IN MEMORY OF JOHN LUTHER GELLISPIE.

On September 25th, 1923, the Great and Supreme Ruler of the universe has in all wise and infinite wisdom, removed from our midst one of the best men of the County and community. The sudden death of John Luther Gellispie, who was called to rest at a place of rest, was a great loss to his many friends and to the community.

While he has fallen in the prime of manhood and was to be numbered with those that never return, he leaves a life behind that will live on in the memory of those who knew him. His friends were a blessing to him and he was a blessing to them. He was a man of many talents and a man of many friends.

TOWNSHIP NEWS.

We observed Arden Day and had a Halloween party at Lake Tenney school.

The school gave an interesting program on Nov. 2, observing Arden Day in its fullest. The program was well planned and enjoyed by all present. There came the Hallowe'en in which every child helped by singing, dancing and making a lot of fun.

At each school the children gave a very interesting Halloween party. The home was decorated with bannings and flags and the different teachers were decorated with bannings. Great fun was had by the children dancing around in the dark corners.

On entering the building, the first booth held the living skeleton which caused much fun. There were the Simple Train and Blue Bell seventh wife, which created a great deal of curiosity and interest. Telling, holding for apples, and the fish pond were noted features of the evening.

Then came the cake walk, all eager to get in front of the middle man before he dropped the broom. The cake going to the couple that the broom fell in front of. Mr. and Mrs. Bell being the winners.

The contest for the pies created much fun. They were sold one cent a pound for every pound the girl weighed, plus the sum that was bid on them. The contest for the prettiest girl created much interest.

Miss Edna Norton and Georgia Dalton being the contestants. Miss Walton winning the box of candy. This closed the features for the evening.

We realized the sum of \$80.00 which goes toward paying for a basket ball and the work done on the court and purchasing a library, which we hope to have real soon. Best wishes to "The News," "A Taxwayian."

ATTRACTIVE WINDOWS.

The merchants of Brevard have assuredly very attractive windows, and nothing adds so much to the appearance of a town's shopping district as expertly trimmed windows.

After admiring the different windows about town this week we were agreeably attracted by the artistically arranged windows in our local drug stores. It shows progressiveness and is convincing proof that the managers are wide-awake business men and are to be congratulated. "In The Land of Waterfalls."

OUR RALEIGH COMMUNICATION

Raleigh, N. C., November 5.—North Carolina cotton growers are happy. The price of the fleecy staple has advanced to thirty cent a pound and the farmers who raised a big cotton crop this year find himself "in clover." The farmers of other cotton states are less fortunate.

The ravages of the boll weevil has reduced production in nearly all other southern states more than in North Carolina whose crop this year is seventy per cent normal. Despite the exodus of approximately 25,000 negroes from the State to northern industrial centers during the year, North Carolina has produced more than a million bales, the value of which is estimated to be \$142,000,000. Last year's production was 562,000 bales.

The State this year has reached very high levels in the production of its principal money crop, ranking second only to Texas, which Governor Bickett used to say is not a state, anyway, but an empire. The Texas crop for 1923 is estimated to be 1,300,000 bales, or 57 per cent normal. The boll weevil did not operate to an appreciable extent in Virginia whose crop is only twelve per cent below normal, with a production of 1,100,000 bales.

The annual average yield of cotton in the United States is 1,100,000 bales. The total production of the United States for 1923 is estimated to be 1,300,000 bales, or 57 per cent normal. CARD OF THANKS.

We desire to express to our friends and neighbors who did so much to assist us during the recent illness and death of our mother and grand-mother, Mrs. W. P. Galloway, the sincere thanks and appreciation of the entire family, both children and grand-children, and pray that, if it be possible, they may be spared the agony of having to watch, helplessly, by the bedside of their loved ones while death grasps them in his icy embrace and carries them away into the great unknown.

Sincerely, Wallace Galloway. Nov. 7, 1923.

W. E. Breese has returned from a business trip to Cincinnati, Ohio, and other Northern points.
