When Run-down or Recovering from a Prostrating Illness, Here's Good Advice

Atlanta, Ga.—"During a time of the 'flu' epidemic, in a mining town in Tennessee, I found it necessary to close my store, that I might act as nurse. There were a great many cases there at that time. We found Dr. Pierce's Golden Medical Discovery to be the best tonic for convalescent patients. They all gained strength rapidly on this treatment.

"My own case was no exception. The 'Goden Medical Discovery' gave tone to the digestive organs and enriched the blood, with the result of restoring me to a general healthy condition."—J. M. Kitchersid, 154 Whitehall St.

Obtain the Discovery in tablets or liquid at your nearest drug store or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg., or write for free medical advice.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

MERCHANT GIVES MORE EVIDENCE

W. F. Penny, prominent merchant of Hendersonville, N. C., and a leader in the civic and business affairs of his section, gives unstinted praise to Tanlac, which, he states, has restored health and overcome troubles that had defied treatment for years:

"For many years," stated Mr. Penny, "I was a great sufferer from indigestion and stomach trouble. I frequently went to bed and never started an operation. Little by little of digestive power [illegible] a long period so weakened me that I was hardly able to attend to my business.

How a Single Industry Spreads Prosperity

A most significant fact about an industry is the large number of people who benefit from it.

Take the cement industry, as an example:

The mills used 9,000,000 tons of coal last year. This meant 9,000 coal miners steadily employed—their families, numbering not less than 25,000, maintained—and along with them tradesmen and other people enough to supply the needs of a town of over 50,000.

That is, of course, saying nothing of the business created for coal operators and transportation lines.

Sacks are not so large an item in the cement industry as coal, yet 50,000,000 new sacks, representing 50,000 bales of cotton, had to be bought last year for replacements alone. Back of this were cotton planters, plantation workers, mill owners, mill operatives and so on—thousands altogether.

And consider these other requirements of the industry last year:

3,700,000 barrels of fuel oil
3,400,000,000 cubic feet of gas
15,000,000 pounds of explosives
32,000,000 pounds of greases and oils
1,700,000 linear feet of belting
4,500,000 firebrick for relining kilns
7,000,000 pounds of paper for bags
600,000 tons of gypsum

In addition the industry bought quantities of heavy grinding and burning machinery, locomotives, cars, rails, electrical and other necessary equipment.

In this way a single industry spreads prosperity to many others.
