

quarters into a more up-to-date building and expects to have one of the finest garages in this community. The Henry Motor Company is now prepared to deliver "Fords" and the "Hupmobile".

ACCEPTS POSITION

Mr. W. V. Galloway of the Gloucester section has accepted a position with the Standard Clothing Company.

BRACKEN — WILLIAMS

A very pretty wedding took place at the residence of the bride's parents, Mr. and Mrs. W. A. Bracken on Saturday evening, February 17, at 5:30 P. M., when Miss Ruth Bracken and Mr. H. J. Williams were united in marriage. The simple but impressive ceremony was performed by the Rev. C. C. Smith in the presence of the immediate family and a few intimate friends. Mrs. Williams is the second daughter of Mr. and Mrs. Bracken and is a popular and attractive young lady. Mr. Williams has only been a resident of Brevard a short while coming here recently from New York State. He is at present connected with McCrary's Garage and they will make Brevard their home having secured housekeeping apartments with Mrs. A. N. Hinton.

Rev. J. R. Hay, J. A. Miller and J. W. Smith were delegates from the Presbyterian Church to the Laymen's Missionary Conference which was held in Charlotte this week.

NATIONAL WOMAN'S LEAGUE

The National League for Women's Service held a meeting on Monday the 19th, to discuss placing memorials to Transylvania's War heroes. Several appropriate memorials were suggested and committees appointed to get information. It was definitely decided to contribute to the memorial arch to be placed at the entrance to the Pisgah National Forest. The National League for Women's Service, being the very first patriotic organization for women in Brevard, the members wish to express their grateful love and appreciation of our brave soldiers in a lasting tribute which will beautify our town and speak to future generations.

Mrs. Chas. Jones, who has been with her parents Mr. and Mrs. A. W. Barnett for several weeks, left last week for Waynesville where she will join Mr. Jones for a stay.

kindness and tender mercies.

We know we do not praise one another enough till after death. We ought to gauge people better than we do during their life, and speak words of praise and encouragement to them, especially those who are set over us in the Gospel. If only they knew how they were upborne by our sympathy, it would hearten and strengthen them.

We all need and crave words of praise and cheer. Let us do to others what we would have them do to us. So shall we praise and honor Thee and others in Thee and unto Thee, Father, Son and Spirit shall be the praise forever and ever, Amen.

C. D. C.

LITTLE RIVER ITEMS

There will be an entertainment at Little River school house Thursday and Friday nights, March 1 and 2, beginning at 7:30 o'clock. Everybody is invited to attend.

Miss Hazel Mackey of Clyde, N. C., is visiting her brother here, Ed Mackey.

Miss Reba Ashworth of Brevard visited relatives here recently.

Joe Merrell is recovering from recent illness.

L. C. Orr of Etowah visited his daughter, Mrs. D. H. Pickelsimer, here recently.

Mrs. C. V. Nicholson and family have returned home after a visit to her sister, Mrs. Frank Boyd, of Etowah.

Mrs. Joseph Hamilton has returned to her home at Crab Creek after a visit to her daughter here, Mrs. T. E. Wright.

James Howard of Hendersonville visited relatives here recently.

Mr. and Mrs. Virgle Shipman are recovering from recent illness.

Wood Shipmann of Hendersonville spent the week end here with his family.

Mrs. Will Predmore has recovered from recent illness.

Miss Arnedus Merrell and Mrs. Boyd Henderson of Greenwood, S. C., are visiting their parents here, Mr. and Mrs. Joe Merrell.

The Betterment Association will hold its regular meeting on Monday, February 26th, in the High School Auditorium. A short program will be presented and all members and interested women are cordially invited to attend.

"In the Land of Waterfalls"

the second chapter of Habak

"Woe unto him that giveth his neighbor drink, that putteth tle to him, and maketh him also."

Then the judge said to the neighbor, "I am sorry for you, but I feel far more sorry for the children of the 75,000 citizens of Wake county."

In commenting on this incident the News and Observer well said, "Good people will agree with the judge. It is a sad thing to see a man sent to jail or the roads who has children at home. It touches every warm heart. But when that man has sold poison to make brutes out of the fathers of hundreds of other equally helpless children, the duty of the courts is to protect those helpless from the illegal vender of poison."

The "Quebec Field," consisting of Zion, Oak Grove and Lake Toxaway churches, was without a pastor for three months after the meeting of the Association. Rev. W. H. Nicholson, after being recommended by the pulpit committee of the three churches, was elected to this work. He accepted the call and began his work here the last Sunday in January. He filled his appointments at Oak Grove church on Saturday evening before the second Sunday in this month at 7:30 o'clock and Sunday at 11 A. M. The subject of his sermon Saturday evening was, "Divine Love," and that of Sunday morning, "Our Talents and How We Use Them." These were both great messages, well delivered and appreciatively received.

A great deal of the money spent on the state highways is wasted and the people are not getting a square deal," if the work on the highway from Rosman to Lake Toxaway correctly represents what is being done in other sections, and we suppose it does from what we have "seen and heard." Representative Coward of Jackson county made the statements in the House when the road bill was being discussed that he had observed work that was being done in his county and that it was evident that the engineering department was rotten from the top down. That was indeed a strong statement, but there are various proofs of its truthfulness. Their leaving the natural and excellent grade by Quebec and running a grade of six per cent or more across the state Mountain is a case in point.

Highway No. 23, which passes through the county, could be a

years ago, and they made Atlanta their home.

Mr. Glazener was a frequent visitor in Brevard and spent quite a few summers here with relatives.

REV. CHARLES C. SMITH

Rev. Charles C. Smith will announce his decision in regard to the recent call from Windsor, N. C., at Sunday morning's service at the Baptist church.

NEW MANAGER ARRIVES

Mr. and Mrs. R. S. Schley and family have moved to Brevard and will occupy the McMinn residence on Caldwell street. Mr. Schley has been secretary of the W. S. Gray Cotton Mills at Woodruff, S. C., for many years and comes to Brevard to manage the local cotton mills, which recently changed hands.

STARTING THE GOOD WORK

The old stable building behind McCrary's garage is being removed. This is starting in the right way. Keep up the good work and tear down all the fire traps.

NOTES FROM THE HOME DEMONSTRATION AGENT

At this season of the year we eat entirely too much meat, especially pork—then wonder why we have colds, rheumatism and other complaints caused by improper diet.

With the abundance of apples from last year's crop no one should suffer for lack of fruits. There is nothing better for us than the fruits. The old adage, "An apple a day will keep the doctor away," would be well followed.

one of the best highways in the mountains. It connects with highway No. 20 at Bat Cave and with highway No. 10 at Andrews and passes through one of the most scenic sections of the state. While those of us who know every foot of this section of the country fully realize that the highway is not being placed on anything like as good grade as could have been secured at no greater cost, yet we also realize that we are helpless in the matter and must try to be content.

members to disclose shall be filed with the State and with the needs in each county; the shall be regarded as a misdemeanor; that a member of any such secret organization or other person may perform any illegal acts while masked, and that no parades of such organization shall be allowed.

The final vote on the Millikin bill in the House was 70 for and 42 against. Representative Duckworth of Transylvania voted for the proposed measure and Representative Rogers of Henderson against it.

The State Sanatorium for Tuberculosis is to be investigated. This proposition has been hanging fire for two or three weeks, the House resolution having been rejected by the Senate, which adopted a substitute placing the institution under the control of a board of directors with authority to make investigation themselves. This did not please the House "investigators," who renewed the fight and finally secured the concurrence of the Senate in the original demand. Doctor McBrayer, the superintendent, has let it be known that he invites the closest scrutiny of his management and every transaction connected with it. A special legislative committee will go into the affairs of the institution immediately. The complaint suggests charge of nepotism and harsh treatment of patients.

The auditors investigating the condition of the State Treasury report that a "certified current balance sheet" cannot be furnished before April 1, but the Assembly voted not to recess on this account. By resolution, adopted in both bodies, the finance investigating committee is continued with authority to make its report to the Governor and Council of State in the event the General Assembly has adjourned when the report is completed. There is general prediction that a deficit will be reported, but it is not believed that the amount will nearly approximate the five million claim by Corporation Commissioner Maxwell, who "surprised the natives" with an array of disconcerting figures bearing upon the State's ability to handle another program at the present time.

Representative Wright of Guilford would place motor vehicles carrying passengers and freight on public highways

co-operate and be of great value to their community.

Rev. Falls gave his idea how we might help, from the pastor's viewpoint; Dr. Zachary's came from the medical viewpoint; Mr. Sledge's from that of a citizen; Mr. Galloway's from that of a lawyer; and Mr. Corpening from the view point of the schools.

These talks were enjoyed by all, and we truly hope they may be a help to us to do higher and bigger things for our community in the future.

HOME BUREAU MEETING

The regular monthly meeting of the Home Bureau will be held at the Court House in the office of the Home Demonstration Agent on Saturday, March 3, at 1:30 P. M.

Presidents of all clubs are urged to send some representative from the club if said person cannot be present.

Aside from important business to be transacted there will be a demonstration in making a paper dress-form, for the benefit of those who have not had this demonstration.

Any one desiring to come is invited to bring lunch, and coffee and hot chocolate will be served in Miss Clarke's office.

By order of the President,
ANNIE JEAN GASH, Sec.

ways on the basis of common carriers to be operated under the supervision of the Corporation Commission. The passage of this bill would authorize the Commission to prescribe rates for both passengers and prescribe rules governing the operation of such carriers, who shall pay a license tax of one-tenth of one per cent per ton mile traveled on the public highways. Reports would be required monthly, and the funds paid into the county treasury for distribution. A bond of \$5,000 will, under the Wright bill, be required of common carriers of the class mentioned.

Mr. Sutton of Wayne wants to reduce the salaries of all State officials, elective and appointive, and school teachers in every county ten per cent. His bill is backed by the State Farmer's Union, but stands little chance of getting out of the committee to which it was sent for introduction. Neither class mentioned in the bill is over-paid.
