A NOREW BONAR LAW, former prime minister of Great Britain and chanceller of the exchequer under Lloyd George, died in England after a lingering illness. He was considered one of England's best informed and solidest statesmen, though lacking many of the qualities that make for world came in the death of Dr. Charles P. Steinmetz at Schnectady, N. Y. His achievements and discoveries in electrical engineering had made him world famous and his devotion to science was utterly unselfish.
