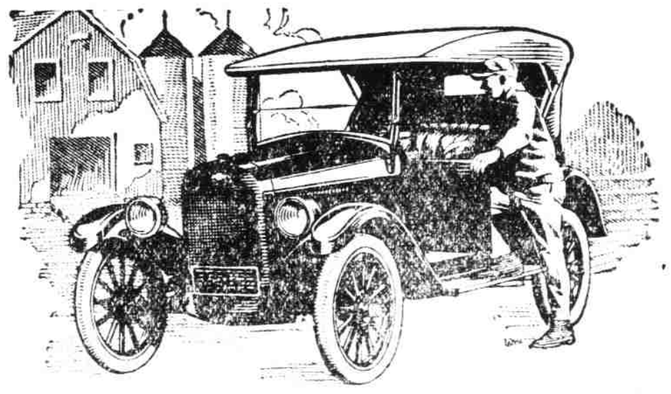
Juvenile Cheek Exposes Past.

While in course of the instruction in English the assignment was the writing of autobiographies, one young miss in Technical High school, after announcing the place and date of his birth, the Sunday school he attended and the sports he liked, embodied a few more intimate details.

Among these was the following confession:

"When I was in grade school, I had a girl all of the time; in fact, I was a regular sheik."

The teacher marked his paper, it is rumored, with a question mark in red pencil after this paragraph.—Indianapolis News.



Why Farmers are Turning to
CHEVROLET
for Economical Transportation
In 1922 Chevrolet jumped from seventh to second place in sales of all cars, and to first place in sales of fully equipped modern cars.
Purchases by farmers were the chief factor in this remarkable development.
Farmers want automobiles not only of low first price, but also of low later cost for operation and maintenance.
They want room, comfort, and the ability to stand up under hard conditions.
They find that Chevrolet, fully equipped as sold, is the best value per dollar in the low-priced field, and neighbors tell them it costs less per mile to operate.
