"In the Land of Waterfalls"

UTILIZE WASTING WATER-POWERS.

New York state is voting November 6 on an amendment to the state constitution permitting development, under strict regulation, of wasting waterpower in Adirondack forest

preserves.

The constitution safeguards the ablic interest and state title to the nes at every point. It provides at not over three per cent of to-I are erves can be used for water mer or river regulation purposes. The amendment will benefit the or he of New York as much as the some of the Federal Waterpower a h-medical the public in opening e development wasting water on

vermment lands. New York has awakened to the car. it that the only way to conserve or for the bones, of its people for the it instead of allowing it seaste. The amendment recognizelement conditions in the state I the electrical development is logical method of eliminating the des of lam. clothead could shoutages.

Cramer use of electricity cuts minerion costs in factories, with uiting hearlits to consumers. tiles delayed water power develent in the west for ten years. m it is to be hoped that similar is perbods will not confine voters of ex. York and that prevent the pase of the present amendment at time when adverse year at and ad are see contint to public wel-
